

SRH840 Professional Monitoring Headphones
Designed for professional audio engineers and musicians, the SRH840 Professional Monitoring Headphones are optimized for studio recording and critical listening.

SRH840
Professional Monitoring Headphones

Developed for professional audio engineers and musicians, the SRH840 Professional Monitoring Headphones are optimized for critical listening and studio monitoring. A precisely tailored frequency response and 40mm neodymium dynamic drivers deliver rich bass, clear mid-range and extended highs. A wide, padded headband and collapsible design combine with Shure durability to provide the ultimate listening experience.

- Precisely tailored frequency response delivers rich bass, clear mid-range and extended highs
- Premium, padded headband provides ergonomic fit for superior comfort over extended periods
- Collapsible design for easy storage and portability
- Closed-back, circumaural design rests comfortably over the ears and reduces background noise
- Detachable locking cable securely locks cable into ear cup and enables easy replacement
- Legendary Shure quality withstands the rigors of everyday use
- Includes additional pair of ear pads, detachable coiled cable, carrying bag and threaded 1/4" (6.3 mm) gold-plated adapter

The Most Trusted Audio Brand Worldwide

With a history of audio innovation starting in 1925, Shure has turned a passion for making great microphones and audio electronics into an obsession. No wonder Shure continues to set the worldwide industry standard for superior microphones and audio electronics.

The Cable

The SRH840 headphones have a 9.84-foot (3-meter), coiled, detachable, made with oxygen-free copper, and a bayonet clip to lock the cable into the ear cup.
