

GO FITNESS.

The ultimate workout buddy, JLab Fit 2.0 Bluetooth Sport Earbuds will keep you GOing through it all: running, biking, climbing, you name it. Their 6-hour battery life and easy-to-use universal controls will keep you powering on without the wires. Find your custom fit with the Memory Wire ear hook and seven included gel tips. Plus, the Fit 2.0 is IP55 sweat and splash-proof rated to keep you reassured through any rainy or sweaty workout. It's time to GO sweat.

FLEXIBLE MEMORY WIRE

The JLab proprietary Memory Wire ear hook will shape to your ear, maximizing fit and security for even your most intense workouts.

BLUETOOTH PLAYTIME

The Fit 2.0 has a 6-hour battery life, designed to make sure your workouts are never short on music so you can always stay motivated. Keep your earbuds connected to your device up to 30 feet away while you pump some iron.

EVERYTHING-PROOF

Blood. Sweat. Tears. And whatever else you can dish out. The Fit 2.0 Bluetooth are splashproof, sweatproof and washable with an IP55 rating. Just finished a run? Wash off your earbuds for your next round. They're the perfect workout buddy.

UNIVERSAL CONTROLS

We made sure all your controls were easy to use and accessible. For your convenience, you can play, pause, change tracks, adjust volume, and take calls even in the middle of your marathon.

RADICAL SOUND

Deep, rich bass. Full, luscious mids. Crisp, vibrant highs. The Fit 2.0 has titanium micro-drivers that deliver a clean, crisp sound so you're never short on crystal clear music.

ERGONOMIC DESIGN

Designed, tested and fitness approved. The earbud housing has been redesigned to maximize natural comfort. A 45-degree to body angle naturally fits most ears so they stay perfectly in place. The Fit 2.0 includes seven pairs of soft, silicone cushions in a full range of sizes for extra security.
