### Simultaneously Stream Everything at Fast Speed

Now you can enjoy uninterrupted movies, gaming, video calls and more on all your devices, all at the same time.

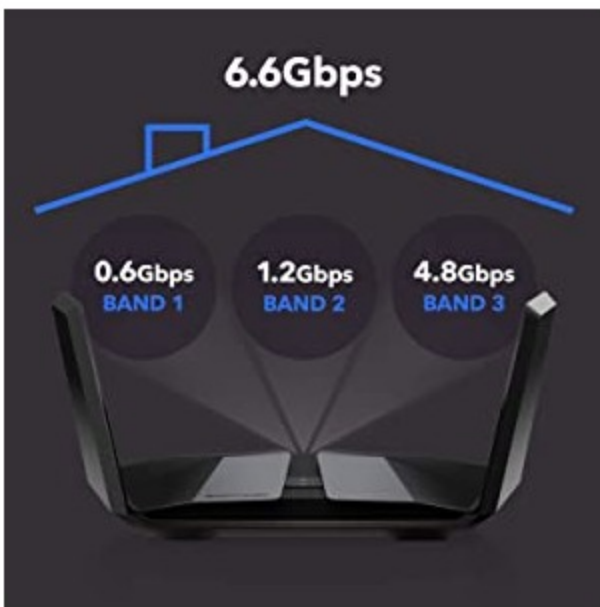

### Connect a House Full of WiFi Devices Without Compromise

RAX70's 8 WiFi streams deliver high performance and reliability for up to 4X more smart home devices.

### WiFi 6 Gives Faster Speeds for Your Needs

Blazing WiFi speeds up to 6.6Gbps let you download, stream and transfer 5.5X faster than ever before.

### Tri-band Features 6.6Gbps Total Speed

Tri-band WiFi adds an additional band of 4.8Gbps speed, boosting total speed to 6.6Gbps and reducing congestion for your devices.

### Supports Fiber & Internet Plans up to 2Gbps

RAX70 is designed to support the latest 2G Internet plans through the aggregation of two gigabit Ethernet ports. Requires compatible fiber or cable modem supporting multi-gig Internet speeds (sold separately).

### NETGEAR Armor: Powered by BitDefender

The world's leading cybersecurity software protects all your home devices from virus, malware, and data theft with a 30-day free trial.
