

Streaming superiority

Your viewing experience is second to none with the Lenovo Tab P11 Plus, thanks to stunning 2K resolution on its 11" TDDI IPS display. Narrow bezels on all four sides give it an excellent screen-to-display ratio, and it's certified to stream Netflix in HD. You can even watch in the sun, thanks to the LCD screen's 400 nits of brightness.

Audio accomplishments

Enjoy the sounds of your favorite songs, stories, and shows even more, with Dolby Atmos® over four speakers. You'll feel like you've been dropped into the middle of a scene or concert hall. Listen to moving audio that flows above and around you, for an immersive experience.

Connect your kids with learning, fun, and family

The Tab P11 Plus features an independent kids' account and Google Kids Space—with more than 10,000 teacher-approved apps and games, plus hundreds of free books to help kids discover, create, and grow. Plus, its high-resolution 8MP camera enables crystal-clear video calls with background noise cancellation—making it easy to learn or work from home.

Lenovo Keyboard Pack and Lenovo Precision Pen 2 sold separately.

Great for work, too

This tablet can also tackle laptop-level work, thanks to the optional ultrathin keyboard with built-in trackpad and shortcut keys. Sketch, paint, or take notes whenever inspiration strikes with the optional Lenovo Precision Pen 2—featuring 4,096 pressure levels, tilt detection, and 200 hours of usage time on one charge.

Supercharged experiences

Experience less lag while gaming or browsing via the MediaTek® Helio G90T Tab Octa-Core processor with up to 2.05GHz main frequency. Multitask seamlessly with up to 6GB of RAM. Do more while you're away from outlets, as the Tab P11 Plus can play for up to 15 hours* on a single charge of the 7700mAh battery.

*All battery life claims are approximate. Actual battery performance will vary and depend on numerous factors including product configuration and usage, software, operating conditions, wireless functionality, power management settings, screen brightness and other factors. The maximum capacity of the battery will naturally decrease with time and usage.
