“Flawless and simple. I had numerous issues with wifi before switching to eero, and now I never even think about it.”

- Peter

Unlock your wifi's potential.

eero 6 features a built-in Zigbee smart home hub, making it easy to connect compatible devices with Alexa. So you can control certain lights, locks, plugs, and more—without the need to buy separate smart home hubs for each.

LEARN MORE

Never worry about wifi again.

Fast and easy setup

Unbox your eero devices, download the app, and start surfing the web in minutes. The eero app makes it easy to set up and manage wifi for everyone at home.

99.4 x 97.0 x 61.5 mm (3.91 x 3.82 x 2.42 inch)

Warranty and Support

1-year limited warranty. Customer support is available 7 days a week. [Learn more Warranty and Support.](#)

Works With Alexa only available in select countries. Some features require linking your Amazon account or downloading the Alexa application. Internet connection speeds depend on your internet service provider. Maximum wireless signal rates are derived from IEEE standard 802.11 specifications. Experienced speeds may vary based on network configuration. Coverage estimates are based on normal use conditions. Actual range and performance can vary, including due to factors such as interference, device usage, building materials, and obstructions. Throughput and coverage estimates are a configuration reference, not a performance guarantee.
