RAZER HYPERSPEED WIRELESS

25% faster than any other wireless technology available, you won't even realize that you're gaming with a wireless mouse due to its high-speed transmission, lowest click latency, and seamless frequency switching in the noisiest, data-saturated environments.

3 SWAPPABLE SIDE PLATES

This modular wireless gaming mouse comes with 3 types of side plates that snap on magnetically—12, 6 and 2-button layouts specially designed to help you adapt across different game genres. Optimize your game with these recommended button configs for each side plate.

GRIP — BUTTONS

12-BUTTON SIDE PLATE
For MMO

GRIP — BUTTONS

6-BUTTON SIDE PLATE
For Battle Royale/MOBA

GRIP — BUTTONS

2-BUTTON SIDE PLATE
For FPS

1. Left mouse click
2. Right mouse click
3. Scroll click
4. Jump
5. Jump
6. Disable
7. Disable
8. Flash Bang
9. Smoke
10. Synapse: Cycle up profile

1. HE grenade
2. Molotov

UP TO 19+1 PROGRAMMABLE BUTTONS

Have a greater arsenal of commands at your fingertips by mapping out essential hotkeys or macros via Razer Synapse 3, and utilize its advanced feature—Razer™ Hypershift—to double your inputs with a secondary button profile that can be toggled at the press of a key.

Every button on the mouse and its side plates is ergonomically positioned, so you can access them easily and quickly, with each click providing audible, tactile feedback that feels satisfying and responsive.

RAZER FOCUS+ OPTICAL SENSOR

Our new, improved sensor has an industry-leading 20,000 DPI with 99.6% resolution accuracy, ensuring that even the finest movement from this modular wireless gaming mouse is tracked with consistency. Equipped with intelligent functions, the sensor becomes even more accurate, allowing for an acute level of precision for game-winning headshots.

RAZER™ OPTICAL MOUSE SWITCH

Utilizing an infrared light beam to register every click, the switches in this wireless mouse actuate with an industry-leading response time of 0.2 milliseconds. Because it no longer requires traditional physical contact, this form of actuation removes the need for debounce delay and never triggers unintended clicks, giving you closer control and flawless execution.

UP TO 150 HOURS OF BATTERY LIFE

Able to last up to 150 hours on Bluetooth and up to 100 hours on Razer™ HyperSpeed Wireless, this mouse is made to go the distance for all your gaming marathons.

ADVANCED ON-BOARD MEMORY

Bring your settings anywhere and be match-ready in no time. Activate up to 5 profile configurations from its onboard memory or custom settings via cloud storage.

CHARGE-COMPATIBLE WITH RAZER MOUSE DOCK CHROMA*

The Razer Naga Pro can charge seamlessly with any Razer Mouse Dock you already have, such as those included with the Razer Viper Ultimate or Razer Basilisk Ultimate.

**Not included with the Razer Naga Pro.*

3 MODES OF CONNECTION

Enjoy smooth, lag-free gaming with Razer™ HyperSpeed Wireless, longer battery life with Bluetooth, or game even as it's charging when you plug it to your setup via its Razer™ Speedflex cable.

100% PTFE MOUSE FEET

Enjoy slick mouse movement across any surface with mouse feet made from the purest, highest grade of PTFE—a material used to coat non-stick pans.

POWERED BY RAZER CHROMA™ RGB

With 16.8 million colors, countless patterns, dynamic in-game lighting effects—experience full RGB customization and deeper immersion with the world's largest lighting ecosystem for gaming devices. Supporting a growing list of thousands of devices and hundreds of games & applications, take it to the next level with advanced features such as Chroma Studio, Visualizer, Connect and Workshop.
