

yeedi vac station

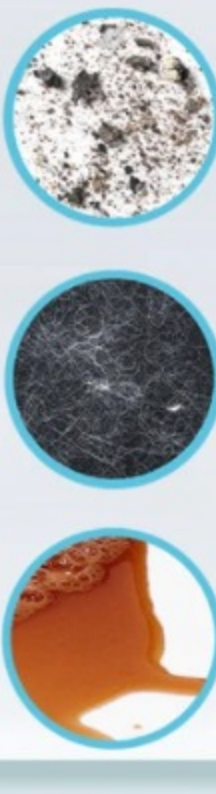

A 3-in-1 Home Cleaning Hero

Vacuums, mops and self-empties its dustbin for up to 30 days

Vacuum and Mop at the Same Time

yeedi vac station is a multi-tasker that vacuums and mops at the same time with 3000Pa strong suction power and a smart mopping system. Leaving your floor twice clean with a single use.

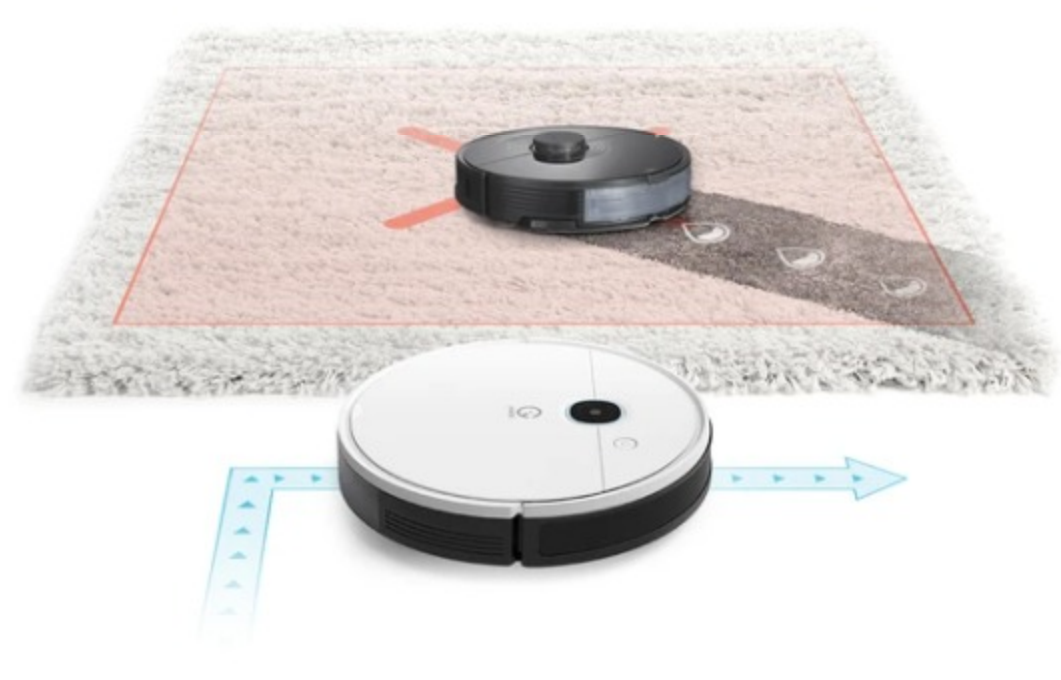

Strongest Cleaning Power Ever

Boast the strongest 3000Pa suction power in the market, yeedi vac station sweeps up pet hair, crumbs, and dirt embedded in your hard floor and carpet.

Ultrasonic Carpet Sensor

Powered by ultrasonic technology, yeedi's advanced carpet detection sensor smartly identifies your floor type to plan the cleaning method accordingly. It'll crank suction power and avoid mopping when on the carpet.

