

SRH940 Professional Reference Headphones

Designed for professional audio engineers and in-studio talent, SRH940 Headphones provide accurate response across the entire audio spectrum to deliver smooth high-end extension with tight bass.

SRH940

Professional Reference Headphones

Designed for professional audio engineers and in-studio talent, the SRH940 Reference Headphones from Shure deliver accurate frequency response for tight bass and smooth high-end extension with minimal distortion. The lightweight design folds flat for easy storage and portability, while the padded headband offers superior comfort for extended wear.

- Accurate frequency response delivers smooth high-end extension with tight bass, and superior transient response for minimal distortion
- Lightweight, ergonomic fit with premium padded headband provide maximum comfort over extended periods
- Closed-back, circumaural design rests comfortably over the ears and reduces background noise
- Folds flat and is adjustable for convenient storage and portability
- Detachable locking cable securely locks cable into ear cup and enables easy replacement
- Legendary Shure quality withstands the rigors of everyday use
- Replaceable velour ear pads included to ensure long product life and maximum comfort
- Two included detachable cables (coiled & straight) provide flexible wearing options and easy replacement

The Most Trusted Audio Brand Worldwide

With a history of audio innovation starting in 1925, Shure has turned a passion for making great microphones and audio electronics into an obsession. No wonder Shure continues to set the worldwide industry standard for superior microphones and audio electronics.

The Ear Cushions

The SRH940 headphones have a closed-back. With a circumaural design that rests comfortably over the ears and reduces background noise. Included set of replacement ear pads ensure long product life.
