SUPPORT

FEATURES

Advanced Sensing
Motion and ambient lighting detection ensure your lights only turn on at night.

Scheduling
Set lights to automatically turn on and off throughout the day or night whether you're home or away.

Works With Smartthings
Control and manage your Kasa devices with SmartThings.

Guide Installation
Kasa Smart app provides step-by-step instructions for wiring your new Smart Light Switch.

Smart Control
Set different light triggers and brightness levels based on your routine for effortless control.

Hands-free Voice Control
Set lighting levels using the leading voice assistants such as Amazon Alexa and Google Assistant.

Upgrade Your Light Switch
Designed to easily replace traditional light switches (single-pole only).

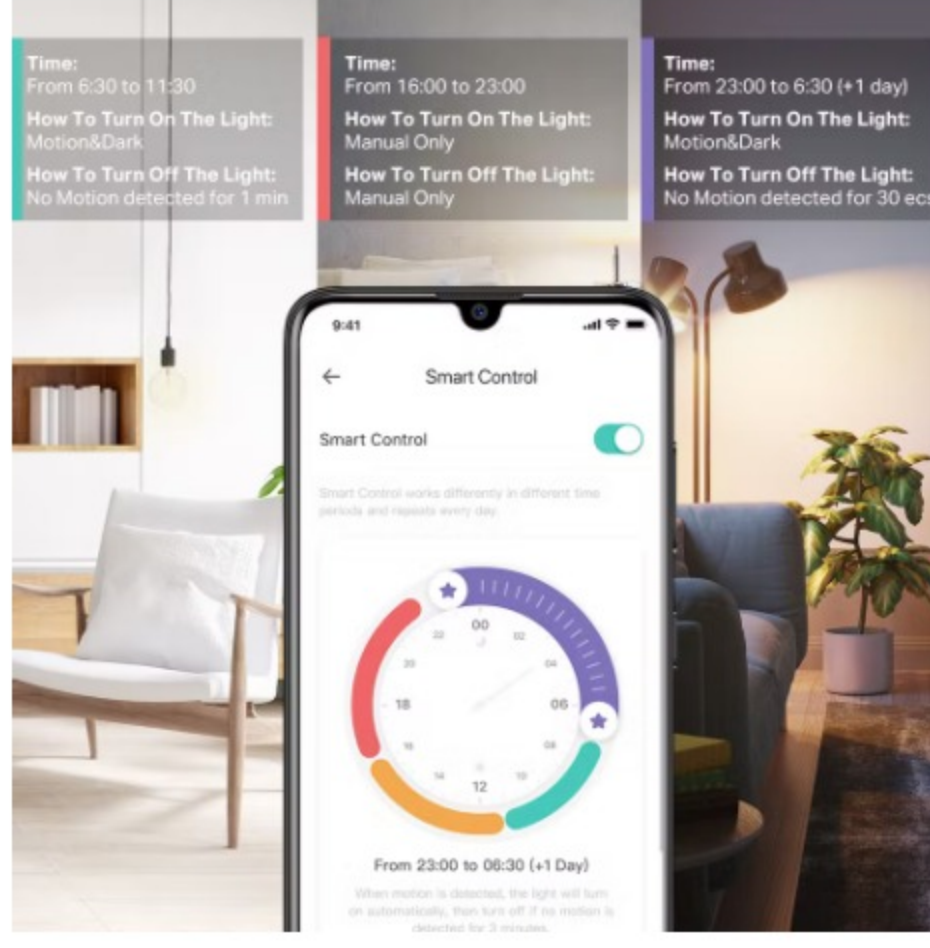

Smart night light hidden in plain sight

Stay steady at night with the motion-activated sensors picking up ambient light and movement.

Smart Control

Set the light to turn on/off with light-based, motion-based, or manual triggers during set hours.

Voice Control

Have Amazon Alexa or Google Assistant get the lights instead, leaving you hands free!

"Alexa, turn on kitchen lights."

App Control

Set the lights from anywhere, anytime via the free and intuitive app, along with all Kasa devices.

