65% FORM FACTOR FOR A MINIMALIST SETUP

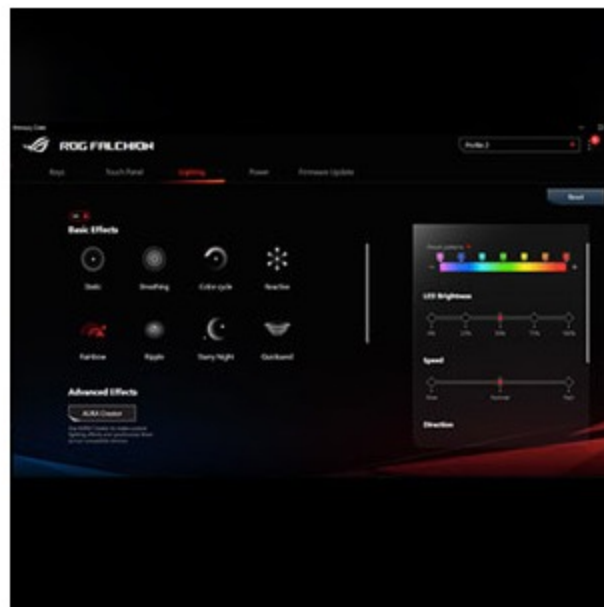

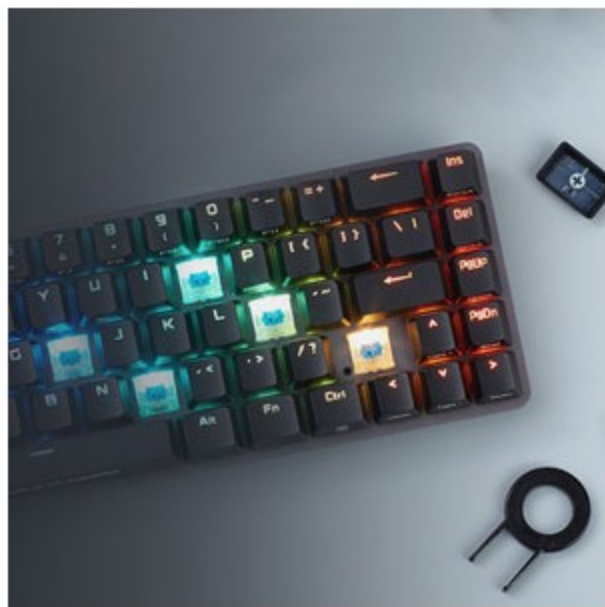

The ROG team aimed to provide a compact keyboard without compromise, masterfully incorporating arrow and navigation keys into a 65% keyboard layout. And at just 306 mm in length, ROG Falchion is almost the same size as a 60% keyboard. It gives you all the functions of a normal keyboard without taking up much desktop space.

INTERACTIVE TOUCH PANEL

An innovative touch panel on the left flank of ROG Falchion lets you conveniently adjust volume, or create shortcuts for switching apps, or copying and pasting. It can also be programmed for use as a macro key for more intuitive controls for gaming.

DUAL-MODE CONNECTIVITY AND UP TO 450-HOUR BATTERY LIFE

A near-zero latency 2.4 GHz RF connection and up to 450 hours of battery life* deliver the stability and longevity gamers need for the ultimate gaming experiences. It can also be used in wired USB mode. *Battery life may vary according to use

DURABLE PBT DOUBLESOT KEYCAPS

ROG PBT Doubleshot Keycaps provide a unique and premium feel, as well as offer long-lasting durability. Key design has been optimized with mid-height keycaps and a shorter stem to reduce key wobble and provide a more comfortable user experience. The precise double-shot molding process results in translucent keycaps* that feature seamless ROG script for a unique look, giving ROG Falchion consistent lighting and a look that's unmistakably ROG. *Keycap material may vary by region. Keycap puller not included.

CHERRY MX RGB SWITCHES

ROG Falchion utilizes Cherry MX RGB switches to provide the precise mechanical feel preferred by gamers and enthusiasts. The premium German-made switches are renowned for delivering optimal actuation and responsiveness with every keystroke.

ARMOURY CRATE

Armoury Crate is a software utility designed to give you centralized control of supported gaming products, making it easy to tune the look and feel of your system. From a single intuitive interface, Armoury Crate lets you easily customize RGB lighting and effects for compatible devices and synchronize them with Aura Sync to create a unified lighting scheme across your system. Armoury Crate also allows you to customize user profiles, map keys, record macros, and even track hardware stats during gameplay.

WIRELESS AURA SYNC PER-KEY RGB LIGHTING

ROG Falchion is the first keyboard to feature wireless Aura Sync RGB lighting. With Aura Sync RGB, the entire color spectrum and a range of dynamic lighting effects are at your command, so you can create a keyboard that's uniquely yours. Customize and shine in your own way, wirelessly.
