

# Extend Reliable Gigabit Network through Electrical Wiring

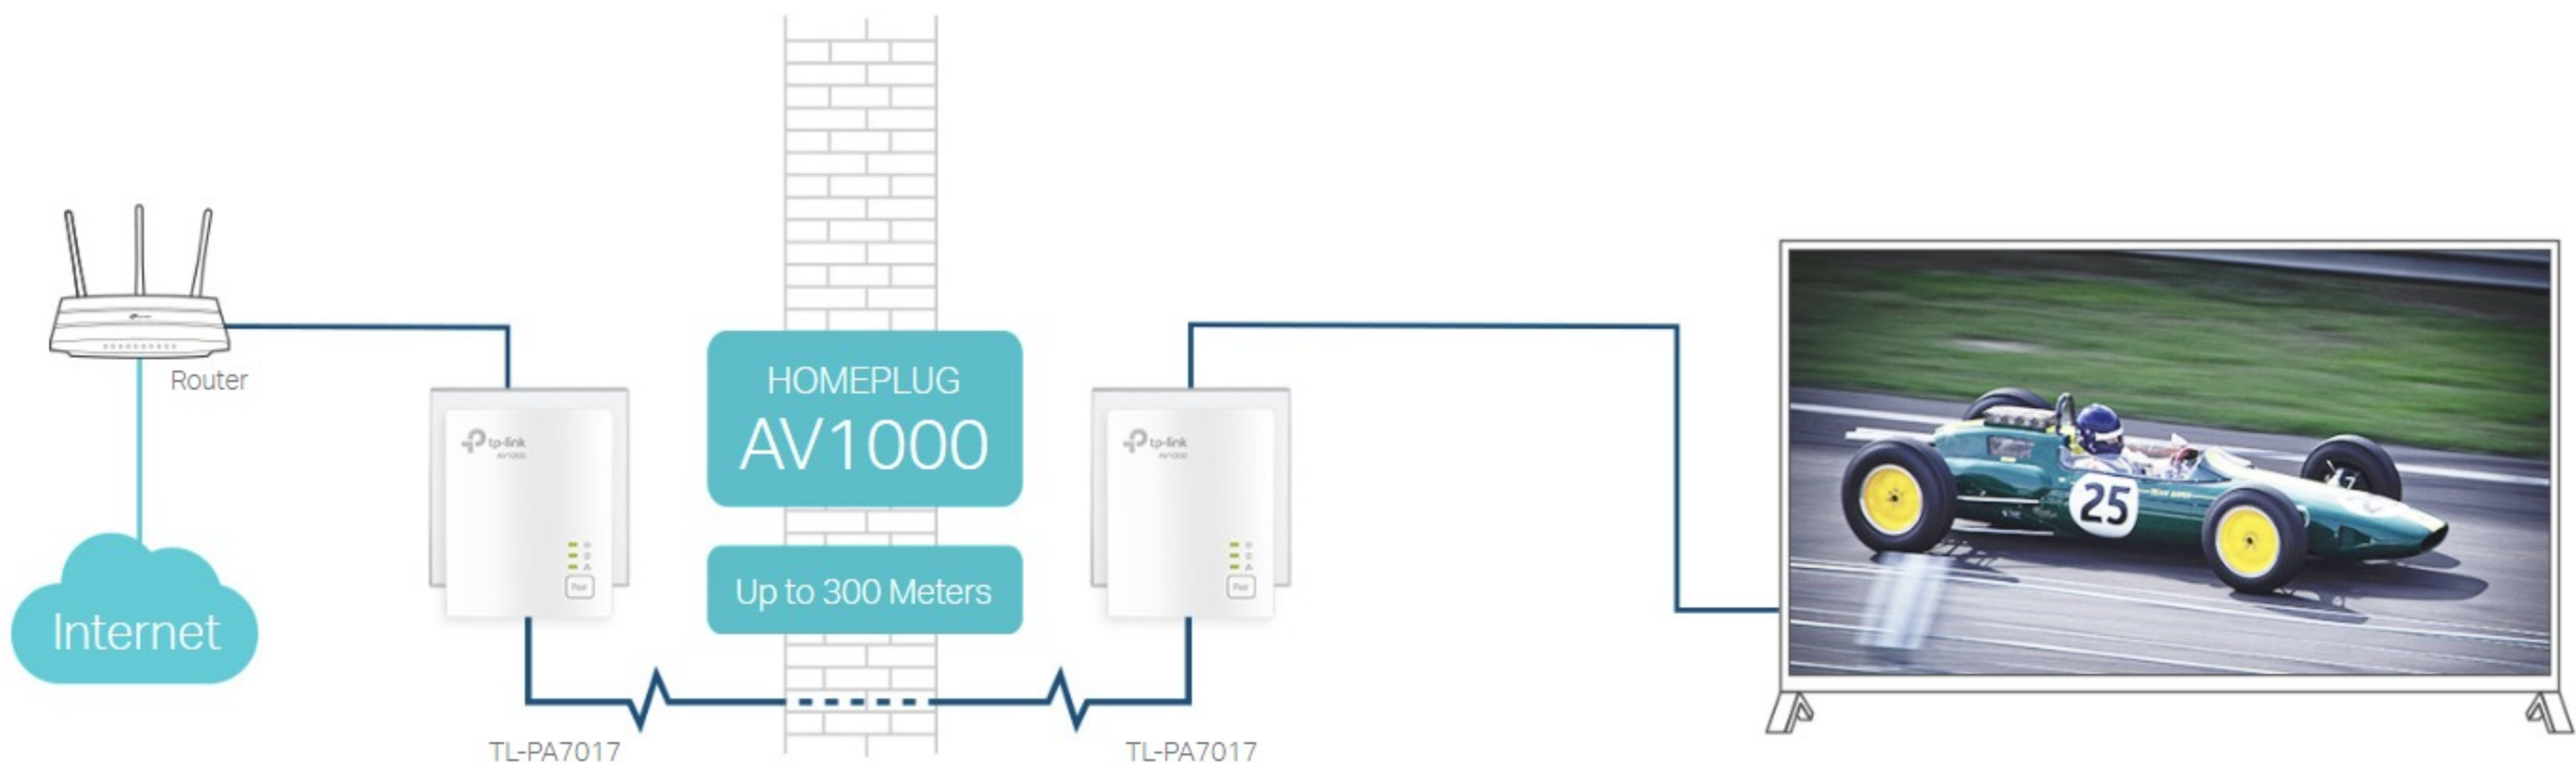

AV1000 Gigabit Powerline Starter Kit

TL-PA7017 KIT

## AV1000 Speeds and 300 Meter Range

Using advanced HomePlug AV2 technology, TL-PA7017 KIT ensures a stable and high-speed wired connection, providing data transmissions of up to 1000 Mbps\* over the electrical wiring for ranges up to 300 meters. Stream in HD, game online and download large files without interruption thanks to reliable powerline links.

## Gigabit Port for Maximum Connectivity

With a Gigabit Ethernet port, TL-PA7017 KIT allows users to connect a bandwidth intensive device to the Internet with high speeds and ensure the smooth transmission of Ultra HD video streaming. This makes the TL-PA7017 KIT the perfect home entertainment companion.

## Plug and Play, No Configuration Required

Connect a powerline adapter to the router, plug another powerline adapter into a wall socket in another room, and you're done!

**Pair for more security**  
Press the "Pair" button on each adapter to create a more secure network.

## Reduce Power Consumption by Up to 85%

TL-PA7017 KIT, a new-generation of powerline adapter, with its practical design and sophisticated Power-Saving Mode, will automatically switch from its regular "Working" mode to "Power-Saving" mode reducing its energy consumption by up to 85%\*^

\*Actual data will vary in different network conditions and environments.
