

F.R.E.Q. 4 Gaming Stereo Headset

Fully immerse yourself in your game with The Authentic F.R.E.Q. 4 Gaming Headset. This headset features 7.1 virtual surround sound and 50mm audio drivers that deliver powerful bass with a full audio range.

Ergonomic Fit With Customizable Lighting

The suspension headband easily adjusts to fit all head sizes while the polyurethane foam earpads increase sound quality, all designed to keep you comfortable. And customizable RGB lighting zones let you make this headset your own.

Dual Microphones

Dual omni-microphones provide Environmental Noise Cancellation (ENC), eliminating unwanted external noise and keeping your focus on your game. These microphones have greater flexibility of sound pick-up and are easy to store, retracting into the headset.

Controls

Simple controls allow for volume adjustment and mic control without interfering with gameplay.
