

eero 6

The new standard for home wifi

900 Mbps

The mesh wifi router that delivers speeds up to 900 Mbps.

Wi-Fi 6

Wi-Fi 6 brings fast connectivity to every room in your home.

Dual-band

Enough bandwidth to deliver high speeds to 75+ connected devices.

Give your home the connectivity it deserves

Say goodbye to dead spots and buffering—even when the whole family is online. As you add more devices, your connection stays strong and doesn't slow you down.

Why Wi-Fi 6?

eero 6 uses the power of Wi-Fi 6 to deliver faster speeds to every corner of your space, increase your internet's efficiency, and reduce network congestion.

Easy to set up and use

Step 1

Download the eero app.

Step 2

Plug in your eero devices.

Step 3

Your wifi optimizes for your space with TrueMesh.

Unlock your wifi's potential

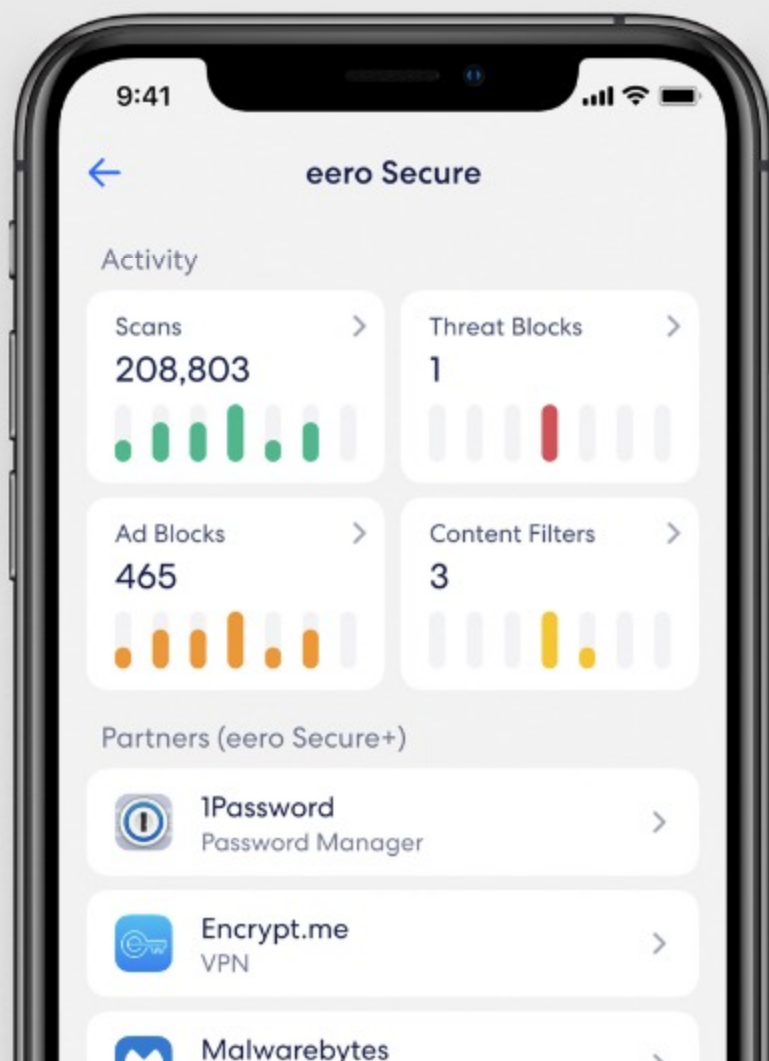

With a built-in Zigbee smart home hub, eero 6 connects compatible devices to Alexa so you can control lights, locks, plugs, and more.

Home wifi just got more secure

eero Secure gives your family essential tools like threat scans, content warnings, and ad-blocking. Upgrade to eero Secure+ to get an exclusive bundle of top-rated security apps: Encrypt.me, 1Password, and Malwarebytes.

Get a free 30-day trial to eero Secure with every eero 6 purchase. Simply start your subscription in the eero app.

Works with Alexa

With eero 6 and an Alexa device (not included) you can easily manage wifi access for devices and individuals in the home, taking focus away from screens and back to what's important.
