- Durable, reinforced plastic frame with up to 300 ml spill-resistance for everyday stability and reliability
- Programmable keys with on-the-fly macro recording and onboard memory for personalized gameplay
- Armoury Crate app provides extensive controls and an intuitive interface to make the keyboard your own
- Detachable ergonomic wrist rest for extended comfort

GAMING GRADE PERFORMANCE

TUF Gaming K1's delivers a superb tactile response with a cushioned action that's both quiet and comfortable. It's also engineered with 19-key-rollover (NKRO) technology, ensuring remarkable precision and no missed key presses.

DYNAMIC RGB AND LIGHTING BAR

TUF Gaming K1 features five individual lighting zones, and sports striking RGB bars on both sides. Each zone is individually customizable from the whole color spectrum, allowing you to illuminate your rig in your image. The ASUS Armoury Crate app provides next-generation RGB control that synchronizes lighting and game profiles with your content.

DEDICATED VOLUME KNOB

With a dedicated volume knob at the top-right, TUF Gaming K1 makes it quick and easy to control your game audio on the fly. You can reach and twist intuitively, keeping your eyes firmly on the action.

ERGONOMIC WRIST REST AND ADJUSTABLE LEGS

With a detachable wrist rest and adjustable legs that provide two height positions, TUF Gaming K1 is ergonomically designed for optimal comfort.

ARMOURY CRATE

ASUS Armoury Crate unifies system and lighting controls to put essential settings at your fingertips in a single utility. Easily create and define and customize scenario profiles, map keys, record macro and more. You can even track hardware stats during gameplay for entertaining data analysis.

SPECIALIZED COATING WITH SPILL-RESISTANCE

Inside and out, TUF Gaming K1 is built to provide years of service on the frontline. Its outer shell features a specialized coating that's fortified to withstand a battery of more than 10 stringent abrasion, friction, and perspiration tests. And spill-resistance up to 300ml ensures that accidents with cans or cups won't kill the action.

PROGRAMMABLE WITH ONBOARD MEMORY

TUF Gaming K1 features eight programmable keys with on-the-fly macro-recording support, making it easy to configure your keyboard for personalized play. And three customizable plus one default onboard memory lets you take your keyboard on the road and have your settings available wherever you go.
