

## Meet Echo Flex

Plug it in and use your voice to control compatible smart home devices, make hands-free calls, access instant information and add items to your shopping list.

"Alexa, switch on the living room lights."

## Voice control your smart home

Manage compatible smart home devices using your voice. Switch on the lights as you enter your home or turn off the AC as you leave the room, all without lifting a finger. Echo Flex works with devices such as smart lights and plugs from brands including Philips, SYSKA LED, Oakter, TP-Link and more.

"Alexa, announce dinner is ready."

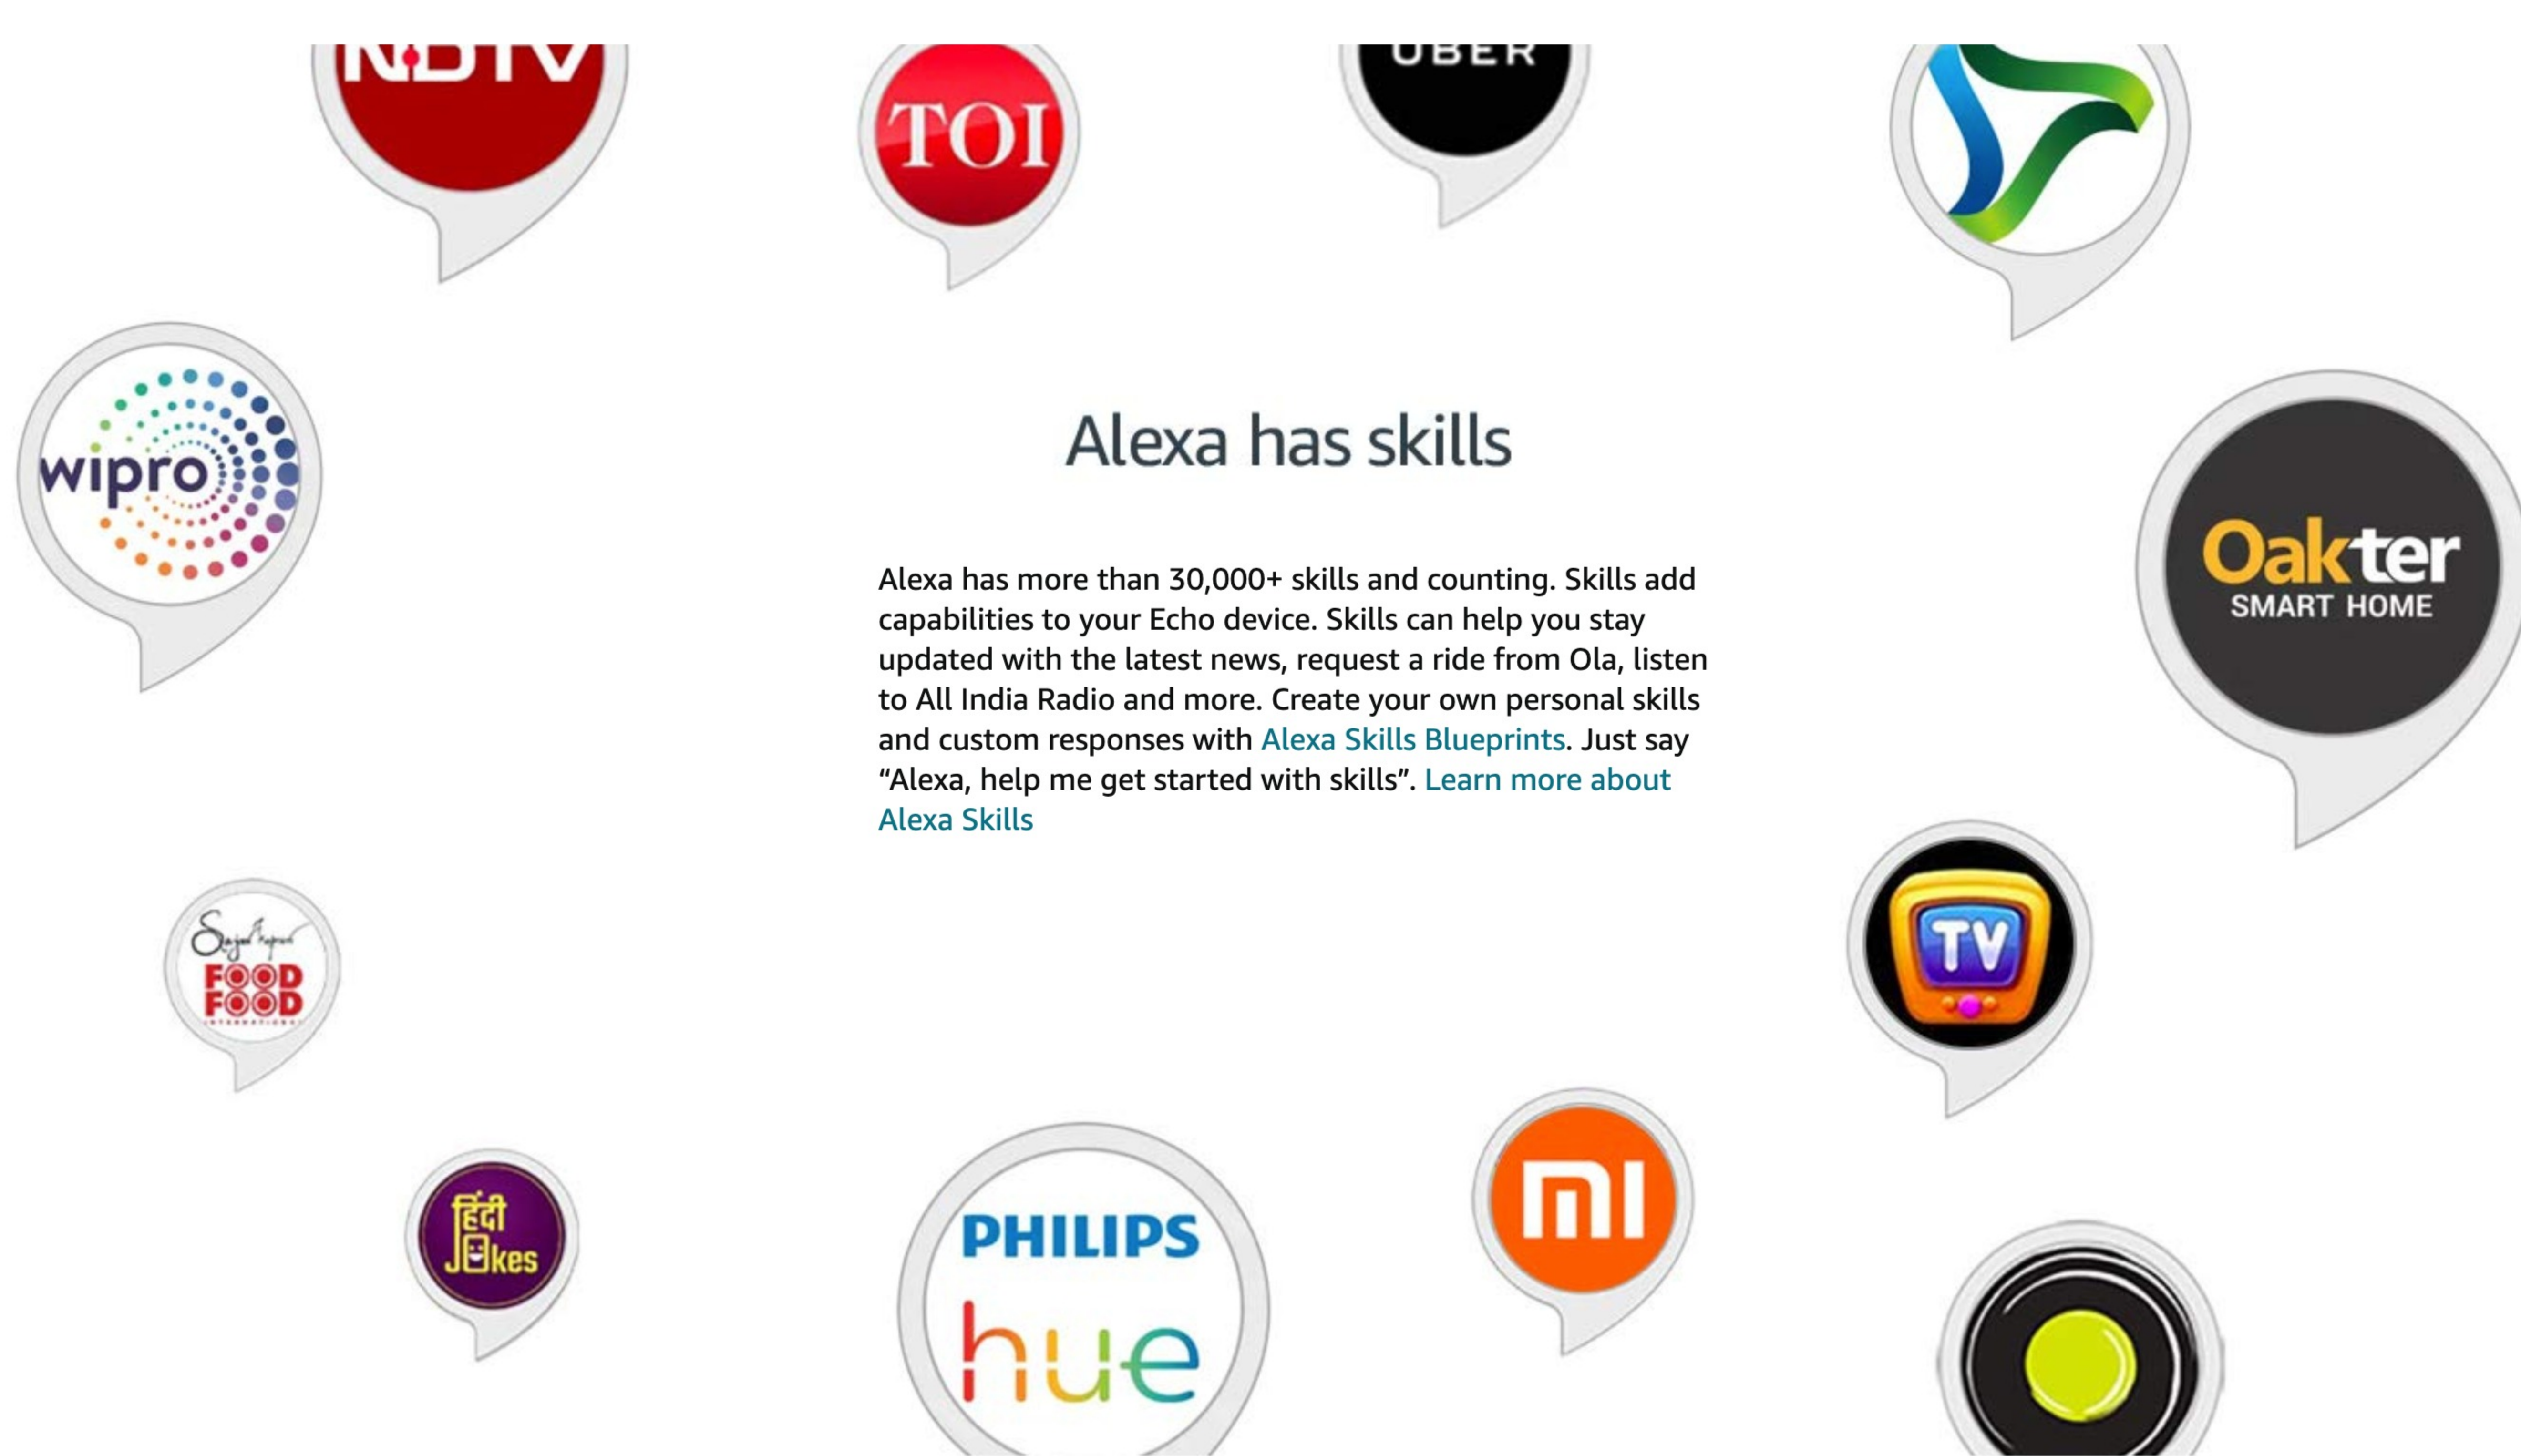

## Alexa Communication

Use Announcements to send voice messages to every room with a supported Echo device, or use Drop In as a two-way intercom between rooms. You can also make hands-free calls to the Alexa app or another Echo.

## Built-in USB port

With the built-in USB-A port, you can charge your phone while keeping your Echo Flex plugged in.

## Alexa has skills

Alexa has more than 30,000+ skills and counting. Skills add capabilities to your Echo device. Skills can help you stay updated with the latest news, request a ride from Ola, listen to All India Radio and more. Create your own personal skills and custom responses with [Alexa Skills Blueprints](#). Just say "Alexa, help me get started with skills". [Learn more about Alexa Skills](#)

## Technical Details
