

Excellent choice for your office and gaming setup

In order to adapt to the modern lifestyle, you need more than a regular desk. Made from a heavy-duty steel frame and robust lift dual-motor, will raise you up smoothly and resiliently

1.7 M XL Desk - More space to live.

Regular is roomy enough for 3 monitors. But there's XL for everything you need – and more. The Ergopixel Altura Series Adjustable Gaming Desk XL features an improved lifting column to support all that extra space, and all your best work.

Telescopic Height Adjustment

The strong legs use telescopic adjustment transitioning from sitting to standing.

Ideal for a broad range of bodies, the Ergopixel Altura Series Adjustable Gaming Desk XL is adjustable from 27.95" all the way to 47.64". Explore your perfect sit-to-stand.

FCC cUL US

Certified Super Durable