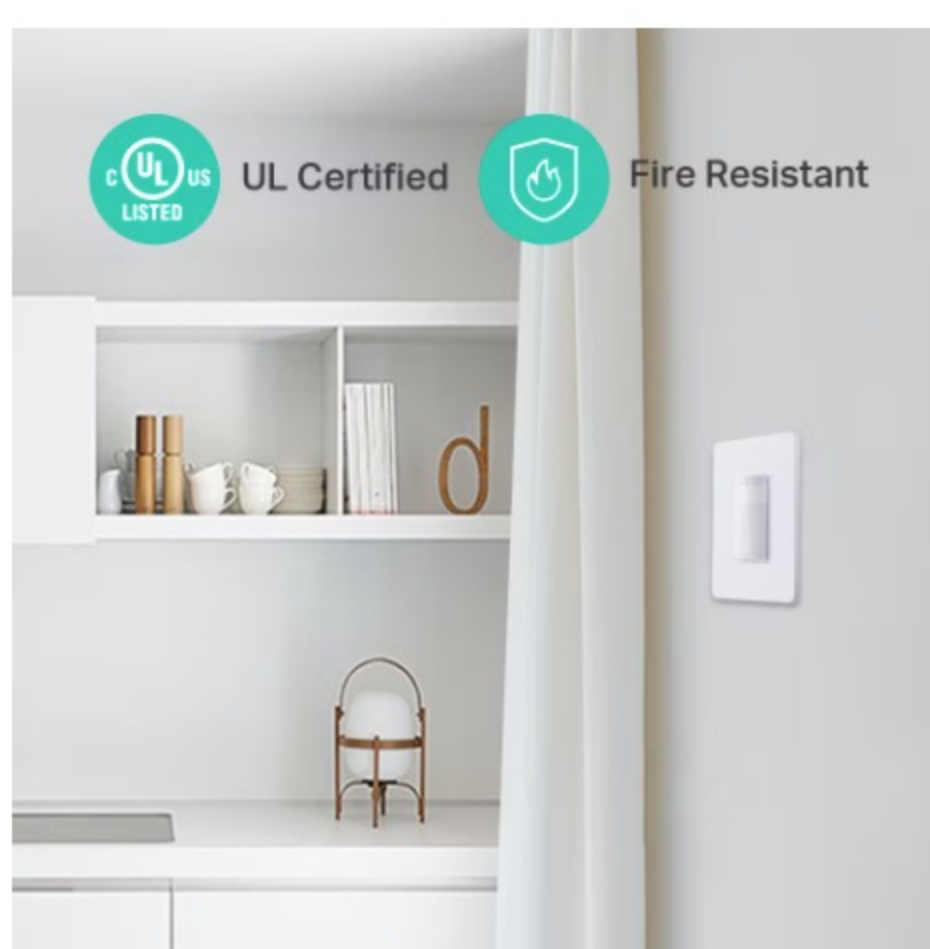

Intelligent Green Energy Solution

Save money and the environment by keeping the lights on only when they are needed. The Kasa Smart Light Switch works with in-built motion and ambient light sensors to ensure that light is only on when it is needed.

Energy Saving

Designed for Safety

This switch is UL Certified. UL94-V0 PC flame-retardant materials help minimize burning hazards.
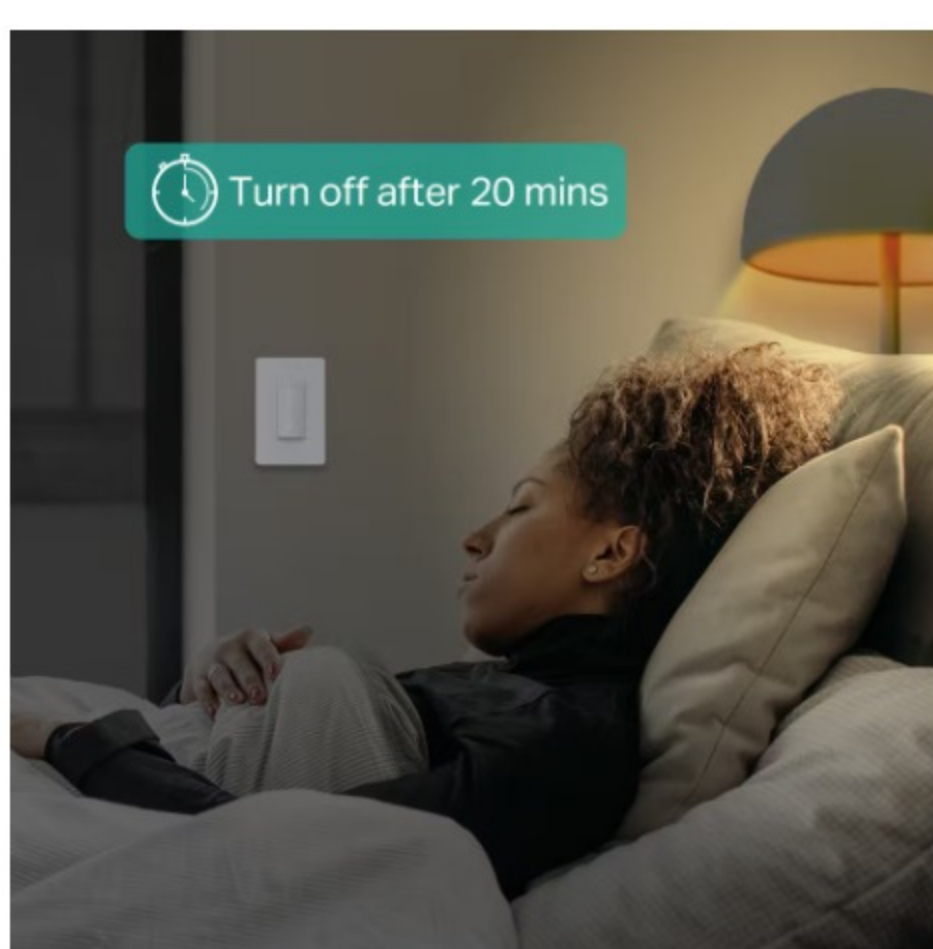

