

E.S. PRO⁺

Gaming Audio
Redesigned

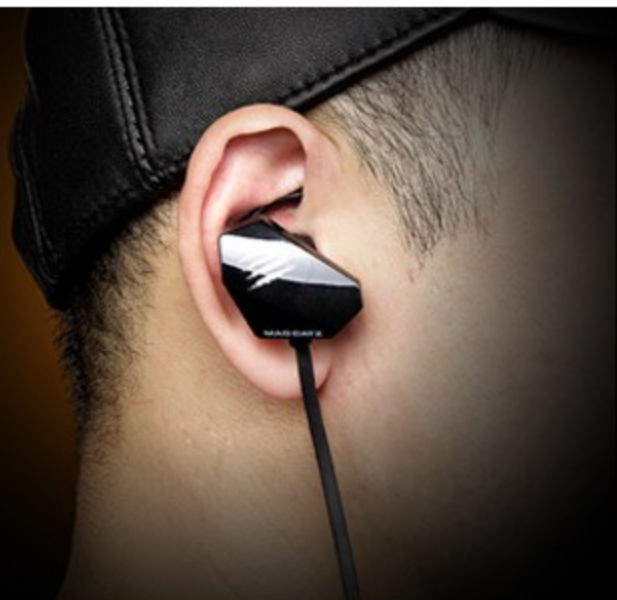

DYNAMIC DRIVERS

The E.S. PRO+ features powerful 13.5mm drivers, larger than most gaming earbuds, which provide unrivaled audio clarity and bass response. Enjoy the game with the most immersive gaming audio experience!

DUAL MICS FOR CRYSTAL-CLEAR CHAT

The E.S. PRO+ has been designed to never miss a word when gaming online. Featuring both in-line and detachable microphones, as well as an omnidirectional boom mic, gamers can be sure of sharp, clear communication when they need it the most.

ADJUSTABLE ERGONOMICS

Using the interchangeable earbuds which come in pack, gamers can be sure of an exact fit for their particular ear size and shape. Ergonomic ear supports to keep the earpads safely and comfortably anchored in the ear, ensuring they don't slip out in the heat of battle, and the included microfiber travel pouch makes E.S. PRO + easy to take on the road.

MULTIPLATFORM FOR EVERY GAMER

The 1.5m wired connection features a standard 3.5mm TRRS audio jack, allowing E.S. PRO+ to link directly to console controllers, laptops, as well as smart and mobile devices. With E.S. PRO+, you can enjoy incredible gaming audio anytime, anyplace, anywhere!
