

Legion headset and mouse sold separately

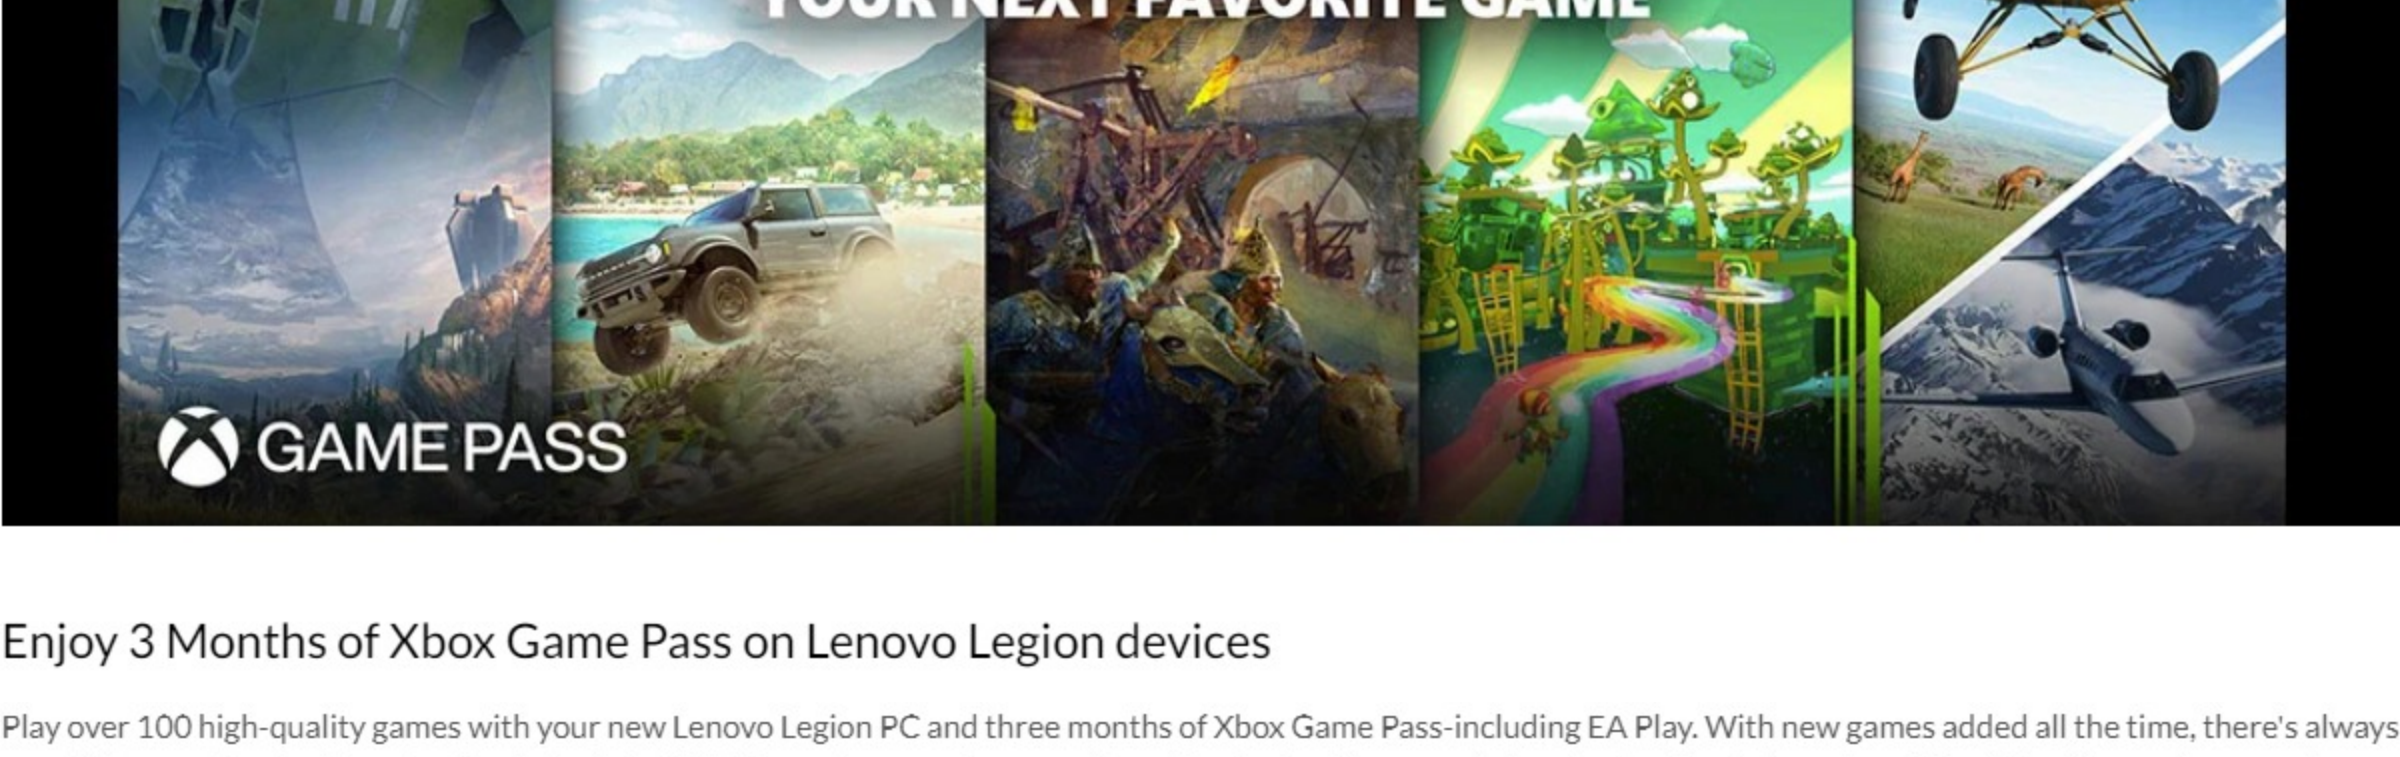

Pure gaming adrenaline, unplugged, from AMD Ryzen™ 6000 Series processors

Speed meets endurance when you play with a gaming laptop powered by AMD Ryzen™ processors. Seize the pure performance you need to win, without compromising battery life.