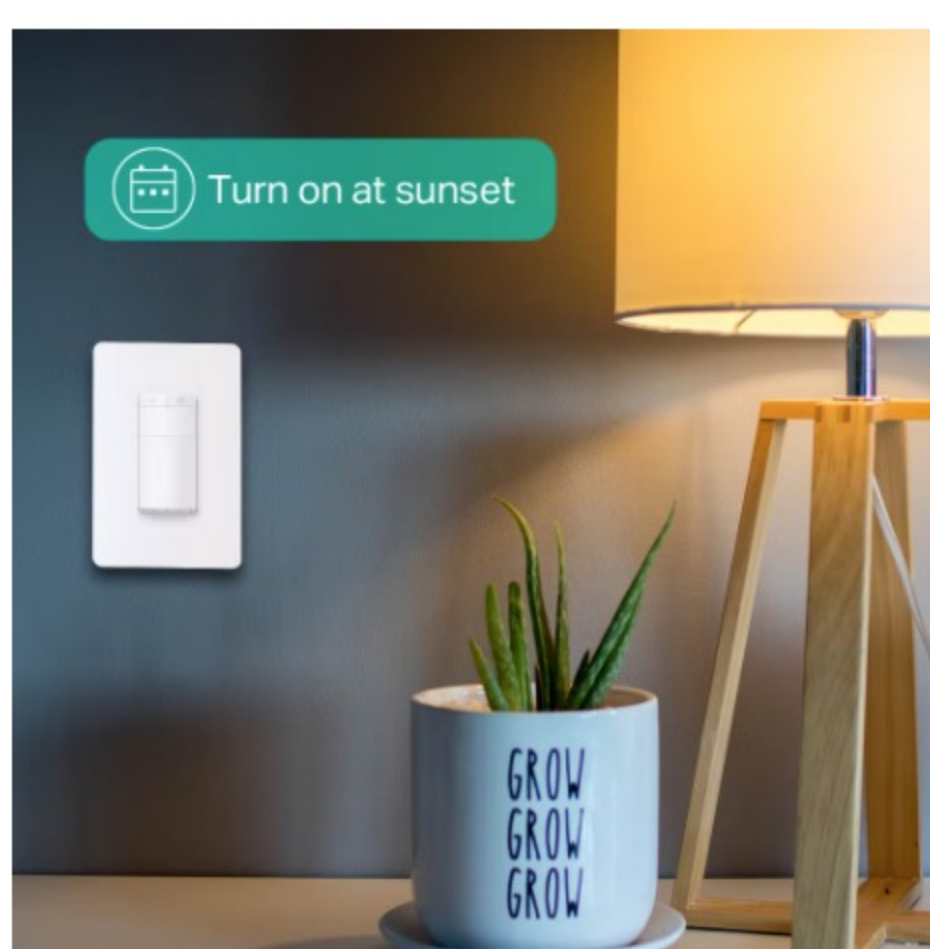

UL Certified   Fire Resistant

Group

Combine your smart switch with other Kasa Smart devices for seamless control with a single tap on Kasa app.

Schedules

Easily create an automatic schedule for your appliances any day of the week following your daily routine.

Turn on at sunset

Timer

Set a timer to turn off your connected device automatically as needed.

Turn off after 20 mins
