Feel Free to Install

When equipped with this incredible light strip, you may find it rather handy to fix our L900-20 on Christmas trees, shelves, stairs, containers, or any other turning points with complexity.

Light Up With a Tree · Goods Display · Stair Decor · Delicacy Inside

---

The Brightest Bulbs

Our high quality LED light beads possess longer lifespan than the entire light strip (almost doubled). Hence, L920 light strip stands out, being 20% brighter and lasting 50% longer than other common products.

Color Your Life

Full color ambiance for every occasion

Fill any room of your house with over 16 million vibrant colors, warm white, or cool daylight to choose from as the mood takes you.
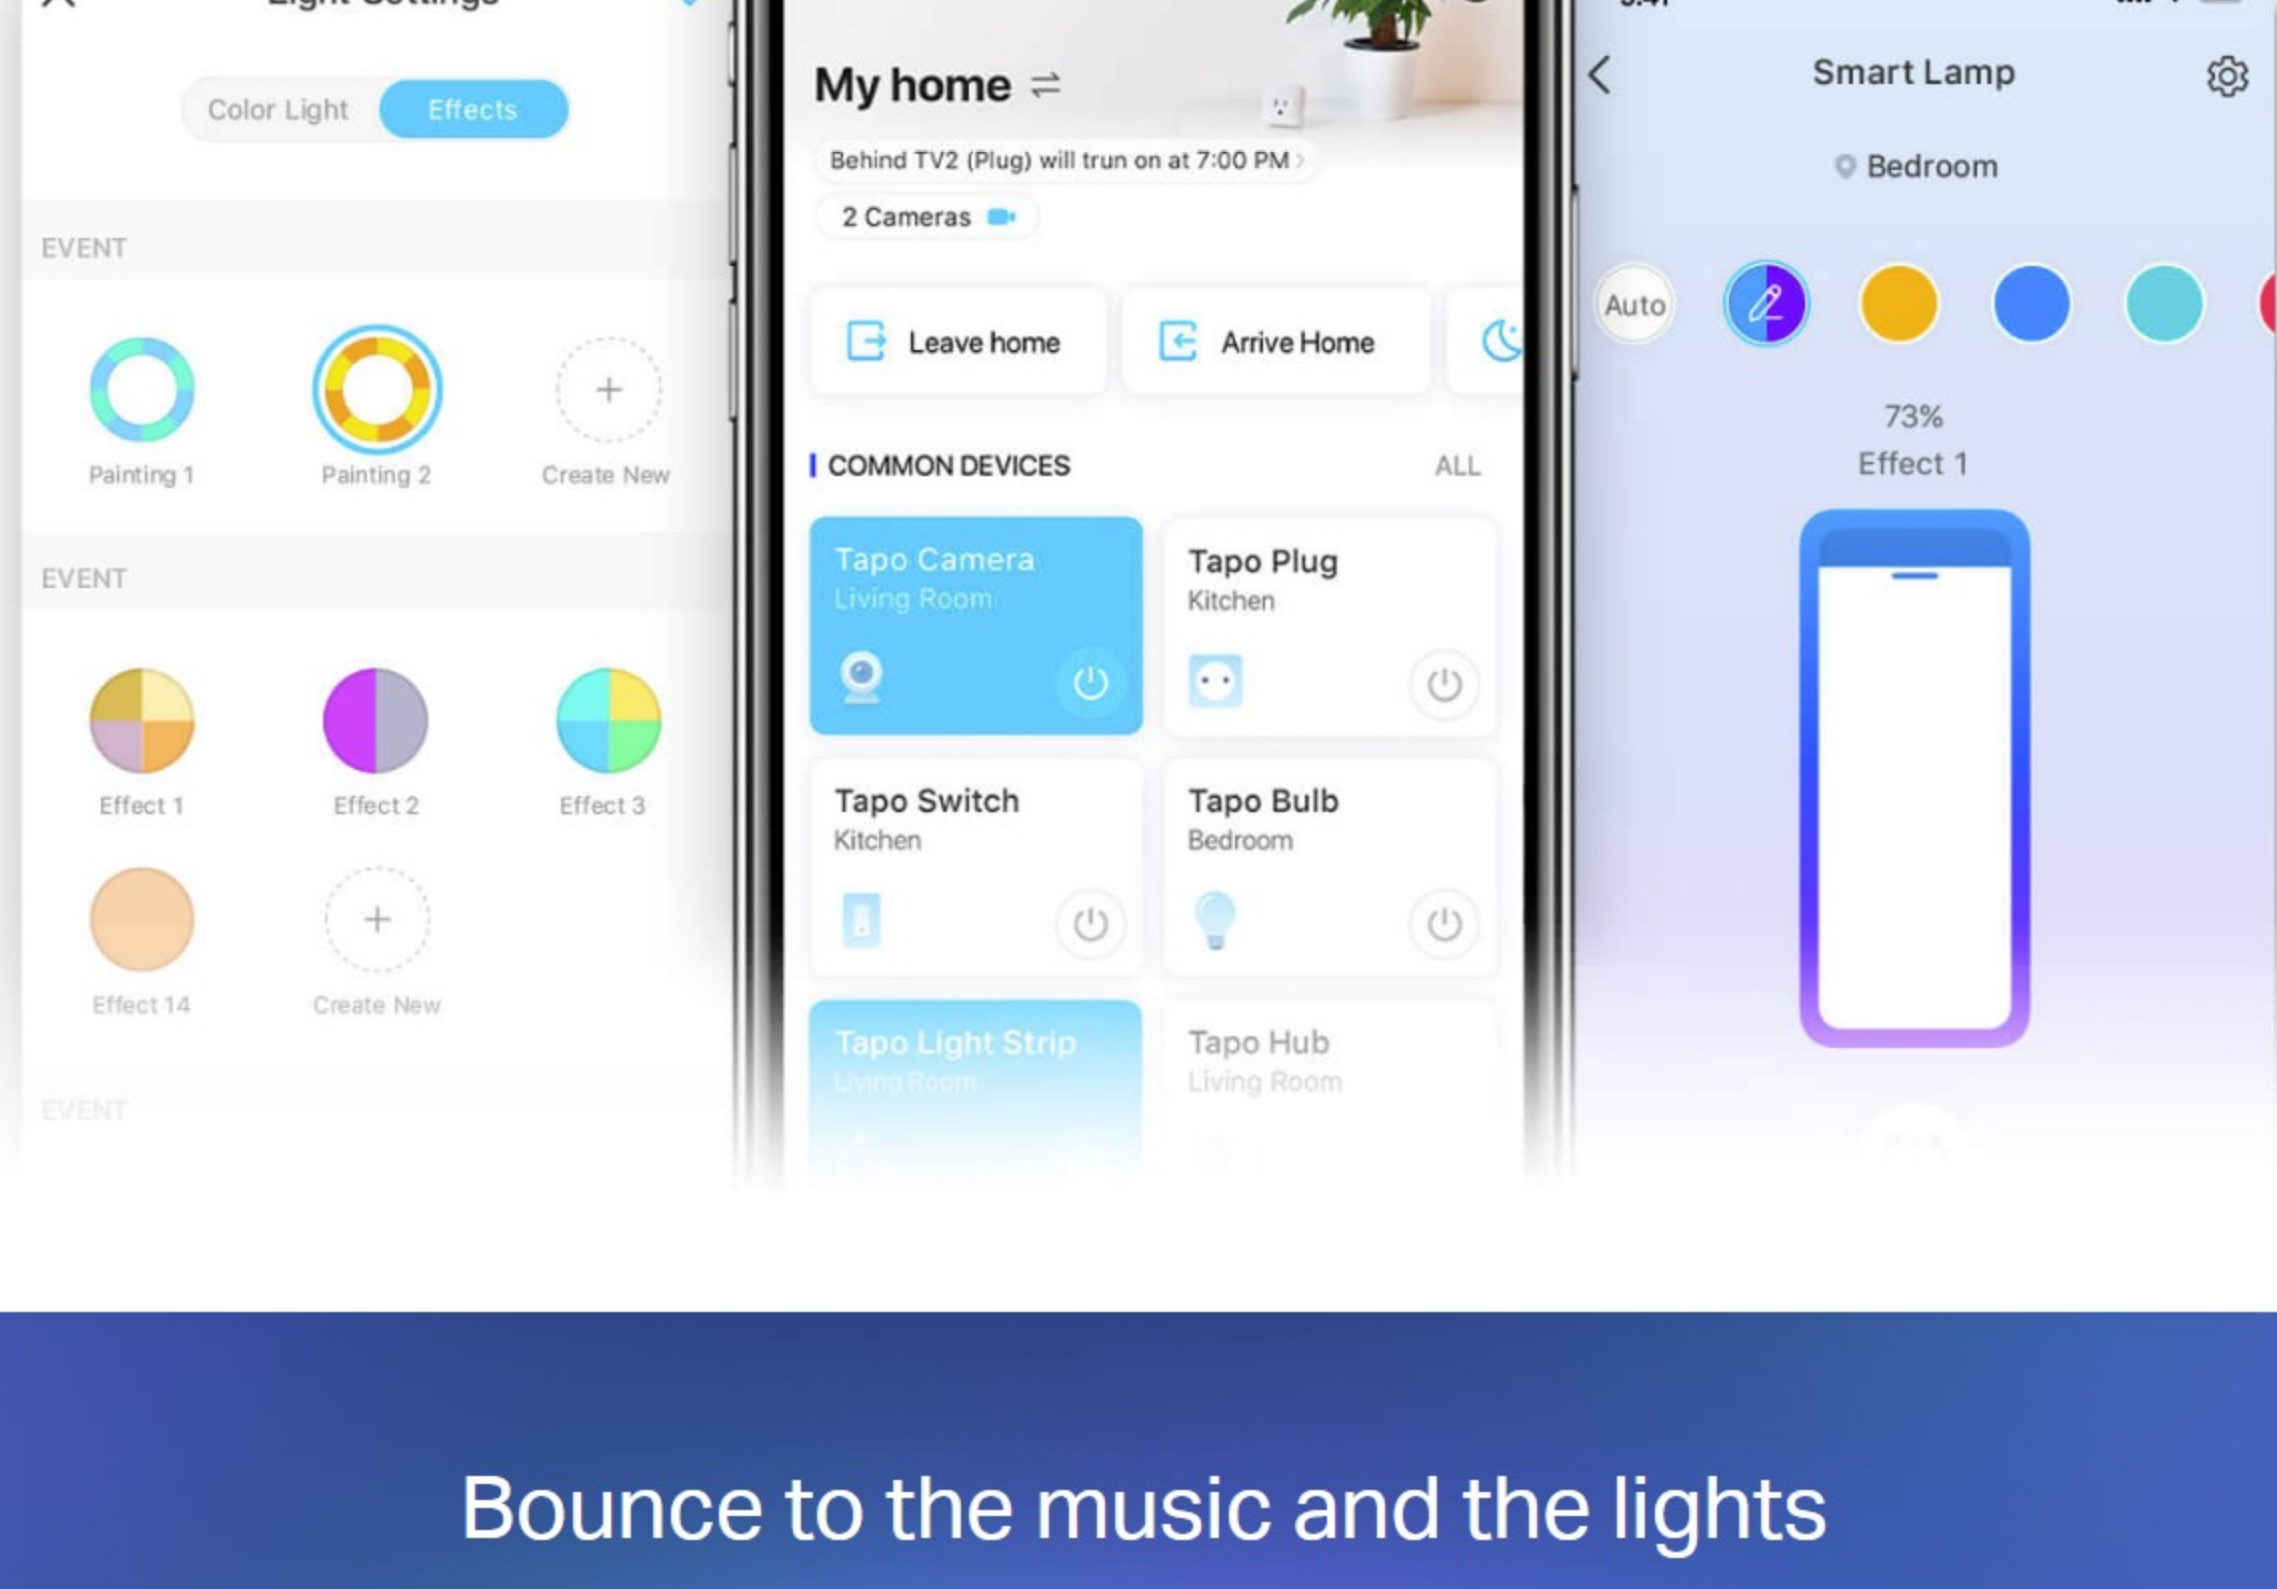

