300 LED Lumens
HD Resolution

Big Screen Entertainment for the Family

ZenBeam Latte has a maximum brightness of 300 LED lumens and 720p native resolution. With projection sizes ranging from 40 to 120 inches (1 to 3.2 meters), it transforms any room into a home cinema that the whole family can enjoy.

Immersive Audio All-Day Long

The speakers sound by Harman Kardon has been meticulously tuned to take full advantage of the fabric design of ZenBeam Latte. The speaker compensates for the acoustic surroundings for better sound penetration and takes into account heat dissipation to ensure the best audio performance at all times.

Exceptional Audio

Exclusive ASUS AudioWizard software offers Movie, Music and Game pre-set modes to ensure optimized audio for different scenarios.

Flexible Connectivity

Wireless

ZenBeam Latte supports wireless mirroring, letting you effortlessly stream content from your smartphone, tablet or other mobile devices for high-definition entertainment.

Wired

HDMI ensures compatibility with a wide range of input sources, and the USB Type-A also offers output for charging devices.

Enjoy Great Entertainment, Indoors and Out

A convenient carry pouch lets you take ZenBeam Latte anywhere, and the built-in battery provides up to 3 hours of nonstop entertainment (in Eco mode). These features make ZenBeam Latte perfect for an outdoor viewing party with family and friends.

All Your Favorites in One Place

View your favorite videos and movies on the pre-installed third-party Aptoide TV app*
