Galaxy Book Pro

Thin as a smartphone. Powerful as a PC

Introducing Galaxy Book Pro. Our thinnest laptop yet with smartphone-like mobility. The ultra-slim anodized aluminum laptop is only 11.7mm thick and weighs 1.05Kg –– Letting you travel light without sacrificing the power.

* Based on laptop with 11th Gen Intel® Core™ Processor and Intel® Evo™ Platform as of May 2021.
** US Military Standard compliant (MIL-STD-810G).
*** Thickness and weight varies by configuration and manufacturing process.
**** Color availability may vary depending on country or carrier.

The AMOLED display is now on your Galaxy Book Pro

Get the same vivid colors, contrast, and responsiveness as your Galaxy phone display on a slim bezel screen. Games, movies, photos, and websites will have more accurate colors, more vivid, faster, and have less harmful blue light for an AMOLED experience.
