

Non-Stop Power, Non-Stop Security

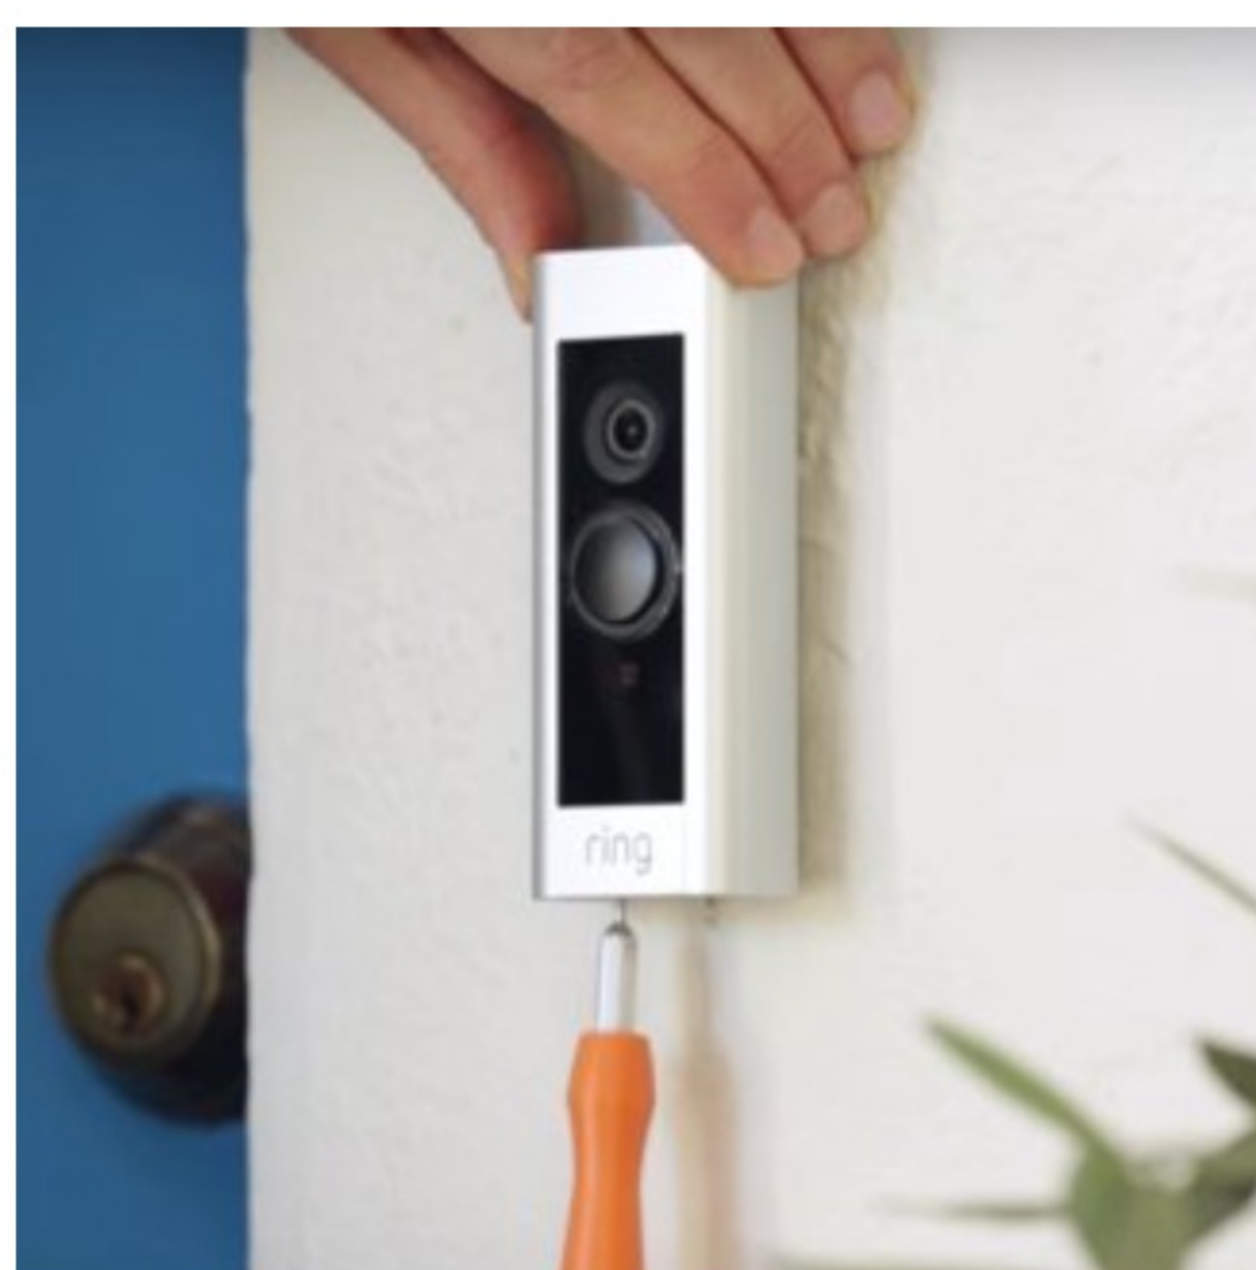

Home security in your hands

Answer the door from anywhere and watch over your home in 1080HD video with Ring Video Doorbell Pro. You'll get mobile alerts when anyone comes to your door, so you can see, hear and speak to visitors from your phone, tablet and PC.

