

Clutter-free display

The IdeaPad Flex 5 (14, AMD) boasts narrow bezels on four sides to give it a stylish, contemporary look—and to give you more real estate to enjoy its FHD screen.

Webcam privacy made simple

Why make it complicated? Webcam hacking worries all of us, but the IdeaPad Flex 5 (14, AMD) offers a simple solution: a physical shutter you can close yourself for complete security and privacy.

Make a statement

When you take a device everywhere, you want it to look good. That's why we engineered the IdeaPad Flex 5 with a new level of attention to detail, making it soft and comfortable to the touch yet still durable. And with multiple color options, you can find the one that best fits you.

Flexibility & freedom

The IdeaPad Flex 5 (14, AMD) features a 360° hinge so you can use it as a laptop, a tablet, and more. What's more, optional digital pen support gives you a fresh way to capture your inspirations on the go. And thanks to long battery life, you can do so all day and into the night.