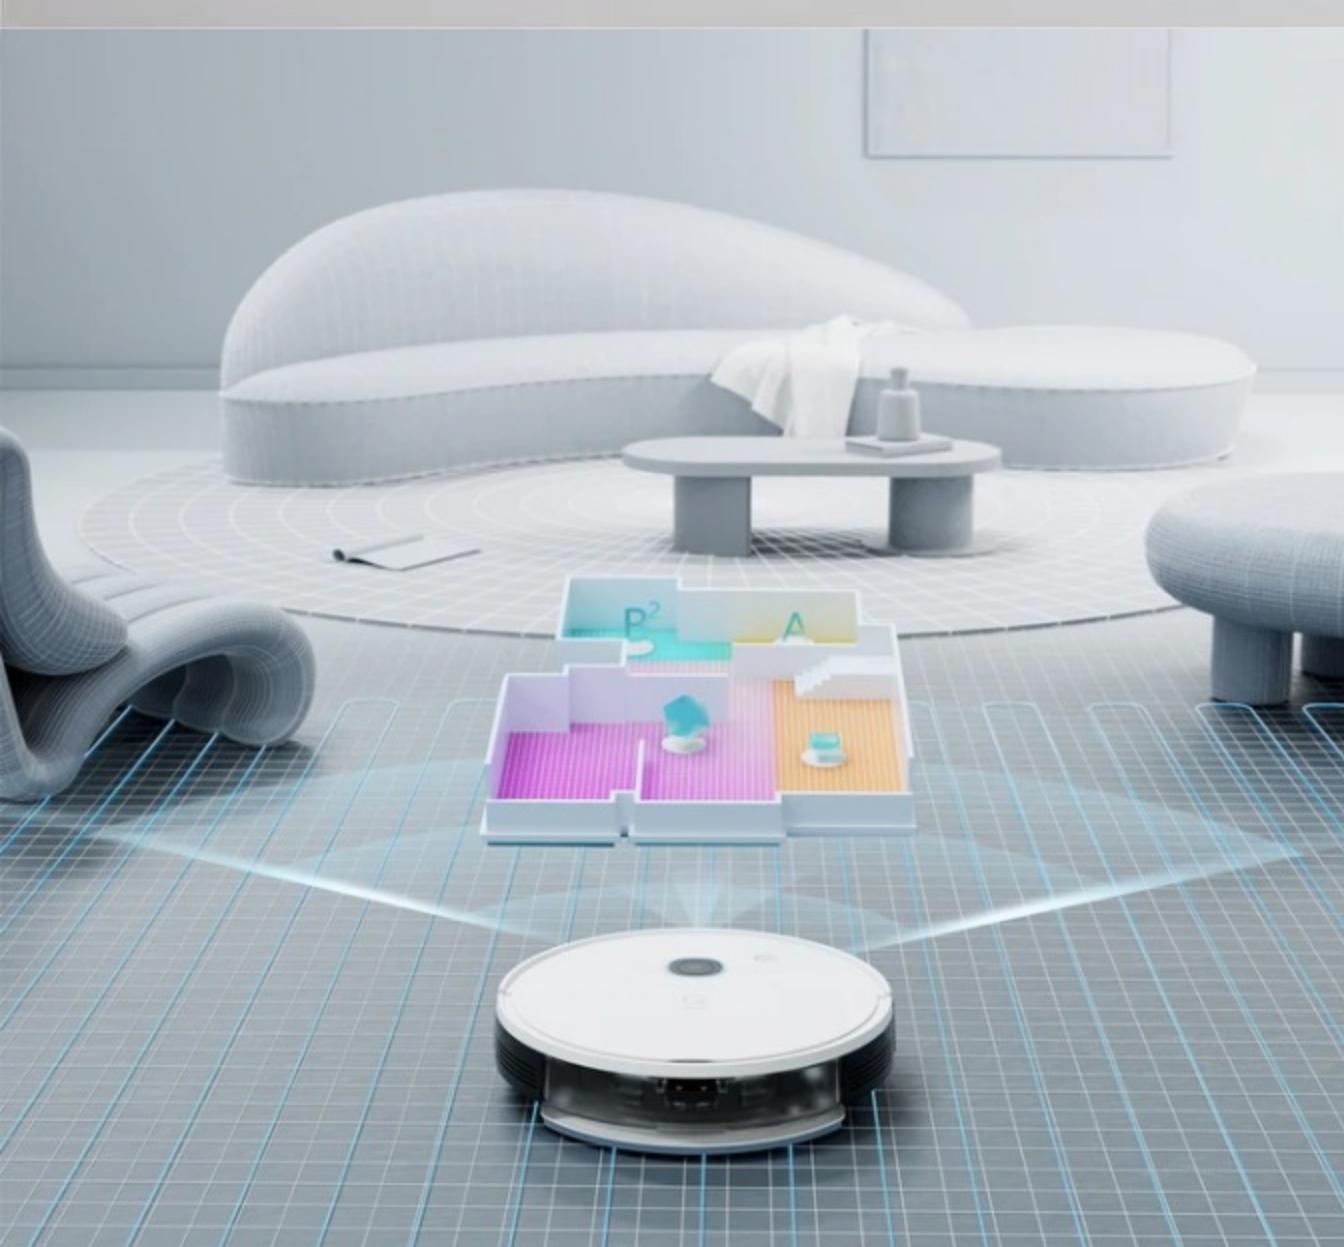

Monthly Miracle Dust-Free Utopia

Bid adieu to frequent smelly dustbin cleanings. yeedi vac station automatically disposes of dirt in the dustbin and holds up to 30 days of dirt and debris. So you can forget the weekly cleanings and focus on what really matters.

No Corner of Your Home Goes Untouched

The **visual mapping** technology works seamlessly with the advanced **floor tracking sensor** to map out your place like a GPS. No more haphazard bumping or missing spots.

Limitless App Control

Get complete control at your fingertips. Choose a **specific room** to clean, **schedule** your cleaning, or set up a **virtual boundary** where you don't want yeedi to clean.

Let Your Words Lead the Way

yeedi vac station won't talk back for sure but it listens and follows your words thanks to the compatibility with **Amazon Alexa** and **Google Assistant**. Start cleaning even when your hands are full.

Tireless Cleaning Buddy

With a **5200mAh** built-in battery, yeedi is a tried and true robot vacuum and mop which runs up to **200 minutes** per charge (covers up to **2000 sqft**). It tirelessly covers more space and is always ready for all messes.