Advanced motion detection

Customize your motion zones to focus on the most important areas of your yard.

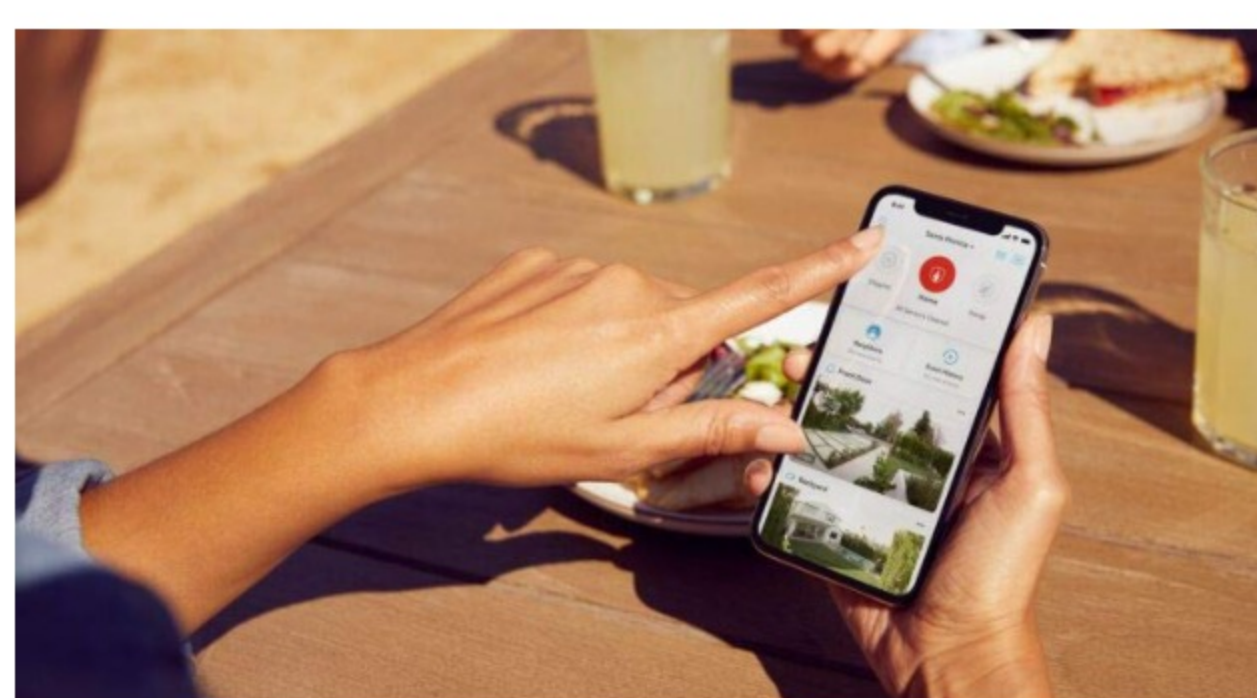

Non-stop power

Easily connects to existing doorbell wiring so you'll never have to charge a battery.

Interchangeable faceplates

Choose one of four complimentary faceplates to match your security to your home.

