

An Affordable Business-Class 802.11ac MU-MIMO Wi-Fi Solution

Omada EAP225

Superior Wi-Fi Speeds with MU-MIMO Technology

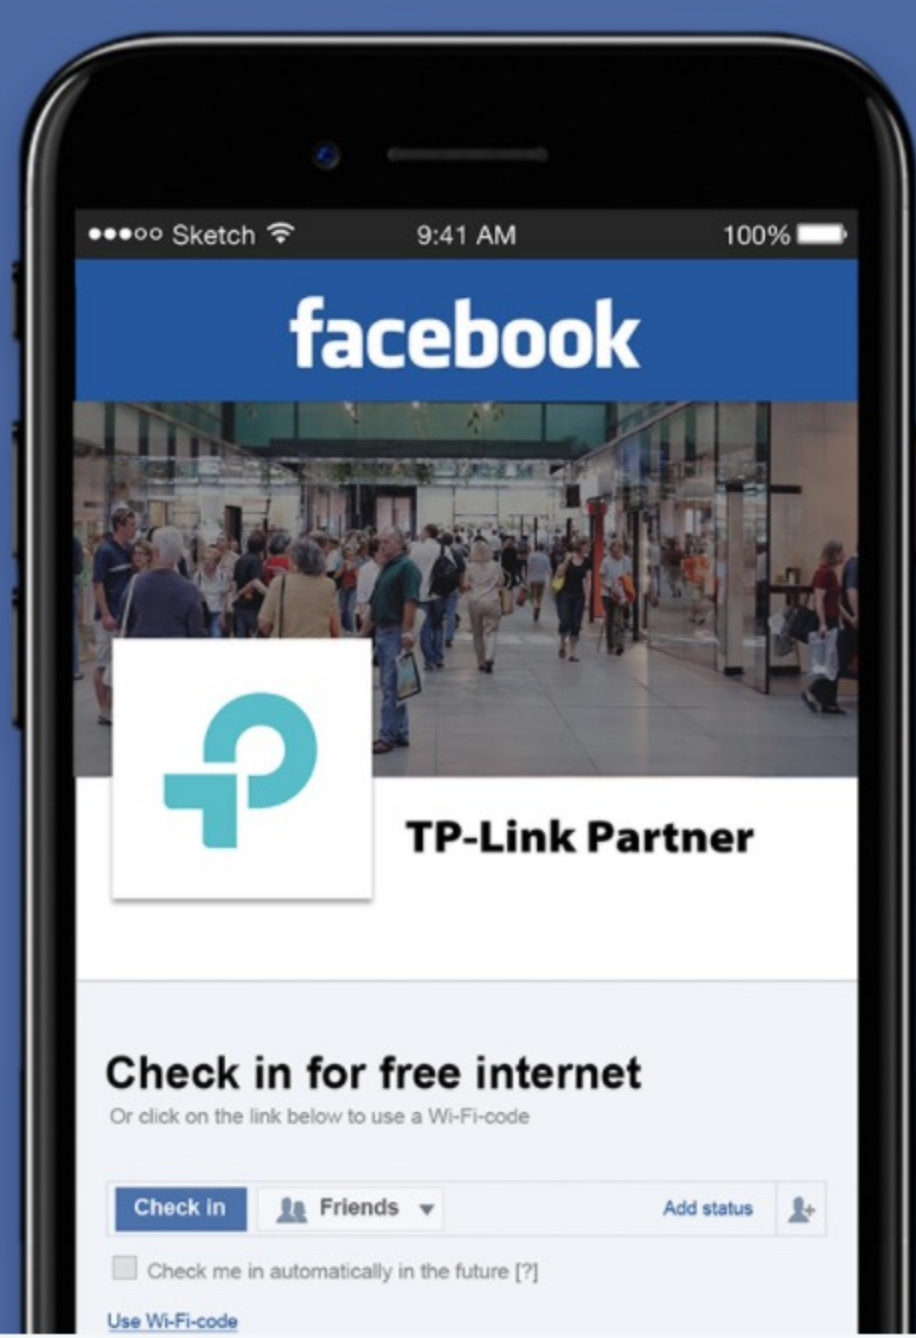

Outfitted with the latest 802.11ac Wave 2 MU-MIMO technology, the EAP225 easily delivers dual-band Wi-Fi speeds of up to 1350 Mbps to multiple devices at the same time.

Cloud Centralized Management - Anytime, Anywhere

Omada Hardware Controller OC200 and Omada Software Controller make it easy to manage and monitor the whole Omada network in real-time, while cloud service enables remote and secure access no matter where you find yourself.

Facebook check-in and SMS authentication expands your social influence in secured ways

Captive portal helps maintain only authorized guests to use the network, presenting devices with a convenient, user-friendly authentication method to grant Wi-Fi access. The addition of SMS and Facebook authentication simplifies the captive portal even further to simplify connectivity and boost your business.

