

**G.L.I.D.E.**<sup>19</sup>

**LEVEL-UP YOUR  
REACTION TIMES**

### **SUPERIOR GLIDING EXPERIENCE**

The G.L.I.D.E. Gaming Surfaces are engineered using a hybrid of silicone and cloth. The non-direction cloth surface provides even friction for superior tracking response time. Compatible with all gaming mice, G.L.I.D.E. makes every move and swipe effortless, providing precision control every time you play.

### **WATER-REPELLENT FOR EASY CLEANING**

Say good-bye to unexpected splash damage. The water-repellent design of the G.L.I.D.E. Gaming Surface keeps it dry and in optimal condition, protecting against liquid, sweat and moisture. Easy to clean using nothing but water, the G.L.I.D.E. is always ready to jump into battle.

### **GOODBYE, FRAYED EDGES. HELLO, COMFORT!**

The heat-bonded engineering used on G.L.I.D.E. prevents frayed edges, giving a smooth and soft touch to your wrist and providing less irritation when used for longer gaming sessions. The anti-skid silicon base keeps the Gaming Surface in place during the most heated of gaming battles.

### **IDEAL TRAVEL COMPANION**

The G.L.I.D.E. Gaming Surface features an anti-curling design for easy travel. After unrolling, it will quickly return to the flat surface you need to take the fight to your opponents.
