

MAD CATZ™  
**R.A.T. DWS**  
**Gear Up All**

## Dual-Mode Wireless Connection Mouse

The R.A.T. DWS wireless optical gaming mouse is equipped with dual-mode wireless 2.4GHz and Bluetooth connections. The 2.4GHz wireless mode gives you a lightning-fast one-millisecond response time along with a broader range of compatibility. The low-latency Bluetooth mode optimizes power consumption to sustain up to 300 hours of gameplay using only one AA battery.

## Customizable Grip

Create the perfect grip with the adjustable palm rests or swap them out entirely to fit any hand size with the included accessories. The pinkie rest comes with three variations (battle-ready, wing, and rubber) for even more customization and control.

## Barrel Side Scroll Wheel

Quickly and easily select your weapon with the barrel side scroll wheel, giving you a quick response even under the most challenging circumstances.

## Precision Aim Button

With the precision aim button, zero in on your enemies. Instantly increasing or decreasing sensitivity, this button is ideal for in-game sniping.
