

RAZER
BASILISK X HYPERSPEED

Untethered Lethal Precision

Dual-mode wireless connectivity, up to 450hrs of gameplay

Game wirelessly with a fast, reliable connection—featuring dual-mode Razer HyperSpeed Wireless and Bluetooth connectivity. Our Razer Focus+ Optical Sensor comes with 16,000 DPI for precise swipes while the Razer Mechanical Mouse Switch offers a highly durable life cycle of up to 50 million clicks.

Wireless Without Equal

Razer HyperSpeed Wireless Technology

Made to perform better than any wireless technology, the low latency delivers high-speed transmission to register swipes and clicks instantaneously. It's also highly adaptive, able to switch seamlessly between frequencies to maintain peak stability, allowing you the freedom to compete at your best.

Gear Up

Complete your setup with the full lineup for the ultimate gaming experience from the #1 Best-Selling Gaming Peripherals Manufacturer in the US via NPD Group Inc, 2017-2021
