

The Logitech M187 Wireless Mini Mouse packs plug-and-play wireless connectivity and advanced optical tracking into a pocket-size mouse you can take anywhere.

The Logitech M187 Wireless Mini Mouse lets you carry full-size performance in your pocket or carry-on bag. Its high-resolution optical sensor ensures smooth tracking, while its ergonomic design provides support. Enjoy the compact convenience of wireless connectivity when space is at a premium. The tiny nano receiver plugs into your laptop's USB port. Don't worry about recharging the battery, because a single AAA battery can power your mini mouse for months.

- Mini mouse easily fits in your pocket or laptop bag
- Wireless connectivity enhances freedom of movement
- Three-button construction offers the same usability as a full-size mouse
- Store the USB receiver within the mouse for maximized portability
- Receiver lets you connect other compatible devices for intuitive use
- Included AAA battery powers the mouse for at least six months
- Optical lens features a 1,000 dpi resolution for incredibly accurate tracking
- Setup is simple. You just plug in the nano receiver and start using your mouse.
- USB port is small enough to store in your laptop and also stores in the mouse itself.
- You'll enjoy the freedom of wireless with more precision and control than your laptop's touchpad.
- You get a wireless connection with the reliability of a cord plus wireless convenience and freedom.
- You get a mouse you can count on with the high quality and reliability that have made Logitech the global leader for mice
- 3-year limited hardware warranty

The Logitech M187 Wireless Mini Mouse lets you carry full-size performance in your pocket or carry-on bag. The tiny nano receiver plugs into your laptop's USB port. Don't worry about recharging the battery, because a single AAA battery can power your mini mouse for months.

## Features

# POCKET-READY, EXTRA SMALL

Wireless Ultra Portable M187

## Mini Mouse. Mighty Control.

M187 Mini Mouse. Slip the ultra-portable M187 into your pocket and go. You'll enjoy wireless freedom wherever you take your laptop plus more precision and control than using that tricky laptop touchpad.

## Extra-small shape, goes wherever you go

You can take along the Mini Mouse wherever you go with your laptop—thanks to its pocket-ready, extra-small design.

