

Work efficiently easily

Designed for smart learning, IdeaPad 5 15.6" AMD has a thinness of 17.9-19.9 mm, making it an easily portable device. Graphite grey in color, its case consists of an Aluminum top and a PC+ABS plastic bottom.

Designed to perform

Powered by AMD Ryzen 5 5500U processor, IdeaPad 5 comes with 8 GB RAM that gives you effective performance. With storage capacity of up to 512 GB SSD, it provides enough room for all your smart ideas!

Work With Comfort

This slim and lightweight device comes with a 15.6 inch FHD IPS display that provides a comfortable experience to you and your eyes. Its anti-glare screen ensures the kind of eye care needed for long hours of work from anywhere.

Sound That Counts

To add to your overall experience, Ideapad 5 15.6" AMD comes with 2WX2 user facing stereo speakers. These are tuned with Dolby Audio that essentially provides you with an immersive and effective audio experience.

Idea that lasts longer

This IdeaPad comes with an integrated 57Wh battery and a 65W round tip power adapter for fast and efficient charging. With a battery life of 12 hrs, it provides you an uninterrupted working experience.

IdeaPad 5 15.6" AMD not only makes it easy and convenient for you to use it, but also takes care of your security. While on one hand its backlit keyboard helps you type while it's dark, on the other hand its fingerprint reader and camera with privacy shutter ensures you're protected.
