

Put your performance first.

DYNAMIC PERFORMANCE MONITORING

Get more insight about how your body is responding to training. Track **V02 max**, **recovery time**, **training load**, training load focus and more.

TRAINING STATUS

How effective is your training? Automatically evaluate your recent exercise history and performance indicators to see if you're training productively, peaking or overreaching.

HEAT AND ALTITUDE ACCLIMATION

Prepare yourself for any environment. See how your body is holding up in different environments with heat and altitude acclimation¹.

SHIMANO STEPS EBIKE SYSTEM COMPATIBLE

View a dedicated eBike status screen, data fields and support for system status and warning messages. Even see assist level, gear position, battery life and more during a ride.

CYCLING DYNAMICS

Take advantage of **advanced metrics** designed to give insight into how your performance changes based on variable conditions such as position, bike setup, ride duration and more.

MTB DYNAMICS

Track the epic details of every ride with new mountain biking metrics such as jump count, jump distance and hang time.

GRIT™ AND FLOW™

Grit rates the difficulty of a ride using GPS, elevation and other data. Flow measures how smoothly you descend a trail so you have a score to beat next time.

ADVANCED WORKOUTS

Sync workouts from **TrainingPeaks®** and our online community, **Garmin Connect™**, right to your Edge device. View your upcoming training, and launch into the relevant workout seamlessly.

CLIMBPRO FEATURE

Automatically see the remaining ascent and grade when you're climbing while following a route or course. This helps you gauge your effort and see how much you have left to suffer.

EXTENDED BATTERY LIFE

Edge 530 will get up to 20 hours of battery life while using GPS and up to 40 hours when used with the optional **Garmin Charge™** power pack or in battery saver mode.

Ride like a local.

RIDE-SPECIFIC MAPPING

Whether you're riding road, gravel or mountain, see key map information based on ride type. Easy-to-interpret bike-friendly routes are more visible, so you can find what you need in a snap.

GARMIN CYCLE MAP

Ride with **preloaded maps** that provide information about elevation data and points of interest and allow you to search for addresses.

TRAILFORKS APP

Download the free Trailforks app from our Connect IQ™ Store, and then unlock Trailforks map content on your Edge, including trail conditions, heatmaps and more.

FORKSIGHT MODE

When using the Trailforks app, this mode automatically displays upcoming forks in the trail and gives you context by showing where you are within a trail network.

TURN-BY-TURN DIRECTIONS

Never get lost with turn-by-turn directions and alerts that notify you of upcoming turns.

BACK TO START

Edge 530 is smart enough to guide you back to the route – or back to start – if you deviate from it or decide to head home early.

ROUTE CALCULATION

Be ready to ride more quickly. Our routes now calculate faster and cache so you can spend more time riding and less time waiting around.

TRENDLINE™ POPULARITY ROUTING

Using the billions of miles of ride data that cyclists have uploaded, Edge 530 can find the best route – choosing from roads (and trails) most traveled.

Take safety seriously.

VARIA™ COMPATIBILITY

Pair the Edge 530 with our **Varia rearview radar and lights** so you can easily see and be seen.

INCIDENT DETECTION

This Edge automatically sends your location to preloaded emergency contacts if it detects an incident².

BIKE ALARM

The PIN-protected bike alarm will notify you on your smartphone³ if your bike is moved while you're inside getting water or making a pit stop.

GROUP MESSAGING

Stay in touch³ with your riding crew when you get separated from the pack.

LIVETRACK

Use LiveTrack to let friends and family follow your real-time location³ and even view your entire preplanned route. Rest assured that your loved ones know exactly where you're riding.

Wherever you go, stay connected.

SMART NOTIFICATIONS

Receive emails, texts and alerts right on your Edge, when paired with a **compatible smartphone**.

CONNECT IQ

Download custom data fields, and get apps and widgets from our **Connect IQ Store**.

SYNC WITH GARMIN CONNECT

The **Garmin Connect** app is home to a thriving **online community** where people on the go can connect and compete – and even share their triumphs via social media.

WORKS WITH MORE APPS

More and more of your favorite training and mapping platforms work with Edge. So, ride the way you want to with Strava, Komoot, TrainingPeaks and many more.
