

See what’s happening live in HD video anytime – day or night

See the inside of your home on your smartphone no matter where you are with Blink Mini’s HD video and built-in infrared night vision.

Get alerts right on your smartphone whenever motion is detected

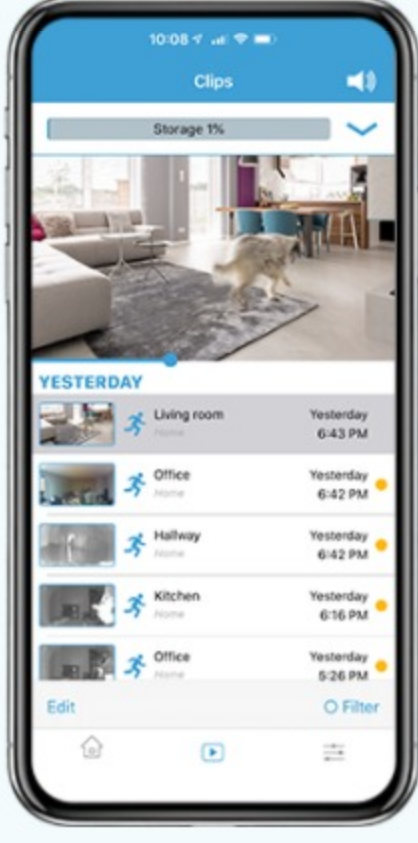

With the use of Blink’s latest chip technology, Blink Mini lets you customize motion detection zones so you are only alerted to the movement that matters to you.

Hear and speak to family, friends, or visitors through your Blink app

Blink Mini lets you see what’s happening in your home, but also hear and talk back – it’s like being home even when you’re not.

Don't miss a moment

**Blink Subscription Plan: Cloud Storage**  
Record, view, and save all video clips in your Blink app with a free trial of the Blink Subscription Plan included with your purchase through March 31, 2021. Then, subscribe for just \$5 per month per camera, or \$15 per month for unlimited cameras at a single location. Learn more [here](#).

**Local Storage: Blink Sync Module 2**  
Back up video clips from up to 10 cameras to the Blink Sync Module 2 in your home and view them on your computer with no additional fees. USB flash drive required (sold separately). Learn more [here](#).

*Note: Features like Live View and Motion Alerts are automatically available with Blink Indoor at no additional cost.*

Alexa is happy to help

Stream live video, play recorded video clips, and arm and disarm your camera just by using your voice.

“Alexa, show me the living room camera.”

Simple to set up and use

Step 1

Plug in the camera.

Step 2

Download the Blink Home Monitor app on your smartphone and add the camera to your account.

Step 3

Place Blink Mini on a flat surface or use the included stand. For added functionality, connect to your Alexa device using the Alexa app.
