

STRIKER PLUS 4

This ice fishing bundle includes the STRIKER Plus 4 fishfinder with a bright 4.3" display and built-in GPS.

DUAL-BEAM TRANSDUCER

The bundle also includes a dual-beam ice fishing transducer with Garmin traditional sonar for crystal-clear images and remarkable target separation.

WAYPOINT MARKING

To catch more fish, you need to know where the fish are biting. Use waypoint marking for hot spots so you can easily find your way back.

QUICKDRAW CONTOURS

Nobody knows the waters you fish better than you. STRIKER Plus 4 can now store up to 2 million acres of maps with 1' contours.

FISH YEAR-ROUND

Part of the appeal of this bundle is that it's not just made for the ice. Get a Garmin GT8 or GT15 transducer (each sold separately), and the STRIKER Plus 4 fishfinder works on open water.

CARRYING CASE

Where you take your bundle is up to you. But the rugged, portable carrying case lets you easily transport it from hole to hole and season to season.
