

Illuminated Backlit Keys

The Illuminated Backlit Keyboard lets you choose your backlit color with one key press. Choose red, green or blue and easily adjust brightness up or down to suit your personal space, and mood. The gentle illumination allows you to work comfortably, day or night, while easing eyestrain. See the correct keys in any lighting environment. Work from dusk til dawn at your desk, study, or in the bedroom without disturbing others!

Ergonomic Shape

The design of this keyboard with gently sloped shape, encourages natural position of hands, wrists, and forearm for maximum comfort and long use.

Split Key Zones

The design of this keyboard with splitted key zones encourages natural position of hands, wrists, and forearm in maximum comfort for long use.

Integrated Palm Rest

Designed to keep your hands in the natural resting position, this not only relieves joint pain and improves posture, but has also shown to relieve back pain and spinal discomfort.
