

TKL FORM FACTOR FOR FPS

ROG Strix Scope TKL Deluxe is a high-performance mechanical gaming keyboard with a small footprint, freeing up space on your worktop for broader mouse movements – perfect for the lower sensitivity settings that slow the reticle for leveled-up aiming accuracy. The keyboard is topped with an aluminum faceplate for everyday resilience, and finished with a striking slash aesthetic for a little touch of style.

MADE FOR PORTABILITY

The compact and frameless design of ROG Strix Scope TKL Deluxe is ideal for minimalists, or those who simply need more space. The keyboard comes with a detachable cable, making it easier and safer to stow and carry in a backpack. The Type-C cord also doubles as a charging lead for mobile devices while on the go.

READY FOR DAY & NIGHT

The Quick-Toggle Switch prepares ROG Strix Scope TKL Deluxe for gaming or the daily grind, toggling the top row between media or function (Fn) key input – so it's easy to switch modes for work or play. The keyboard is topped with an aluminum faceplate for everyday resilience, and finished with a striking slash aesthetic for a little touch of style.

QUICK-TOGGLE SHORTCUT

INSTANT PRIVACY

A quick tap of ROG Strix Scope TKL Deluxe's Stealth key instantly hides all apps and mutes all audio, assuring privacy the moment you need it. Decorated with an iconic cloaked-figure motif, a second push of Stealth puts everything back to just the way it was.

AURA SYNC

ROG Strix Scope TKL Deluxe is loaded with vibrant RGB illumination for you to command. There's an individual RGB LED under every key, RGB lock indicators and an RGB ROG logo. It even projects an arresting RGB underglow from below, extending the lighting beyond the keyboard. Powered by Aura Sync, the entire color spectrum and a range of dynamic lighting effects are at your command to create a complete system that's uniquely yours. Strix Scope TKL Deluxe's lighting is also easily synced with the extensive Aura ecosystem, so it's easy to build a gaming environment that really shines.

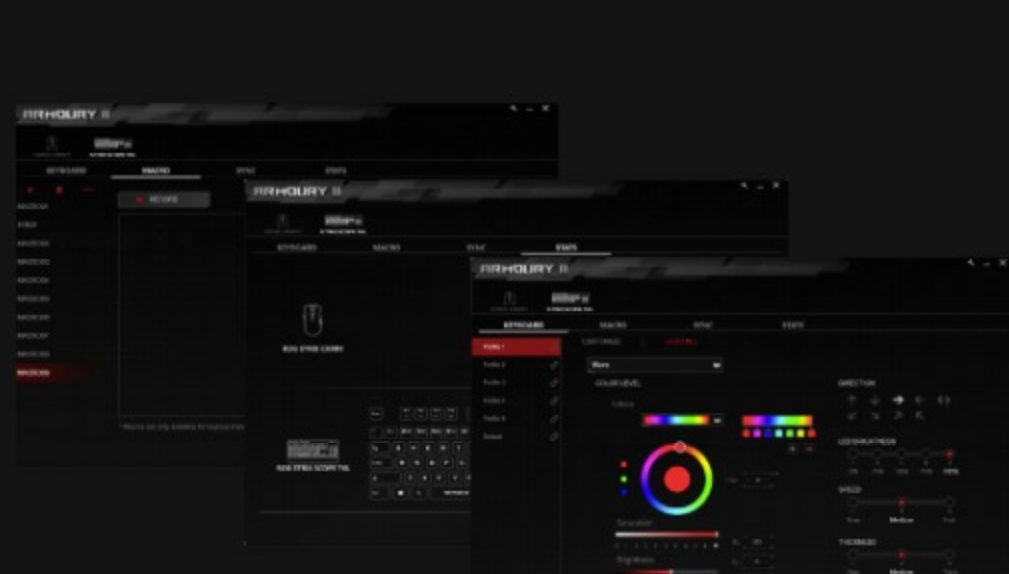

Note: Lighting synchronization between ROG mice and keyboards is controlled via Armoury II software, while synchronization with other components is enabled via ASUS Aura software.

ARMOURY II

Armoury II is an enhanced driver-based software that offers more extensive controls. An intuitive UI lets you easily tune ROG Strix Scope TKL Deluxe to suit your gameplay – create profiles, customize colors and lighting effects, map keys, record macros and more. You can even track hardware stats during gameplay for data analysis.

MAGNETIC & ERGONOMIC WRIST REST

ROG Strix Scope TKL Deluxe comes with an ergonomic wrist rest that's filled with soft padding and finished with leatherette, for cool comfort that molds naturally to your posture. Strong magnets keep this cushioned pad in place during play, and also enable it to be rapidly detached when you need to change your angle of attack or stow your keyboard in a bag.

CHERRY MX RGB MECHANICAL SWITCHES

Constructed with Cherry MX RGB switches, ROG Strix Scope TKL Deluxe delivers the precise mechanical feel preferred by gamers and enthusiasts alike. The premium-quality switches are manufactured in Germany, and are renowned for offering optimal actuation and responsiveness with every keystroke.

RED BROWN BLUE SPEED SILVER SILENT RED

- Linear response with audible click
- Smooth keystrokes with a softer spring for fast and precise actuation
- Actuation: 45g
- Key-travel distance: 2mm to actuate, 4mm to bottom

“ Gamers love responsive mechanical keystrokes, so the Cherry MX switches were the obvious choice for ROG Strix Scope TKL Deluxe. The attention to detail that results in innovative features like the engaged Xccurate Design Ctrl key, made with FPS players in mind, excites us greatly. ”

-Michael Schmid, Head of MX Technology Marketing at Cherry GmbH.

ONBOARD MEMORY