Once you work out how you want your lighting set up, save it, schedule it, and you're ready to go! Get for your times and you can enjoy it.

Gaming · Theater · Just Living · Party

Color Your Digital Life

Automate the individual strips with different colors, timers, brightnesses and warmths. Control from anywhere and anytime within the Tapo app.

Bounce to the music and the lights

Let your music overtake you as the lights reflect your mood. Pick up sound through your mobile device and set up the perfect party atmosphere. The lights will sync to the frequency and the beat, creating a mini-festival in your own home.

Control With Your Voice

The Smart Wi-Fi Light Strip can respond to your preferred smart home platform, including Google Assistant and Amazon Alexa. You can also control it via Siri® Shortcuts.
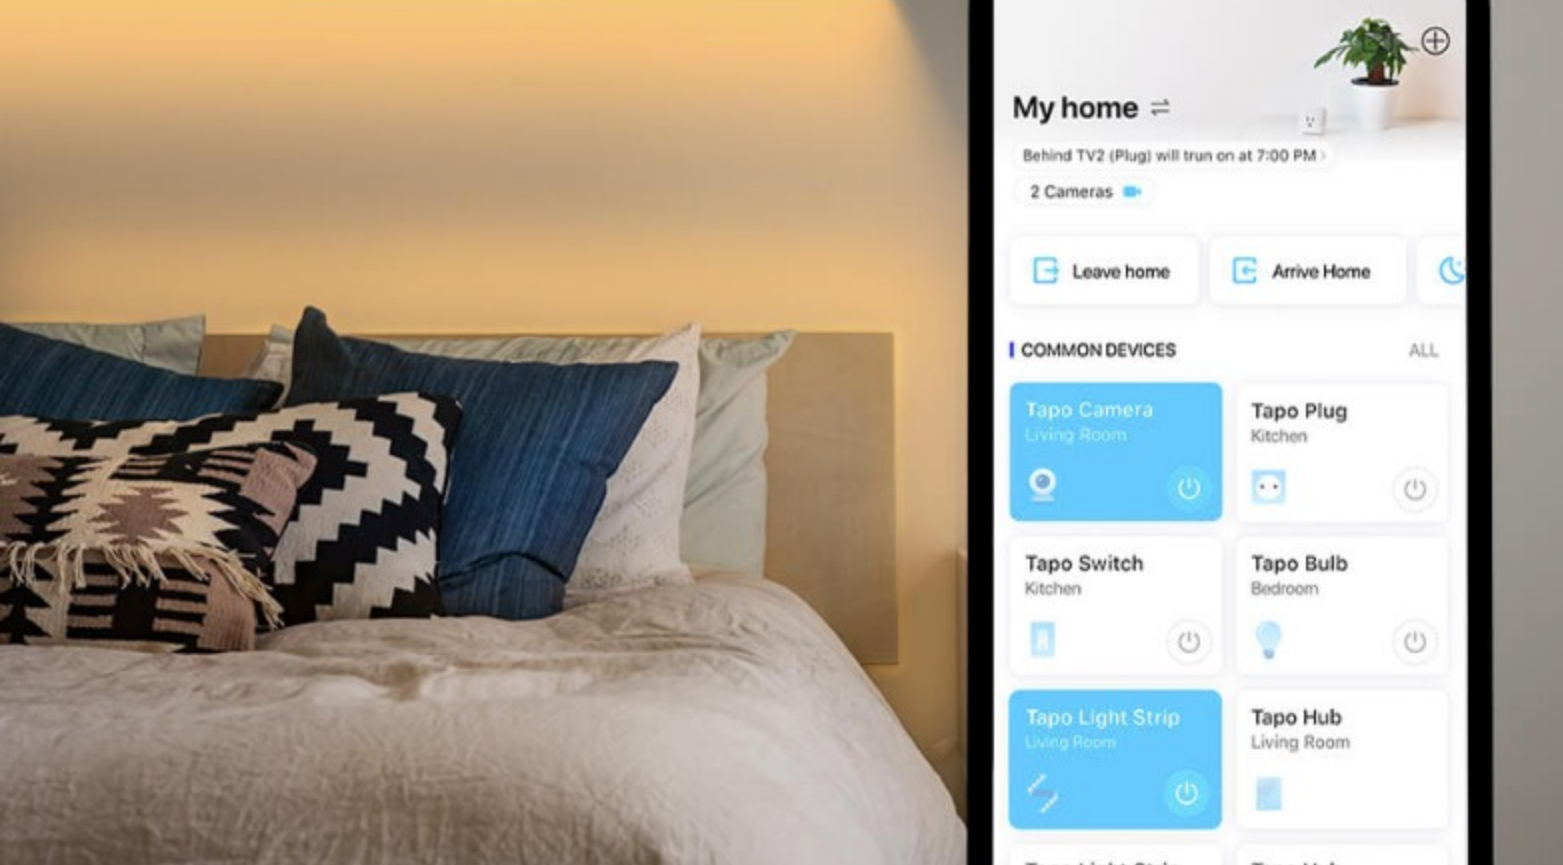

