

Looks Like The Past

Sounds Like The Future

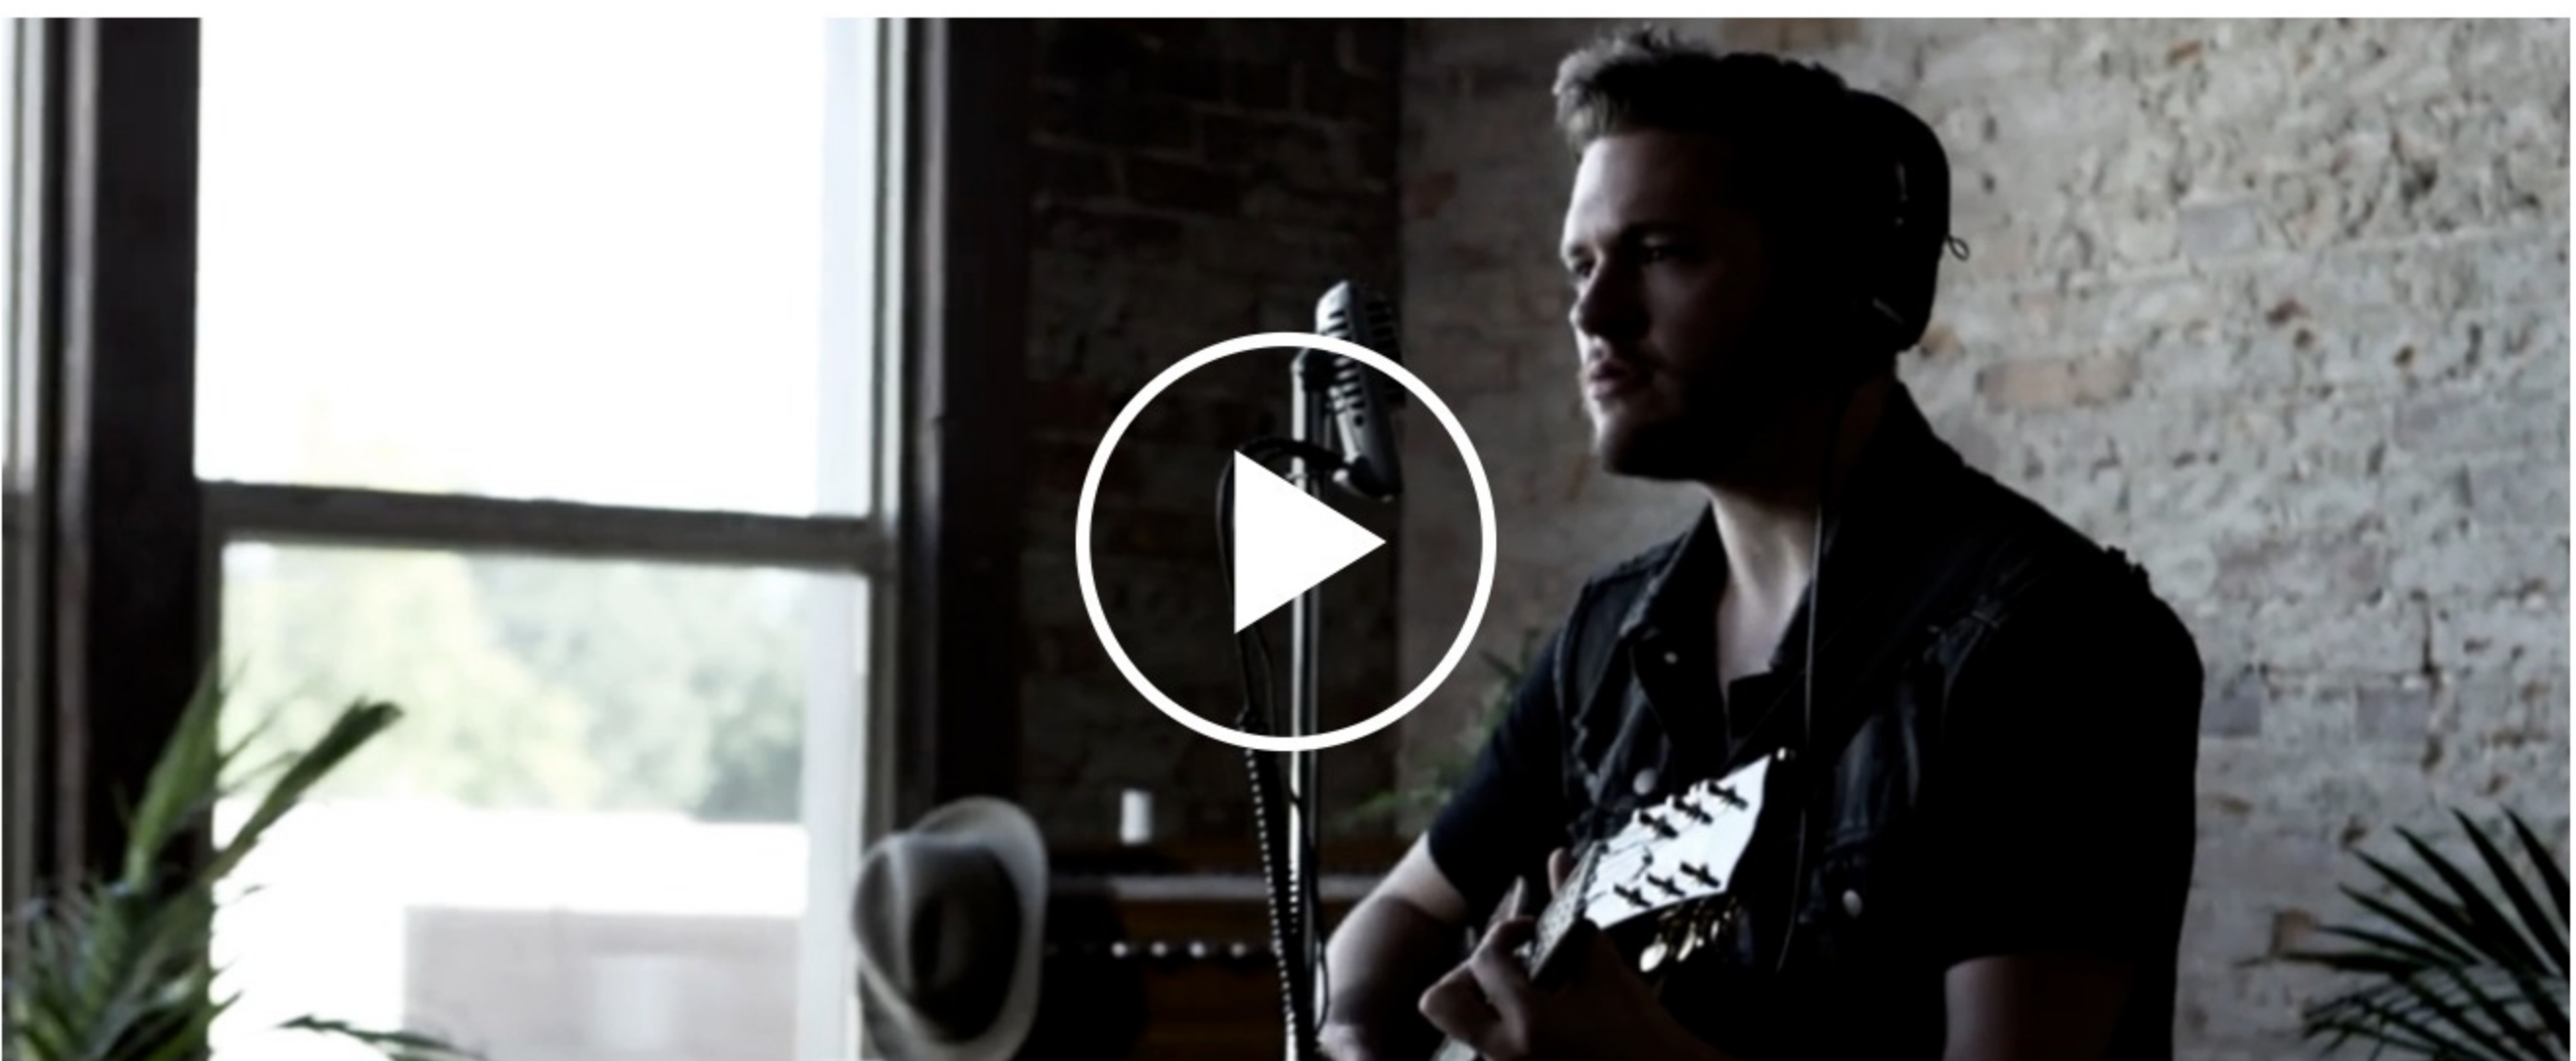

The MV51 feels like the real deal because it is. Unparalleled audio in all-metal construction make this mic the go-to. Deny distortion and enjoy sound excellence in every environment, from demo sessions to field recordings whether you're at home or on the road.

Working From Home?

A great upgrade to your home office. Connect directly to Mac or PC and upgrade to studio sound on your next conference call.

Your Perfect Production Partner Two months of Adobe Premiere Rush with every purchase

We have partnered with our friends at Adobe to provide a two-month subscription to Premiere Rush with every MOTIV microphone. Create, edit and share video content on the move, and have the flexibility of switching between mobile and desktop to edit, whilst your project is saved on the Cloud. Combine your MOTIV microphone with Adobe Premiere Rush and level-up your video production. Visit the Shure website for information on how to redeem.