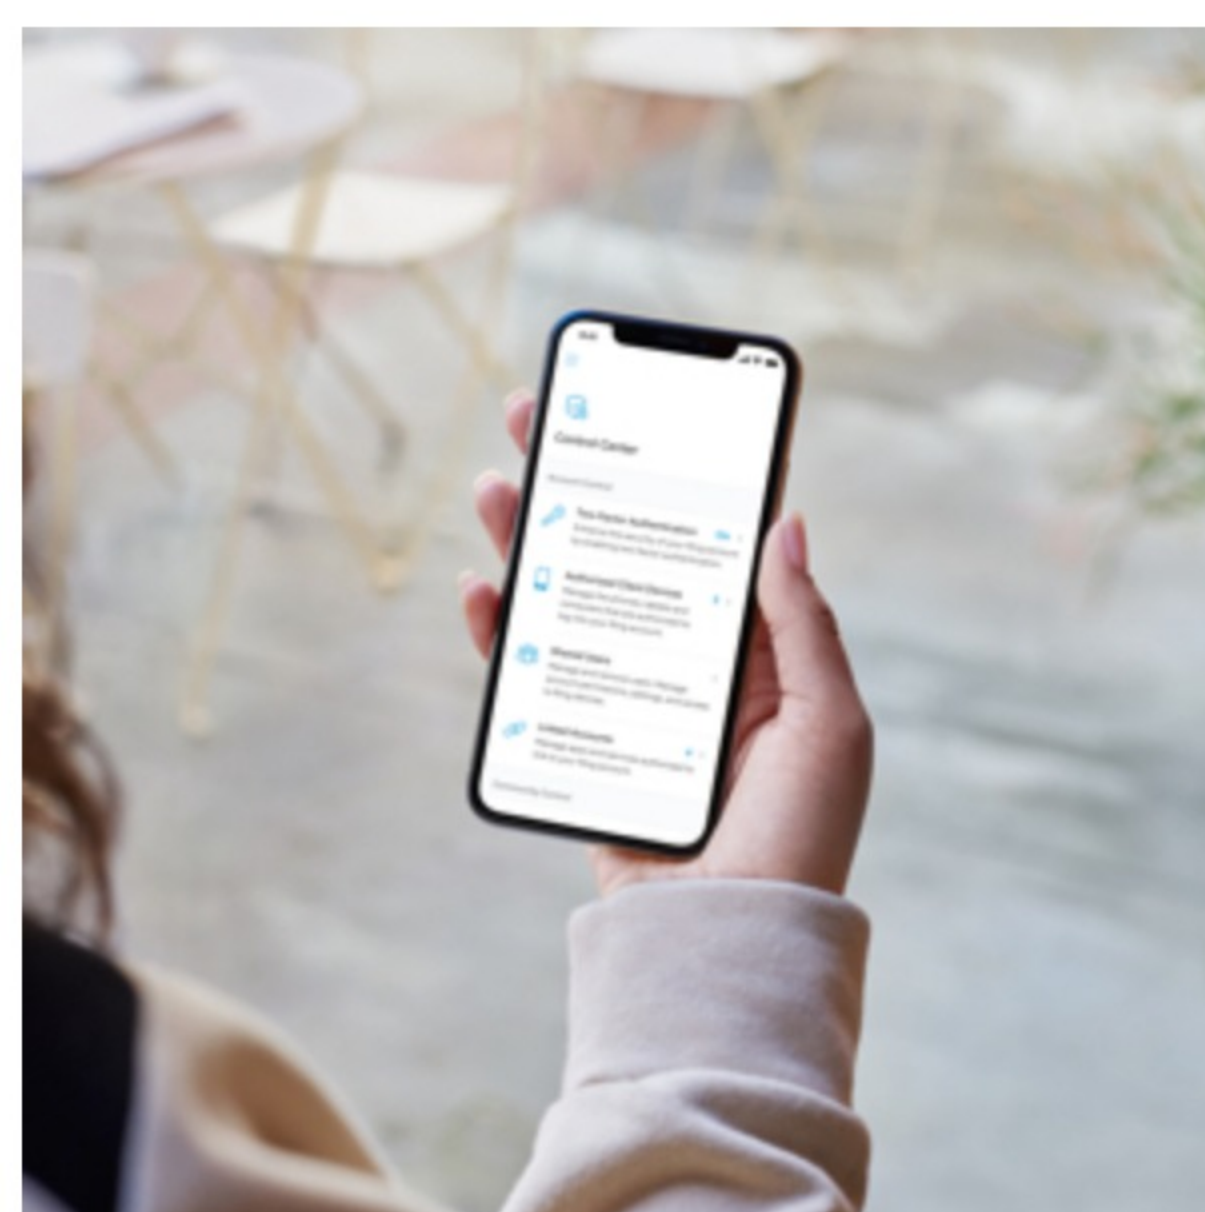

Ring Protect Plan

Get even more out of all your Ring doorbells and cameras with Ring Protect, a comprehensive service that lets you review what you missed. See, save, and share videos and photos when you activate video recording and photo capture for \$3/month per device or \$10/month per household.

Security and privacy controls in a convenient dashboard

With Control Center, you can add and remove authorized client devices, shared users, and select linked accounts—all from one place on your phone, tablet, or PC. [Learn more about security and privacy.](#)

Works with Alexa

Link your Ring account to Alexa for hands-free home monitoring so you'll always know when someone's there. Hear announcements on your Echo devices when your doorbell is pressed, and automatically see a live view of your camera on Echo devices with a screen. Talk to visitors through compatible Echo devices, like Echo Dot or Echo Show, by simply saying "Alexa, talk to the front door."