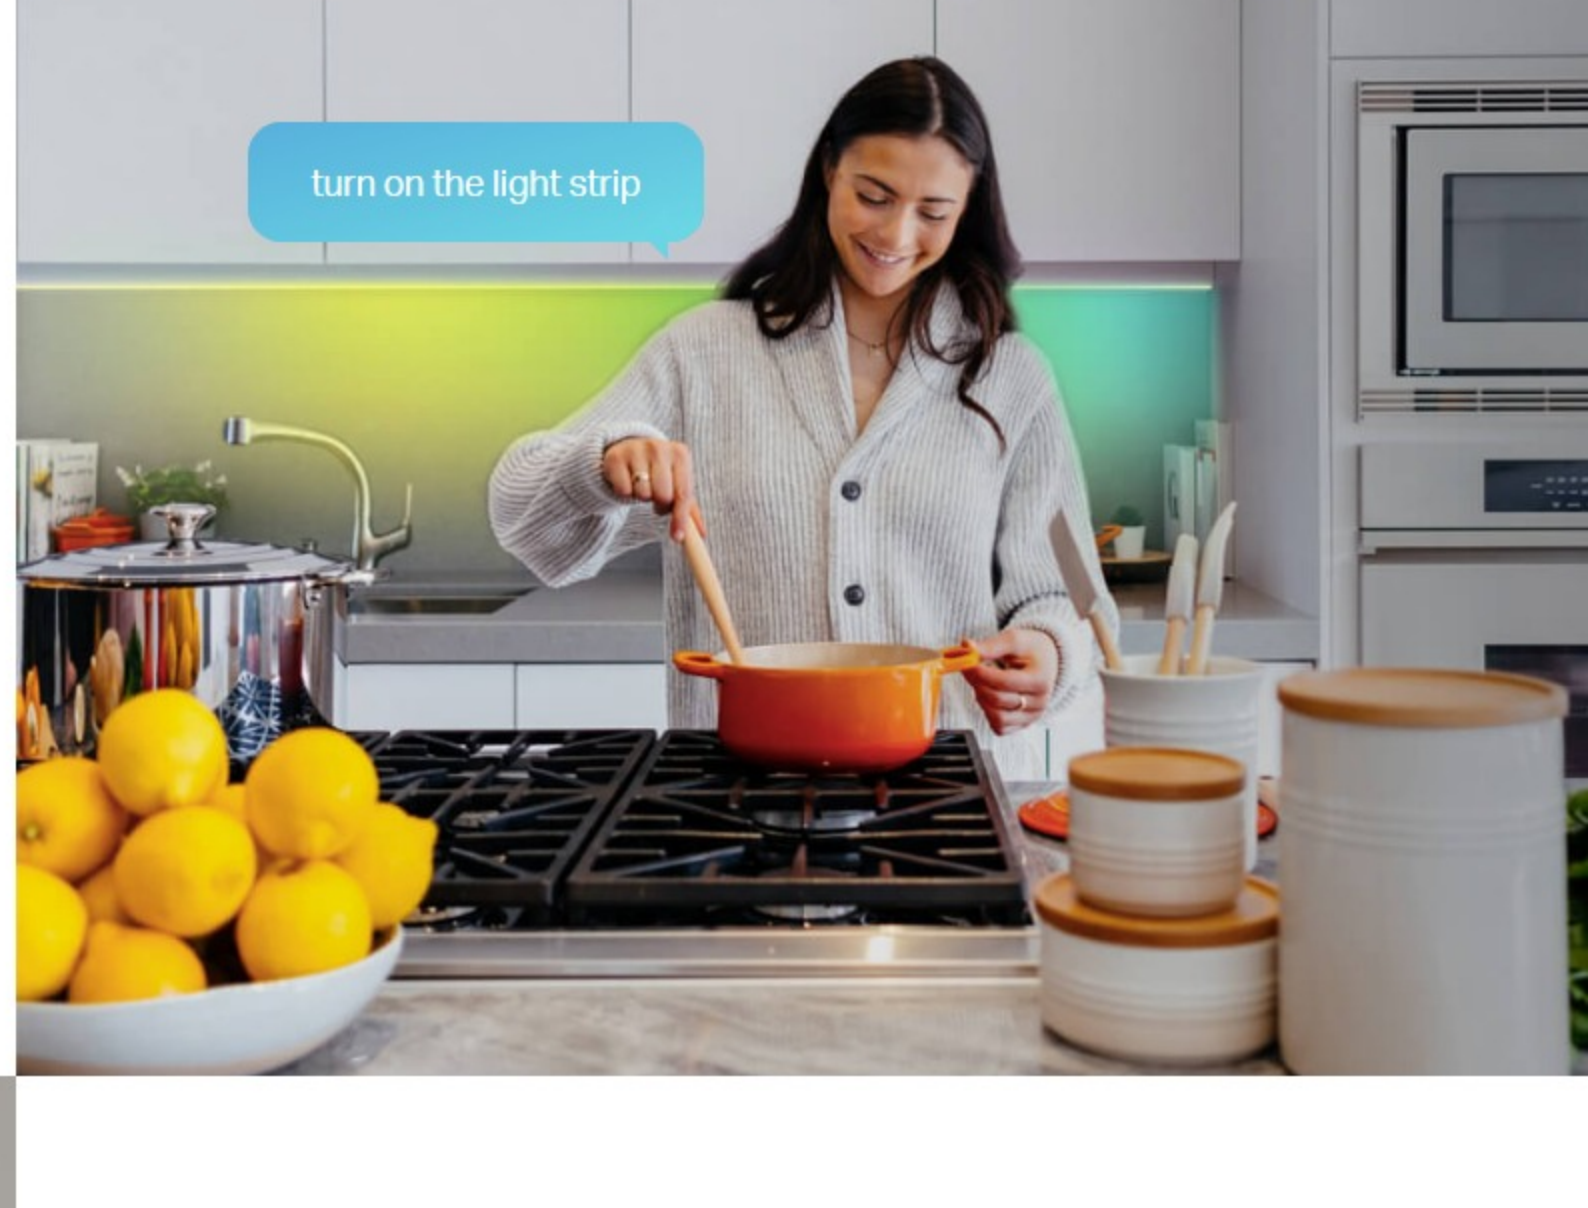

Direct Control

All Tapo Smart Wi-Fi Light Strips let you connect directly to the Tapo App. Take full advantage of all the intelligent features you demand.

Automatic Control

Let the light strip guide you through the night. Connect to the Tapo Sensor* and glow softly as you get up in the night. It will turn itself off after a short period of time without disturbing others.

