TKL FORM FACTOR FOR FPS

The ROG Strix Scope NX TKL Moonlight White is a high-performance mechanical gaming keyboard with a small footprint, freeing up space on your worktop for broader mouse movements—perfect for lower-sensitivity settings that slow the reticle for leveled-up aiming accuracy. The keyboard is topped with an aluminum faceplate for everyday resilience and it's finished with a striking slash aesthetic to add a touch of style

ROG NX MECHANICAL SWITCH

ROG-exclusive ROG NX mechanical switches offer fast actuation and specially tuned force curves for great keystroke feel and feedback.

DYNAMIC RGB LIGHTING

Enjoy vibrant RGB illumination with the ROG Strix Scope NX TKL Moonlight White. It features individually illuminated keys, lock indicators and ROG logo, plus an arresting RGB under glow effect that extends the lighting beyond the keyboard. Powered by Aura Sync, the entire color spectrum and a range of dynamic lighting effects are at your command to create a complete system aesthetic that's uniquely yours. The Strix Scope NX TKL Moonlight White's lighting is also easily synced with the extensive Aura ecosystem, so it's easy to build a gaming environment that really shines.

ARMOURY CRATE

Armoury Crate is a software utility designed to give you centralized control of supported gaming products, making it easy to tune the look and feel of your system. From a single intuitive interface, Armoury Crate lets you easily customize RGB lighting and effects for compatible devices and synchronize them with Aura Sync to create a unified lighting scheme across your system. Armoury Crate also allows you to customize user profiles, map keys, record macros, and even track hardware stats during gameplay.

ONBOARD MEMORY

Save up to five custom profiles alongside the default configuration and use them anytime, anywhere.
