

PRODUCT DETAILS:

Description:

This massage chair has zero gravity swing function, which adds gentle motion into the weightless position for elevated comfort. It has an ergonomic SL track, allowing you to enjoy a massage from the neck to the thigh. You can adjust the silica gel massage balls to fit your cervical points, and it will also automatically detect your shoulder position. This massage chair also has airbags, covering your shoulders, side hips and calves, with 3 intensities to adjust. The back heater provides 122 °F warm massage for better blood circulation. The chair has a total of 6 massage techniques, 3 massage strengths, 3 auto modes and fixed point/area massage. Besides, the armrest shortcut keys have different lights to distinguish massage choices. The assembly-free chair can come through the minimal doorway of 27.5".

【Please Note】 :Inside delivery is NOT provided. If a loading dock is not available at your delivery site, you can request inside delivery for an additional fee. Once you request Inside delivery, please make sure the door is large enough to allow the package to pass through. The packing dimensions is 58x29x35 inches.
