85G MIDWEIGHT ERGONOMIC DESIGN

Weighing 30% less than the Razer Naga Trinity, the Razer Naga X's lighter, ergonomic form makes every swipe feel effortless. Recommended for gamers with medium to large hand sizes, this MMO gaming mouse is best suited for those who favor palm or claw grip styles.

2ND-GEN RAZER™ OPTICAL MOUSE SWITCHES

Improved with greater tactile feedback, every click now feels and sounds more satisfying—actuating via an infrared light beam for an industry-leading response time of 0.2ms. Because this form of actuation no longer requires traditional physical contact, it removes the need for debounce delay and never triggers unintended clicks, giving you closer control and flawless execution.