*Tapo Sensor sold separately, the connectivity to Tapo Sensor will be released later in 2022.
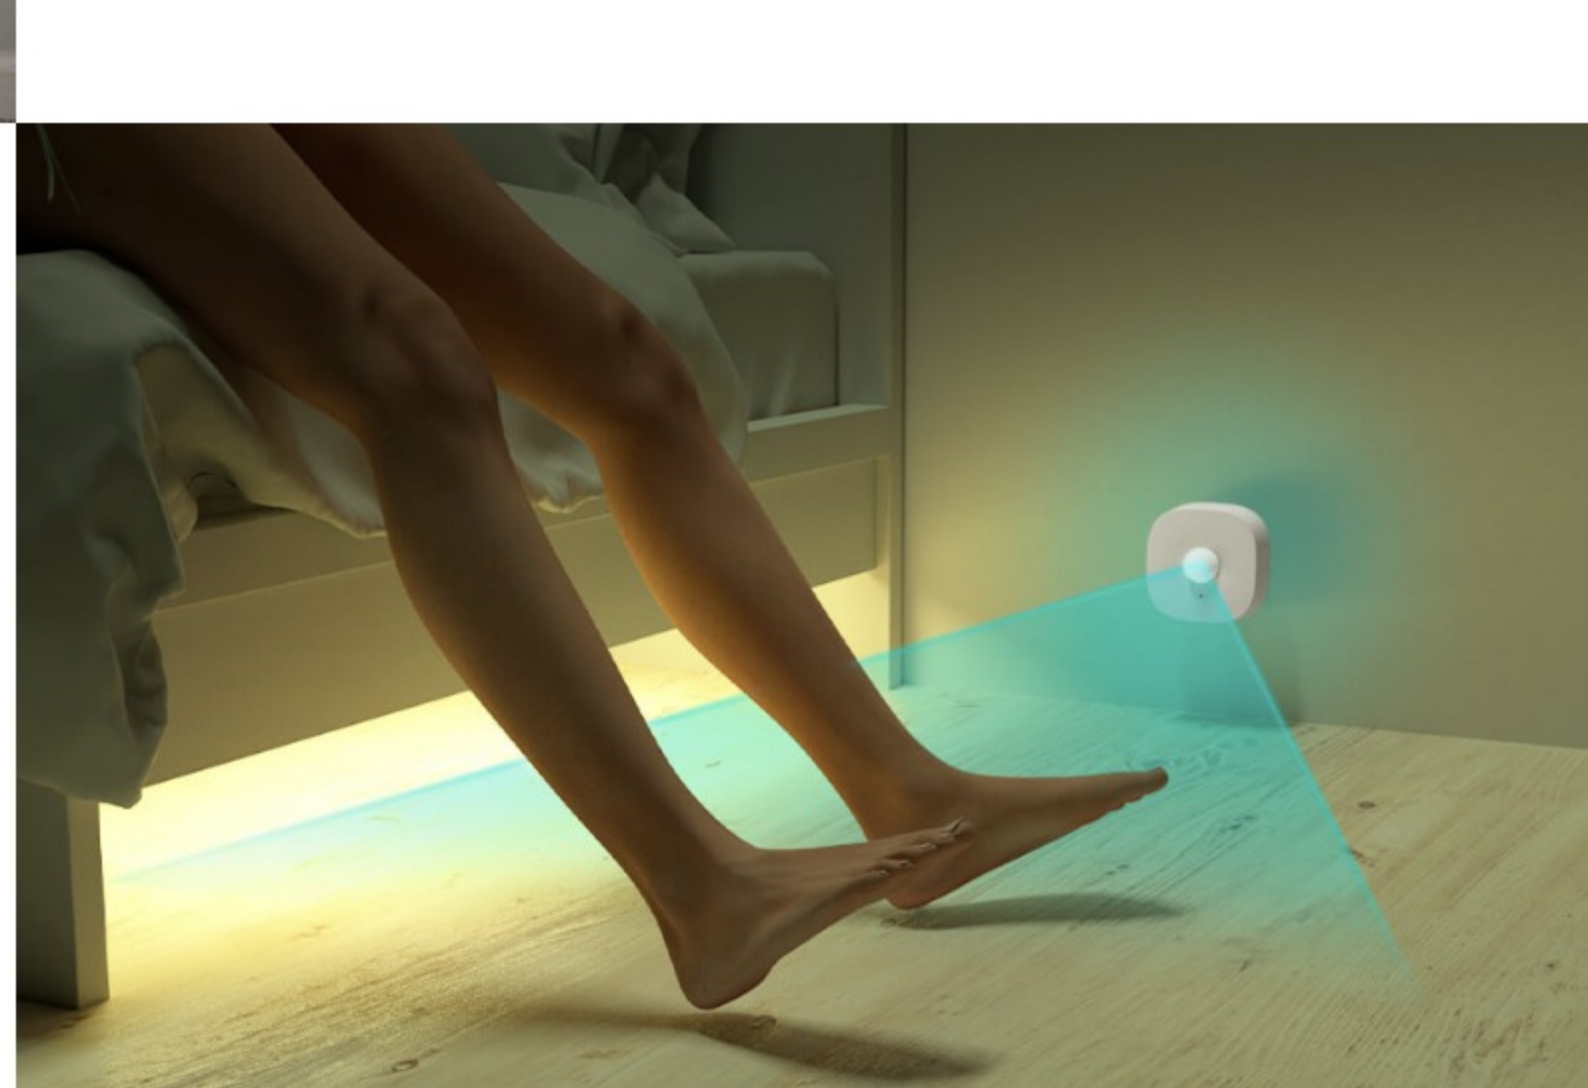

