

Overview

Featuring a USB 3.2 Gen 1 interface for SuperSpeed data transfer, the Store 'n' Go V3 USB Drive is up to 10 times faster than USB 2.0* making it faster for transferring and saving larger file sizes of all types.

The design of the V3 USB Drive also ensures that the USB connectors are protected featuring a 'slide and lock' mechanism. This locks into position when using the drive and retracts back into a closed position to protect the connector when not in use.

Simple and easy to use, just plug into any USB 3.2 Gen 1 port (also compatible with USB 2.0) and drag and drop your folders and files.

* Based on USB 3.2 Gen 1 theoretical bus speed. Actual speeds dependent on file size and computer capabilities.

Product Details

Part Number: 49189

Capacity: 128GB

Read Speed: Up to 80MB/sec (USB 3.2 Gen 1 host system)

Write Speed: Up to 25MB/Sec (USB 3.2 Gen 1 host system)

- SuperSpeed USB 5Gbps.
- 'Slide and Lock' mechanism protects the USB connector when not in use.
- Compact, stylish design.