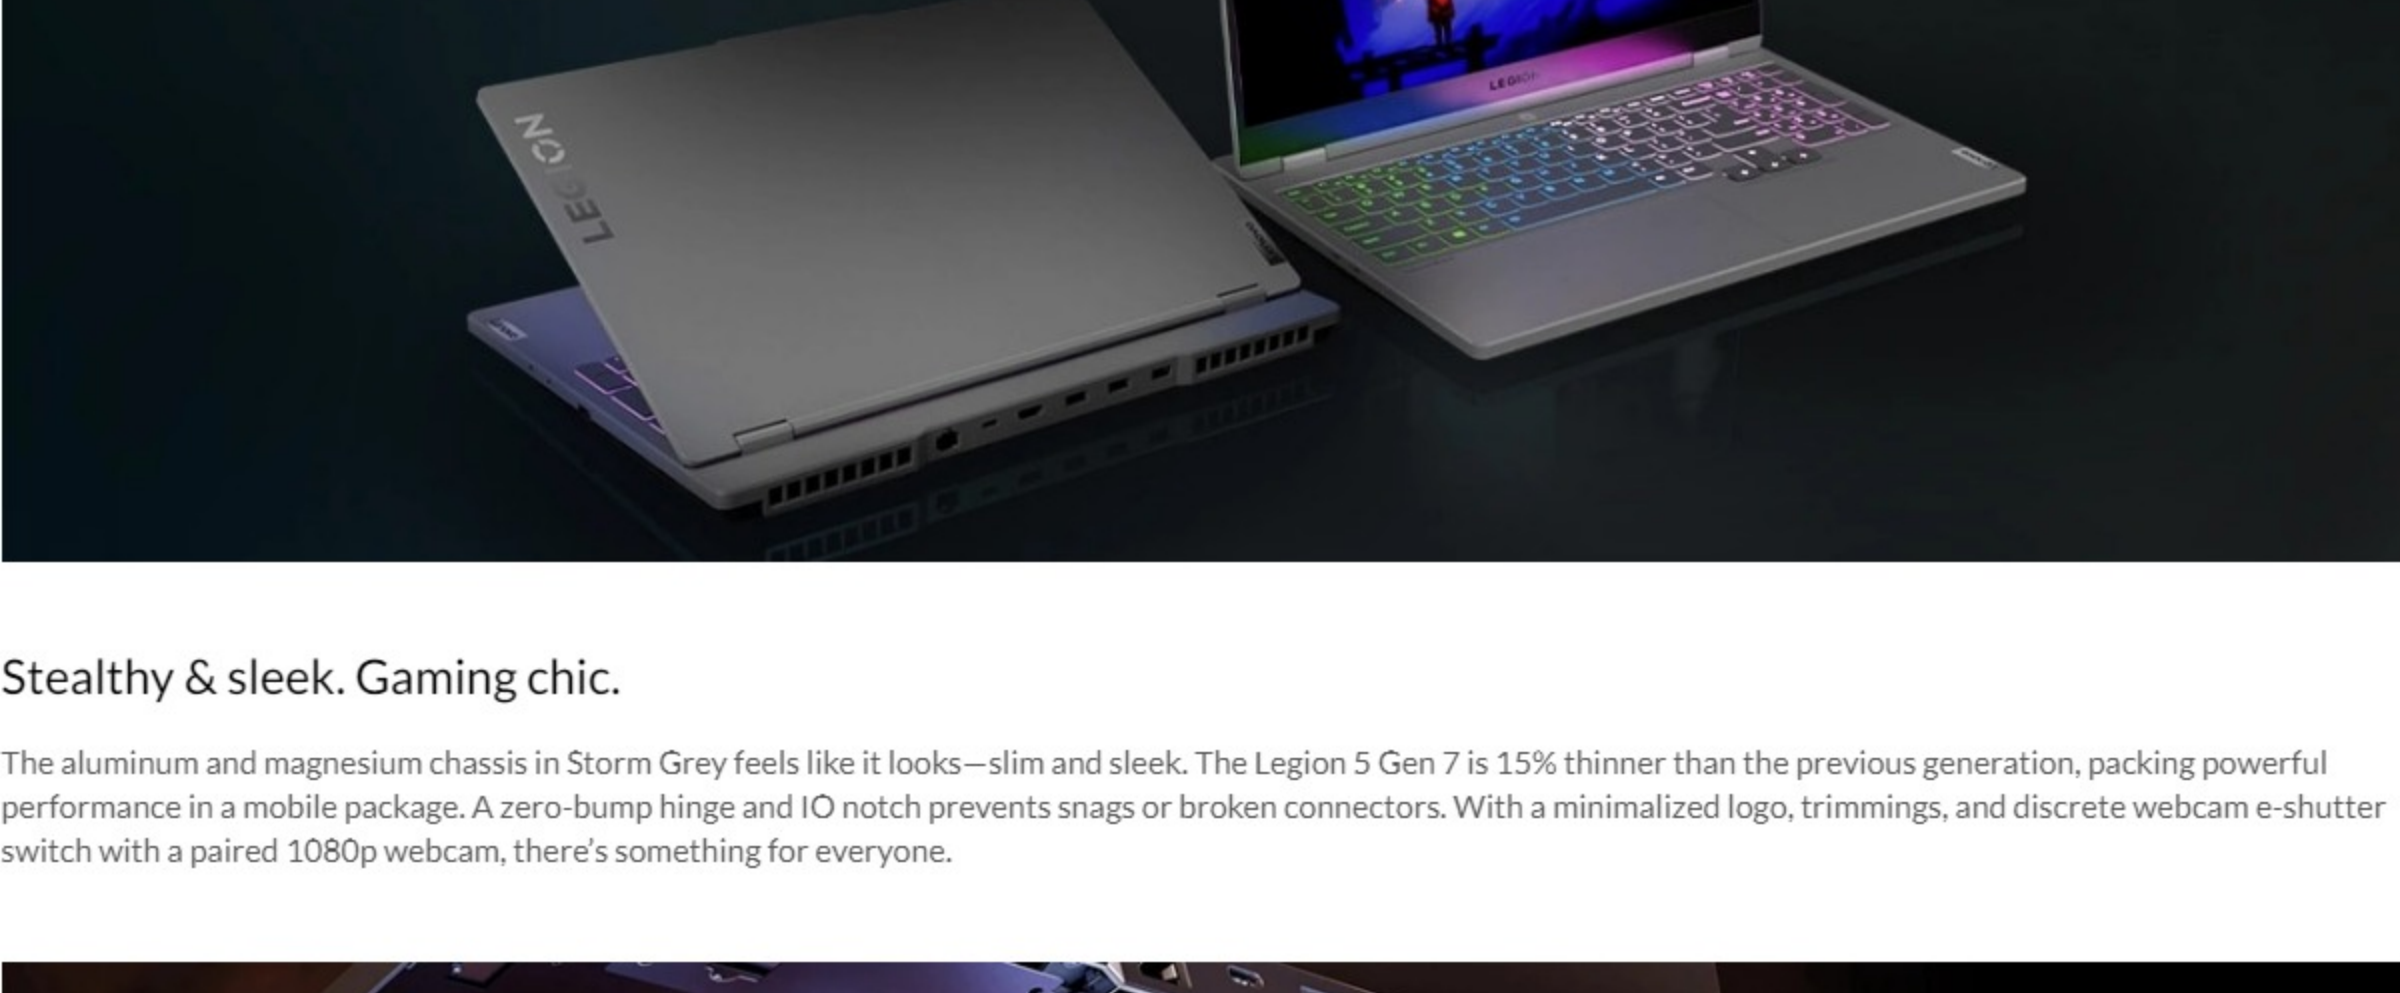

Fully powered NVIDIA® GeForce RTX™ 30 Series laptop GPUs power the world's fastest laptops