Tactical Control

Use the Controller Box to manipulate the Light Strip. Turn it on or off, reset the Light Strip, and change the current colors.

Family-Centric Lighting

Tapo ensures that your family lives a safe and secure life with our electrical products. Highly durable light strip designed for better heat dissipation, increased toughness and more folds than any other LED light strip. Each LED bead operates independently of the next, ensuring safe use under all circumstances. Our lights are designed with low voltage that do not flicker or emit blue light. Your family can be comfortable to live safely with our lights.
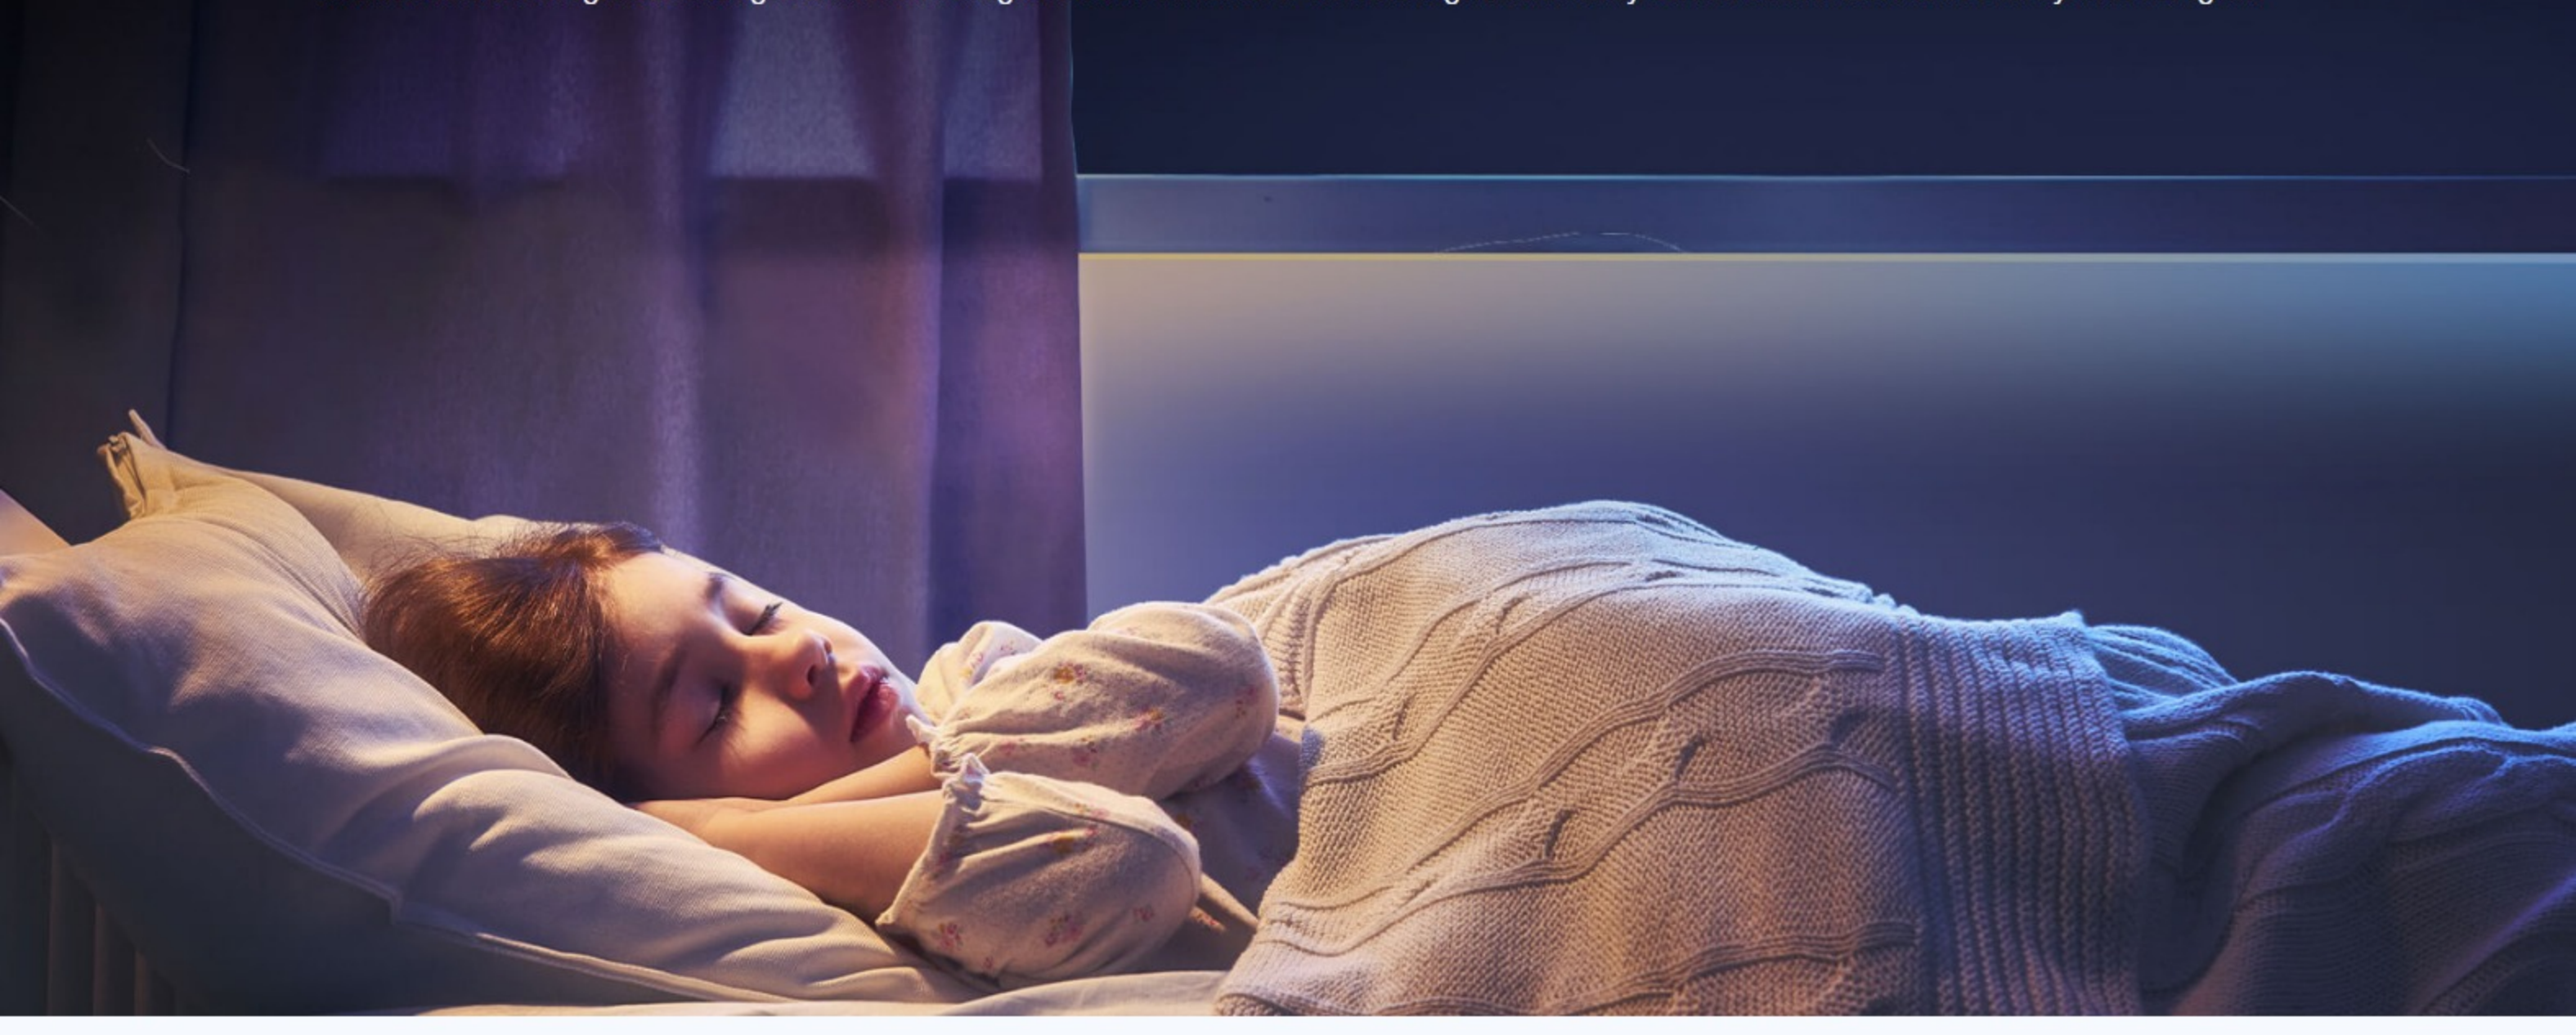

Set the Length. Stick in Place
