Battle-Tested Speed and Hardware

Archer GX90 is a speed machine that delivers 8-streams Wi-Fi Speeds: 4804 Mbps (5 GHz Gaming) + 1201 Mbps (5 GHz) + 574 Mbps (2.4 GHz). Equipped with 1.5 GHz Quad-Core CPU and 2.5 Gbps port breaks the gigabit bottleneck and unleashes huge throughput and crush the lag.

Game Statistics

Enjoy more responsive gaming and seamless video conferencing even when multiple compatible devices are connected and transmitting data at the same time. Real-time latency, game duration and network resource allocation in a glance with fine-tuned UI.

Crush the Lag Win the Game

Gaming Accelerator automatically detects and optimizes gaming streams, to ensure your gaming stays immersive, and keep your network as fast as your reaction speed.

Gaming Band

A dedicated gaming band for your game rigs, makes your online games and your families' Netflix 4K streaming smooth with no more competition. DFS expands available channel automatically, get on the vacant lane to boost the game. Link Aggregation and USB 3.0 port ensure virtually any device can connect to your home network.