Multiple PoE Options for Easy Installation

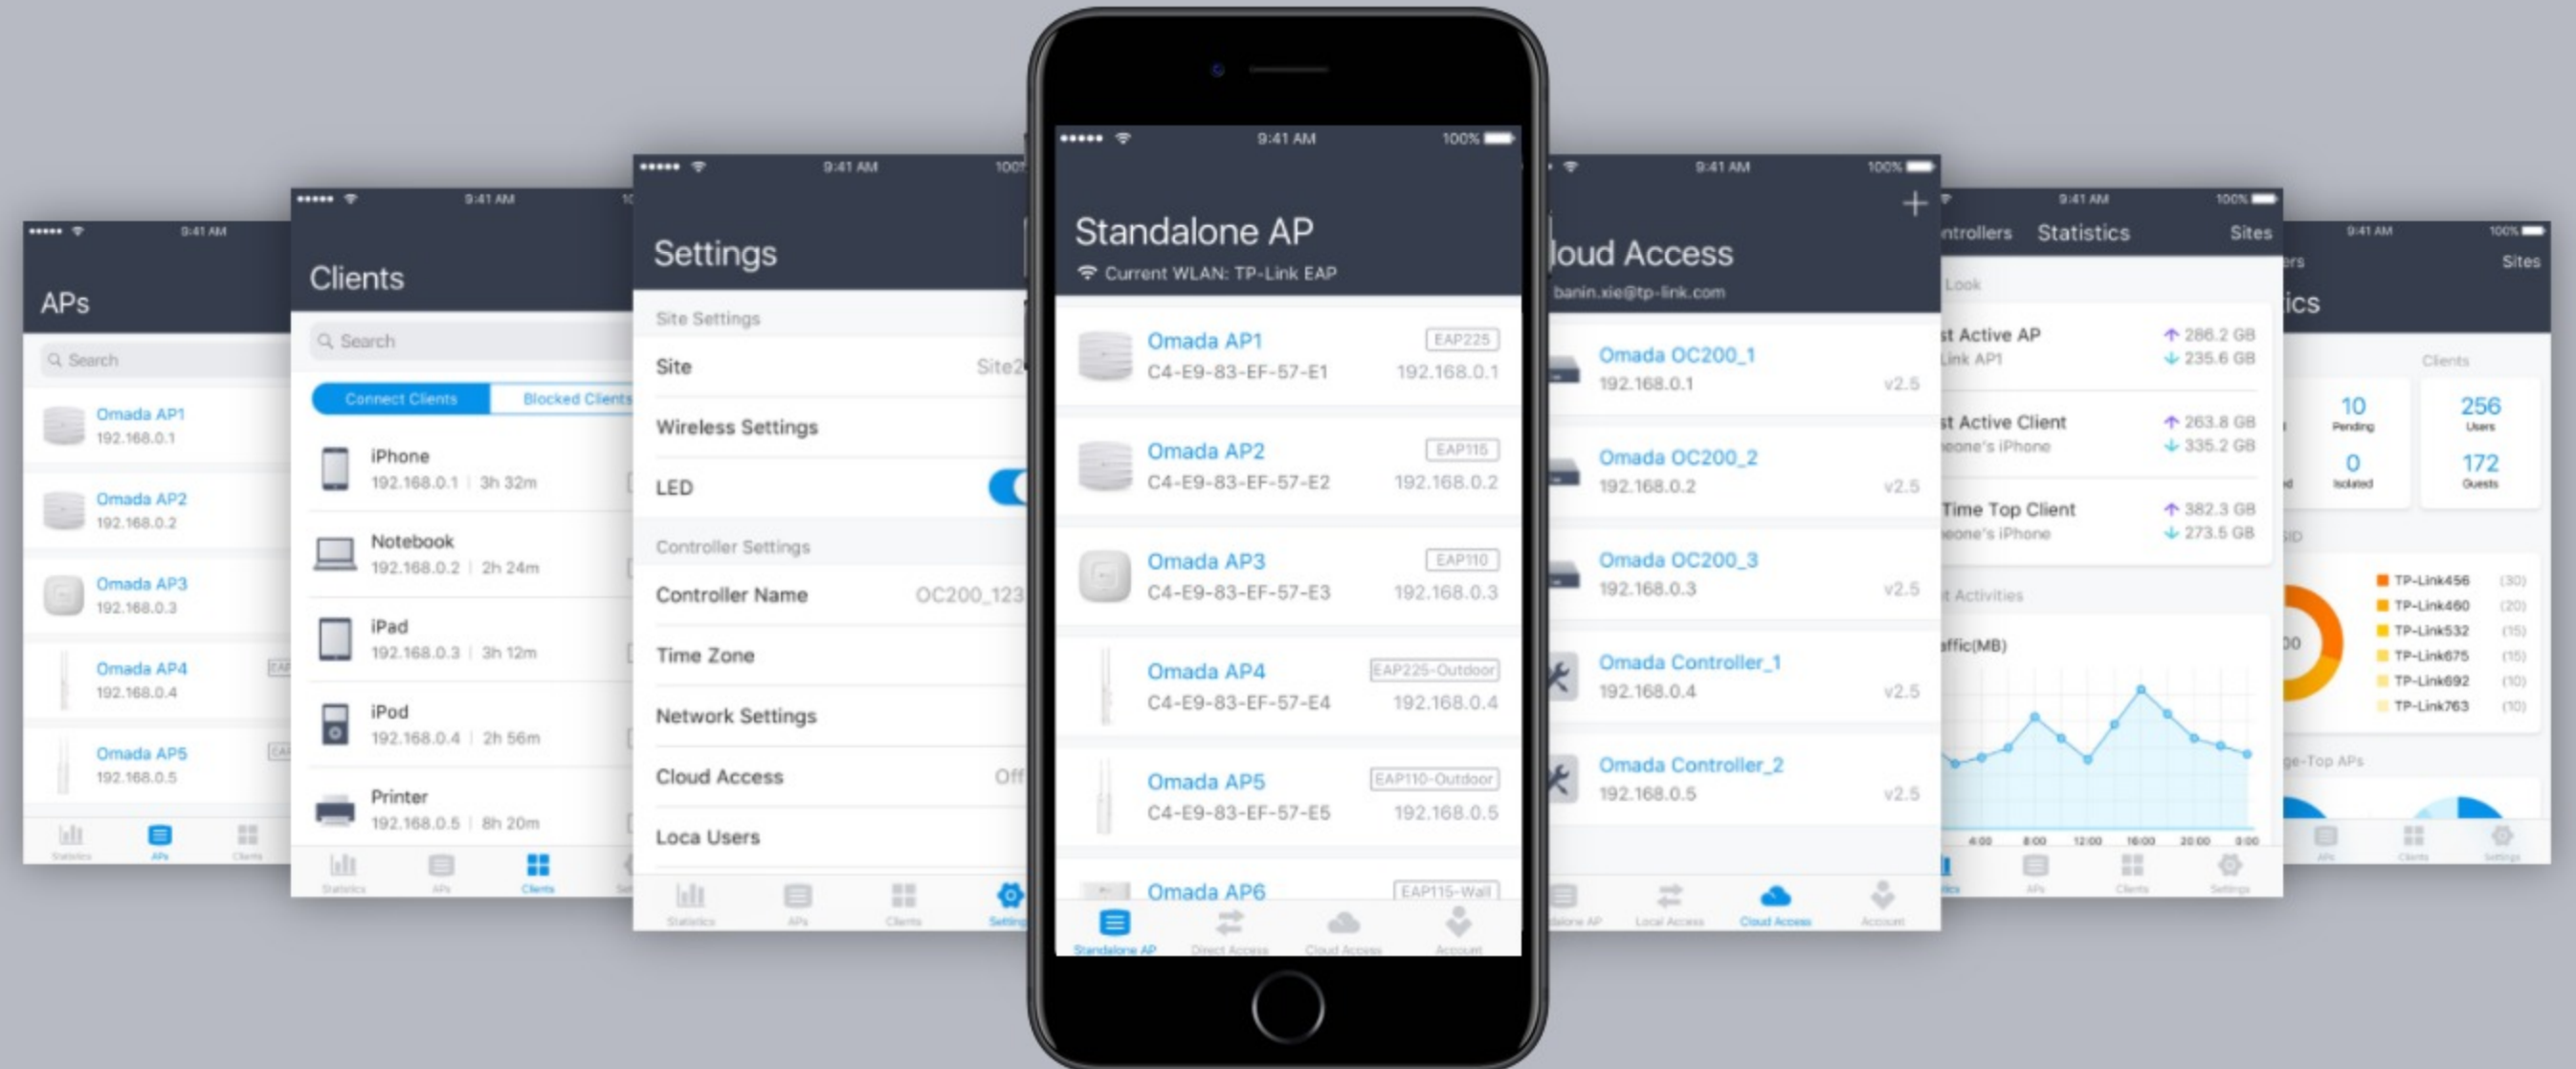

EAP225 supports both 802.3af PoE and Passive PoE power supply, can be either powered by a PoE switch or the provided PoE injector, making deployment effortless and flexible.

Easy Management with the Omada App

Follow configuration instructions on the free Omada app to get set up in minutes. Omada lets you configure settings, monitor the network status and manage clients, all from the convenience of a smart phone or tablet.
