

A Creation For Creators

## Just Add Phone

All the tools you need to create a professional recording kit, right out of the box. The kit includes a Manfrotto PIXI tripod, phone clamp, and mount, as well as iOS and USB-C cables for next-level compatibility and connectivity. Just add phone.

4 Creative Set-up Options

**Videography**

Capturing professional audio for your video production has never been easier.

**Selfie & Vlogging**

Point the mic directly towards yourself. Perfect audio on your next vlog adventure.

**Bi-Directional & Interview**

Get balanced audio levels from in front and behind the camera in your next interview or podcast.

**Field Recording**

If you're all about the audio, here's the set up you need to capture that perfect audio track.

**Vlogging & Videography**

## Take your production to the next level

Creating professional video content doesn't need to be complicated. The MV88+ Video Kit is the perfect partner for your mobile device to level up your next video production or YouTube video. Go create. Just add phone.

## Professional Sound

When it matters most to you, rely on Shure and the MV88+ to deliver amazing sound performance.

**GET TWO MONTHS OF ADOBE PREMIERE RUSH WITH THE PURCHASE OF EVERY MOTIV MICROPHONE.**

Available until May 31 2021, where Adobe Premiere Rush is available and subject to terms and conditions below.

**Your Perfect Production Partner**

## Two months of Adobe Premiere Rush with every purchase

We have partnered with our friends at Adobe to provide a two-month subscription to Premiere Rush with every MOTIV microphone. Create, edit and share video content on the move, and have the flexibility of switching between mobile and desktop to edit, whilst your project is saved on the Cloud. Combine your MOTIV microphone with Adobe Premiere Rush and level-up your video production. Visit the Shure website for information on how to redeem.
