Control your TV

with your voice

Fire TV Cube lets you put down the remote and dive straight into your favorite movies and TV shows with the sound of your voice. From across the room, just say, "Alexa, play Tenet on Prime Video" and Alexa will respond to your request.

Switch inputs and go from watching your favorite TV show to the big game. You can also ask Alexa to check the weather, set timers and reminders, and more—even when the TV is off.

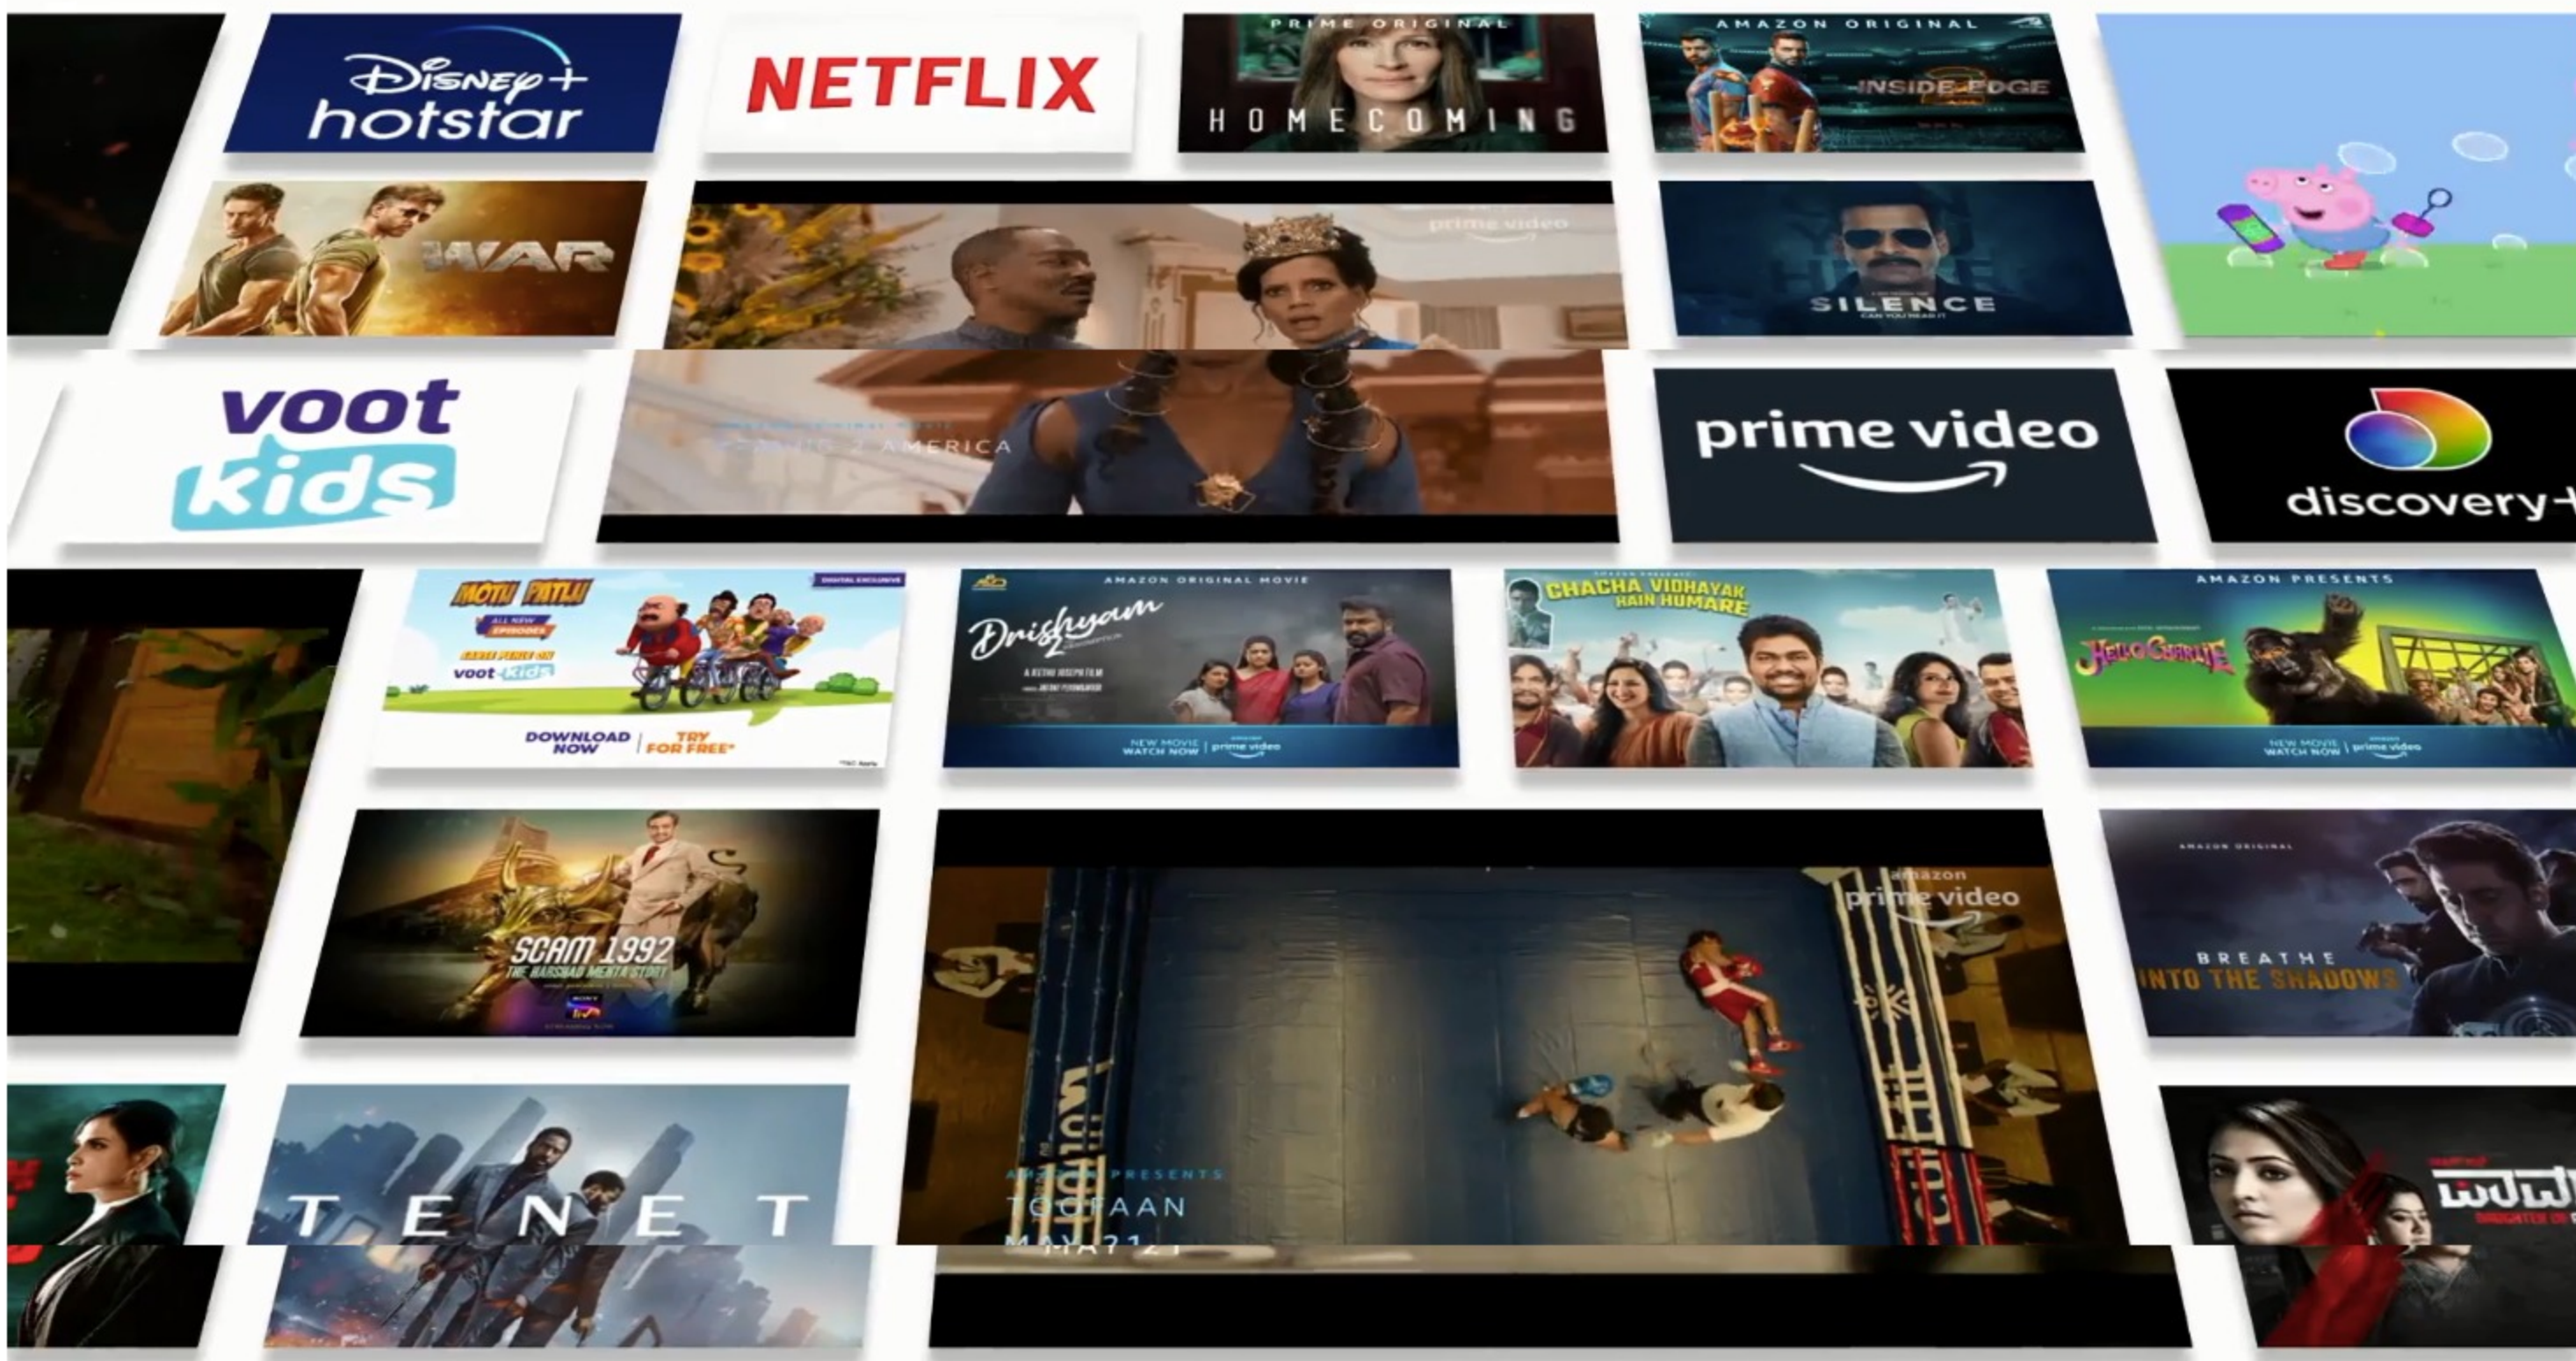

## Find content fast

Streaming on Fire TV is simple and intuitive. It all starts with the easy-to-use Fire TV home screen. Search across multiple streaming services to find what you want to watch.

## "Alexa, tune to Zee HD"

Fire TV Cube has eight microphones that hear you from any direction, making it easy to ask Alexa to adjust the volume or mute your compatible TV or soundbar. Fire TV Cube lets you control your compatible DTH Set-top boxes. The Alexa Voice Remote is also included for those times you want to control your TV without making a sound. With Set-top box control, you can easily access TV series, live news or browse the channel guide. Simply say, "Alexa, switch to DTH" and "Alexa, tune to Zee HD" to watch your favorite channel. You can also view live channels from your subscribed apps in "Live" tab.

## More than a million movies and TV show episodes

Enjoy favorites from Prime Video, Netflix, YouTube, Disney+ Hotstar, ZEE5, Voot Select and others. Stream live news, sports, and must-see shows. Access tens of thousands of HDR titles. Plus, play over a hundred million songs through services like Amazon Music, Spotify and others. Subscription fees may apply.
