

Ultra-Low Latency Connection

Its extremely low 60ms input latency means audio won't stutter and will stay synced, providing a competitive gaming advantage and a more immersive experience for videos and music.

Water-Resistant Design

Because the earbuds are water-resistant, you can work out to your favorite tunes and have the freedom to wear them in a variety of outdoor activities.

Custom-Tuned 13mm Drivers

The Razer Hammerhead True Wireless has dynamic drivers optimized to provide a quality listening experience, pushing out crisp trebles and midrange with deep, satisfying bass.

Touch-Enabled and Voice-Assistant Compatible

Change music tracks, adjust volume, manage calls, and activate your smartphone's voice assistant—all from the earbud touch interface on the Razer Hammerhead True Wireless.

Bluetooth 5.0 and Auto-Pairing

With its Bluetooth requiring less power, the earbuds can last up to 15 hours with its charging case and automatically connects to its last paired device for easy, fuss-free handling.

Charging Case and Silicone Earbud Sleeves

A portable charging case keeps the earbuds protected and fully charged when they're not in use, while silicone earbud sleeves keep your ears comfortable when they're plugged in.

TRUE AUDIO FREEDOM