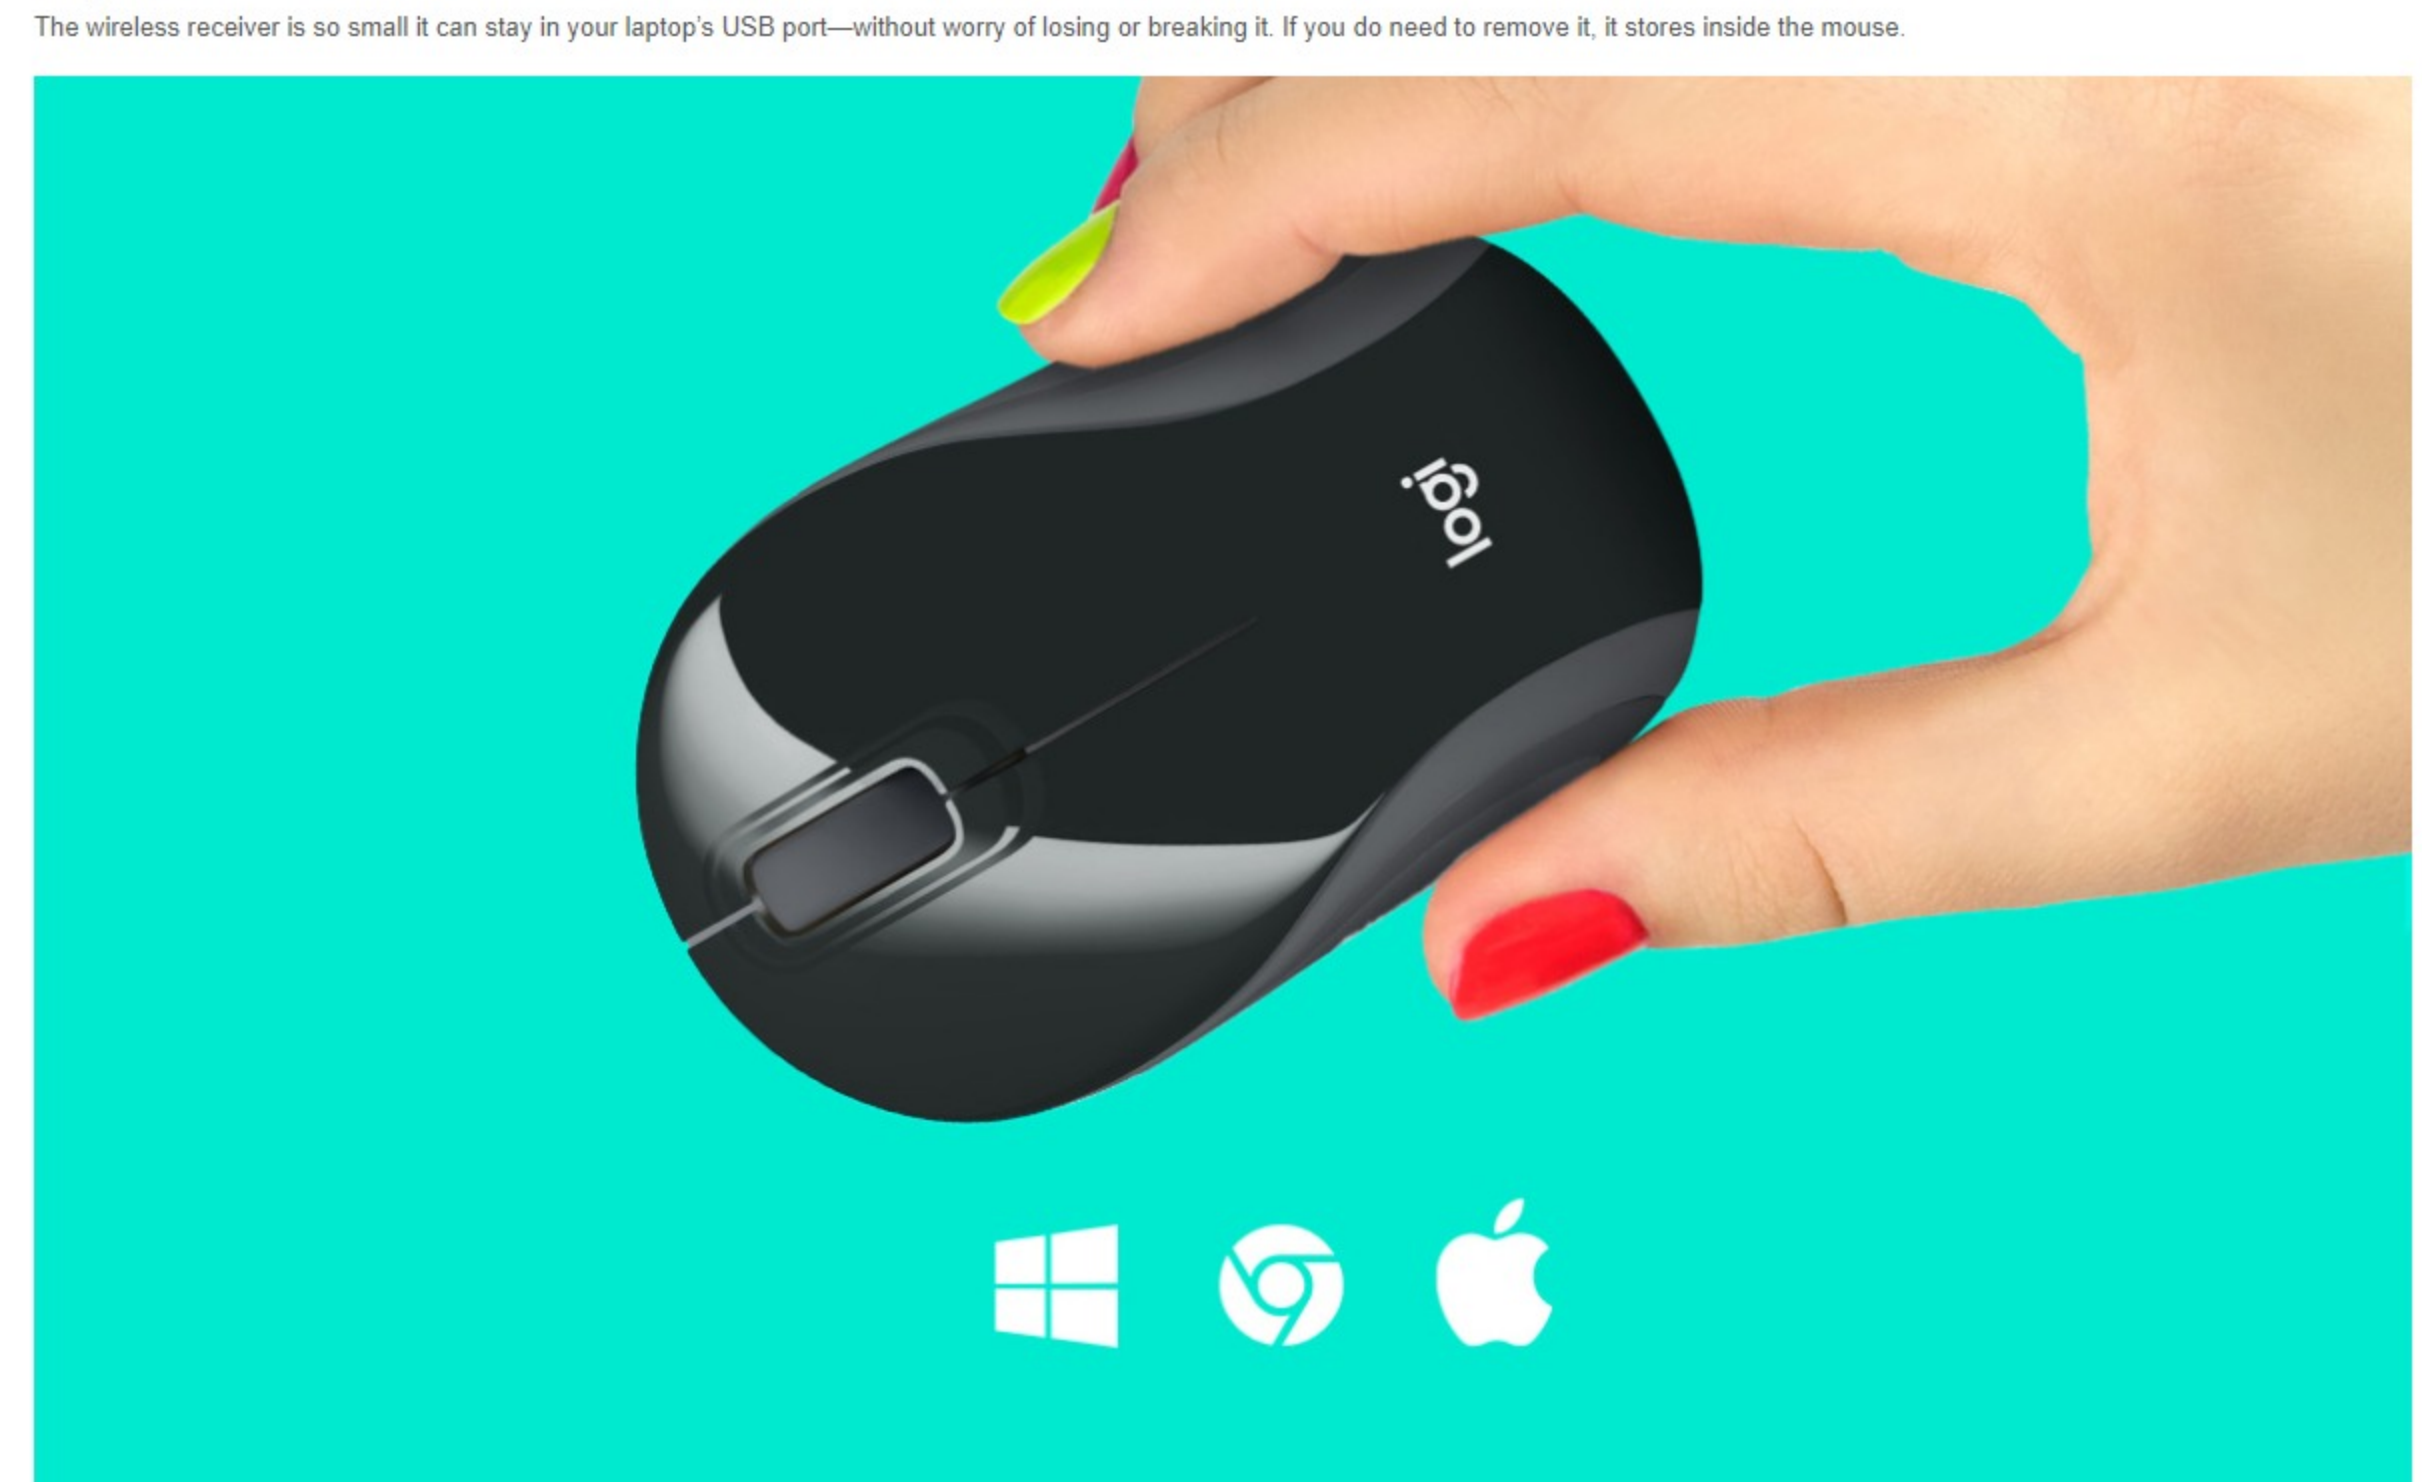

## Reliable wireless connection

Say goodbye to cords and enjoy the freedom and convenience of wireless with fast data transmission and virtually no delays or dropouts. (up to 33 ft/10 meters)

## Tiny nano receiver

The wireless receiver is so small it can stay in your laptop's USB port—without worry of losing or breaking it. If you do need to remove it, it stores inside the mouse.

## Works on all operating systems

Our mouse works with Windows, Mac, Chrome and Linux. No matter what type of computer you own today—or buy tomorrow—you can depend on your mouse to work like you expect.