NVIDIA® GeForce RTX™ 30 Series Laptop GPUs power the world's fastest laptops for gamers and creators. They're built with Ampere—NVIDIA's 2nd gen RTX architecture—to give you the most realistic ray-traced graphics and cutting-edge AI features like NVIDIA DLSS. New technologies utilize AI to enable thin, high performance laptops that are faster and better than ever.

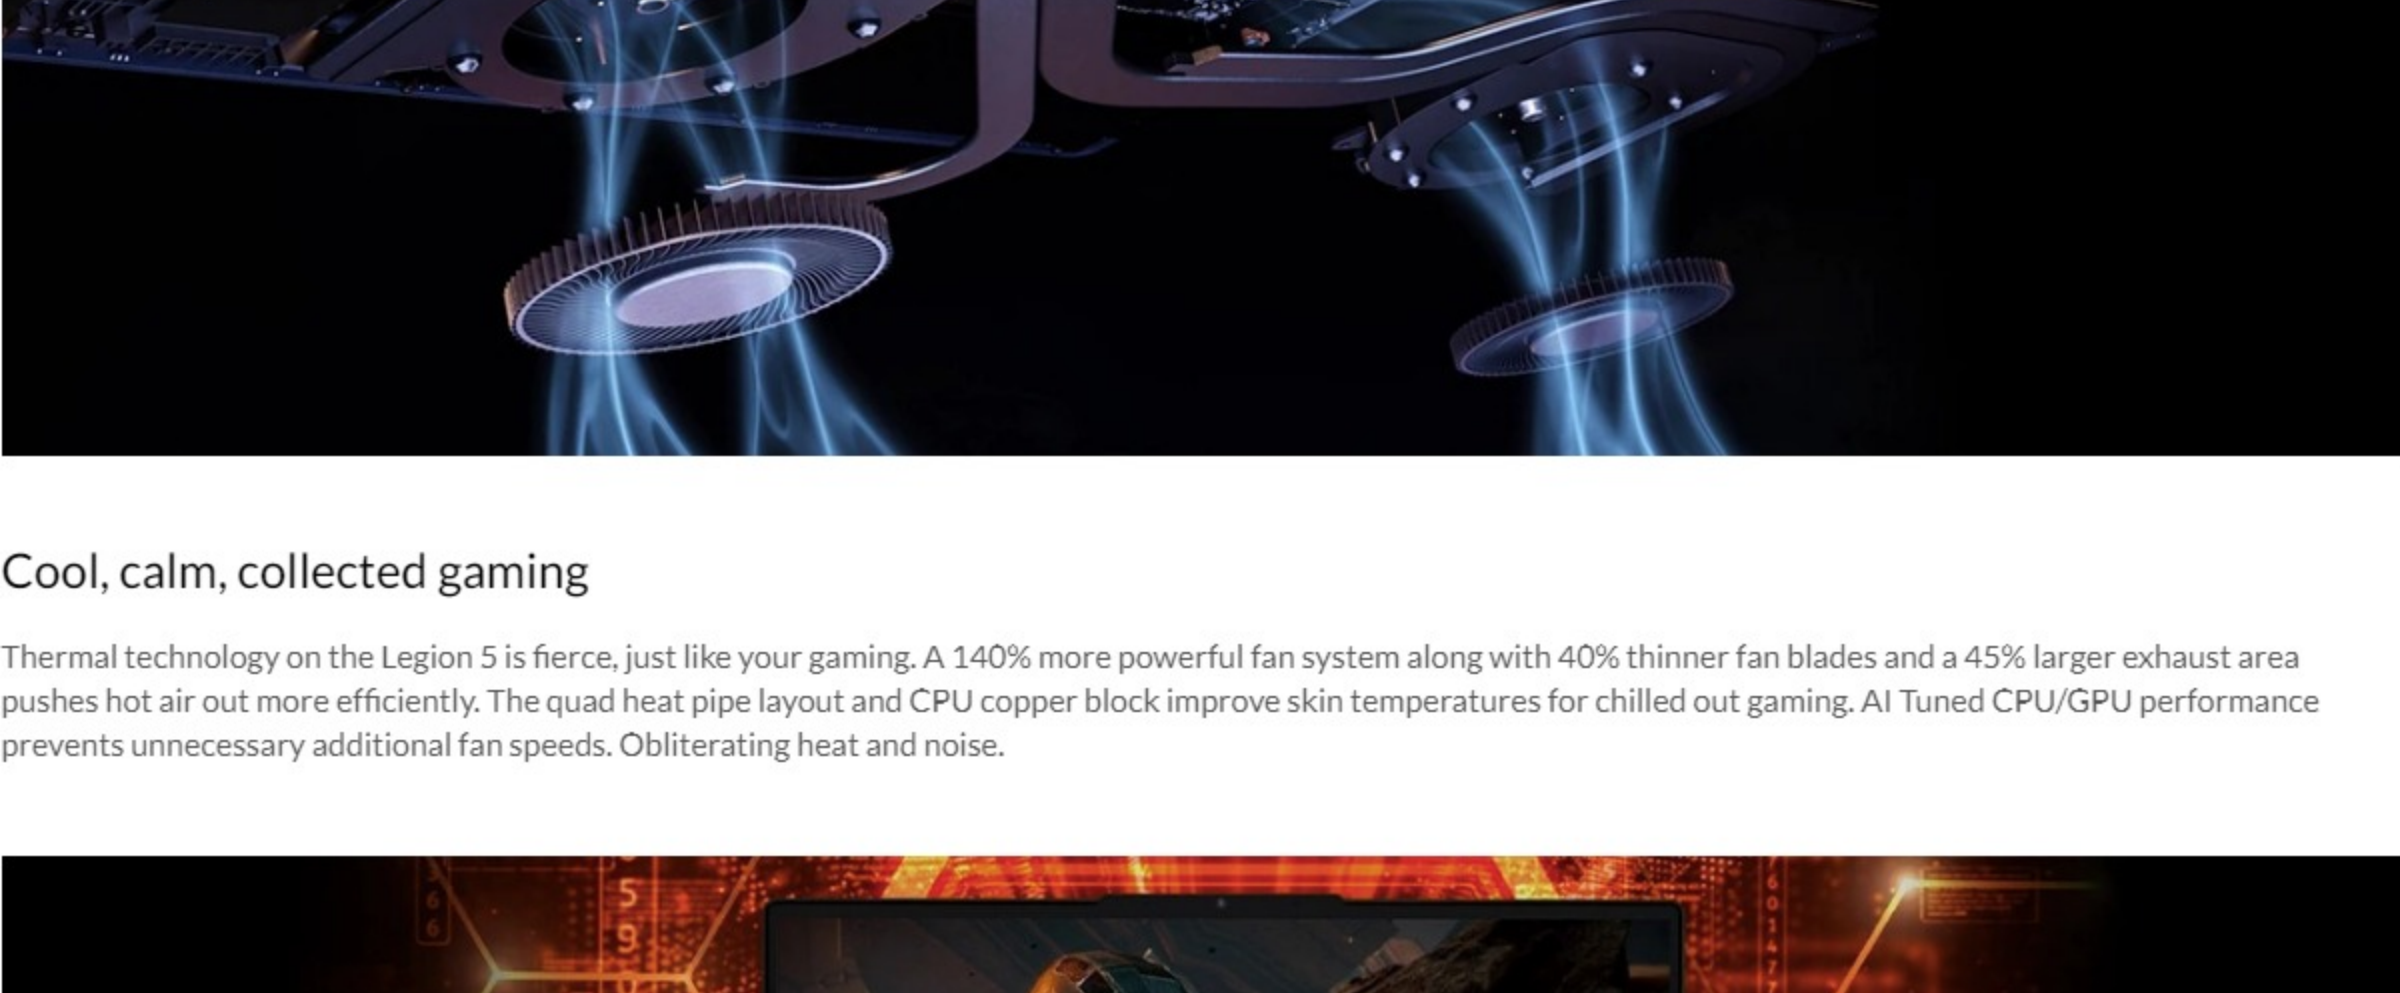

Enjoy 3 Months of Xbox Game Pass on Lenovo Legion devices

Play over 100 high-quality games with your new Lenovo Legion PC and three months of Xbox Game Pass—including EA Play. With new games added all the time, there's always something new to play. Download and play in full fidelity or play console games from the cloud with connected controller. Ready to redeem? See <https://www.xbox.com/en-offer>.

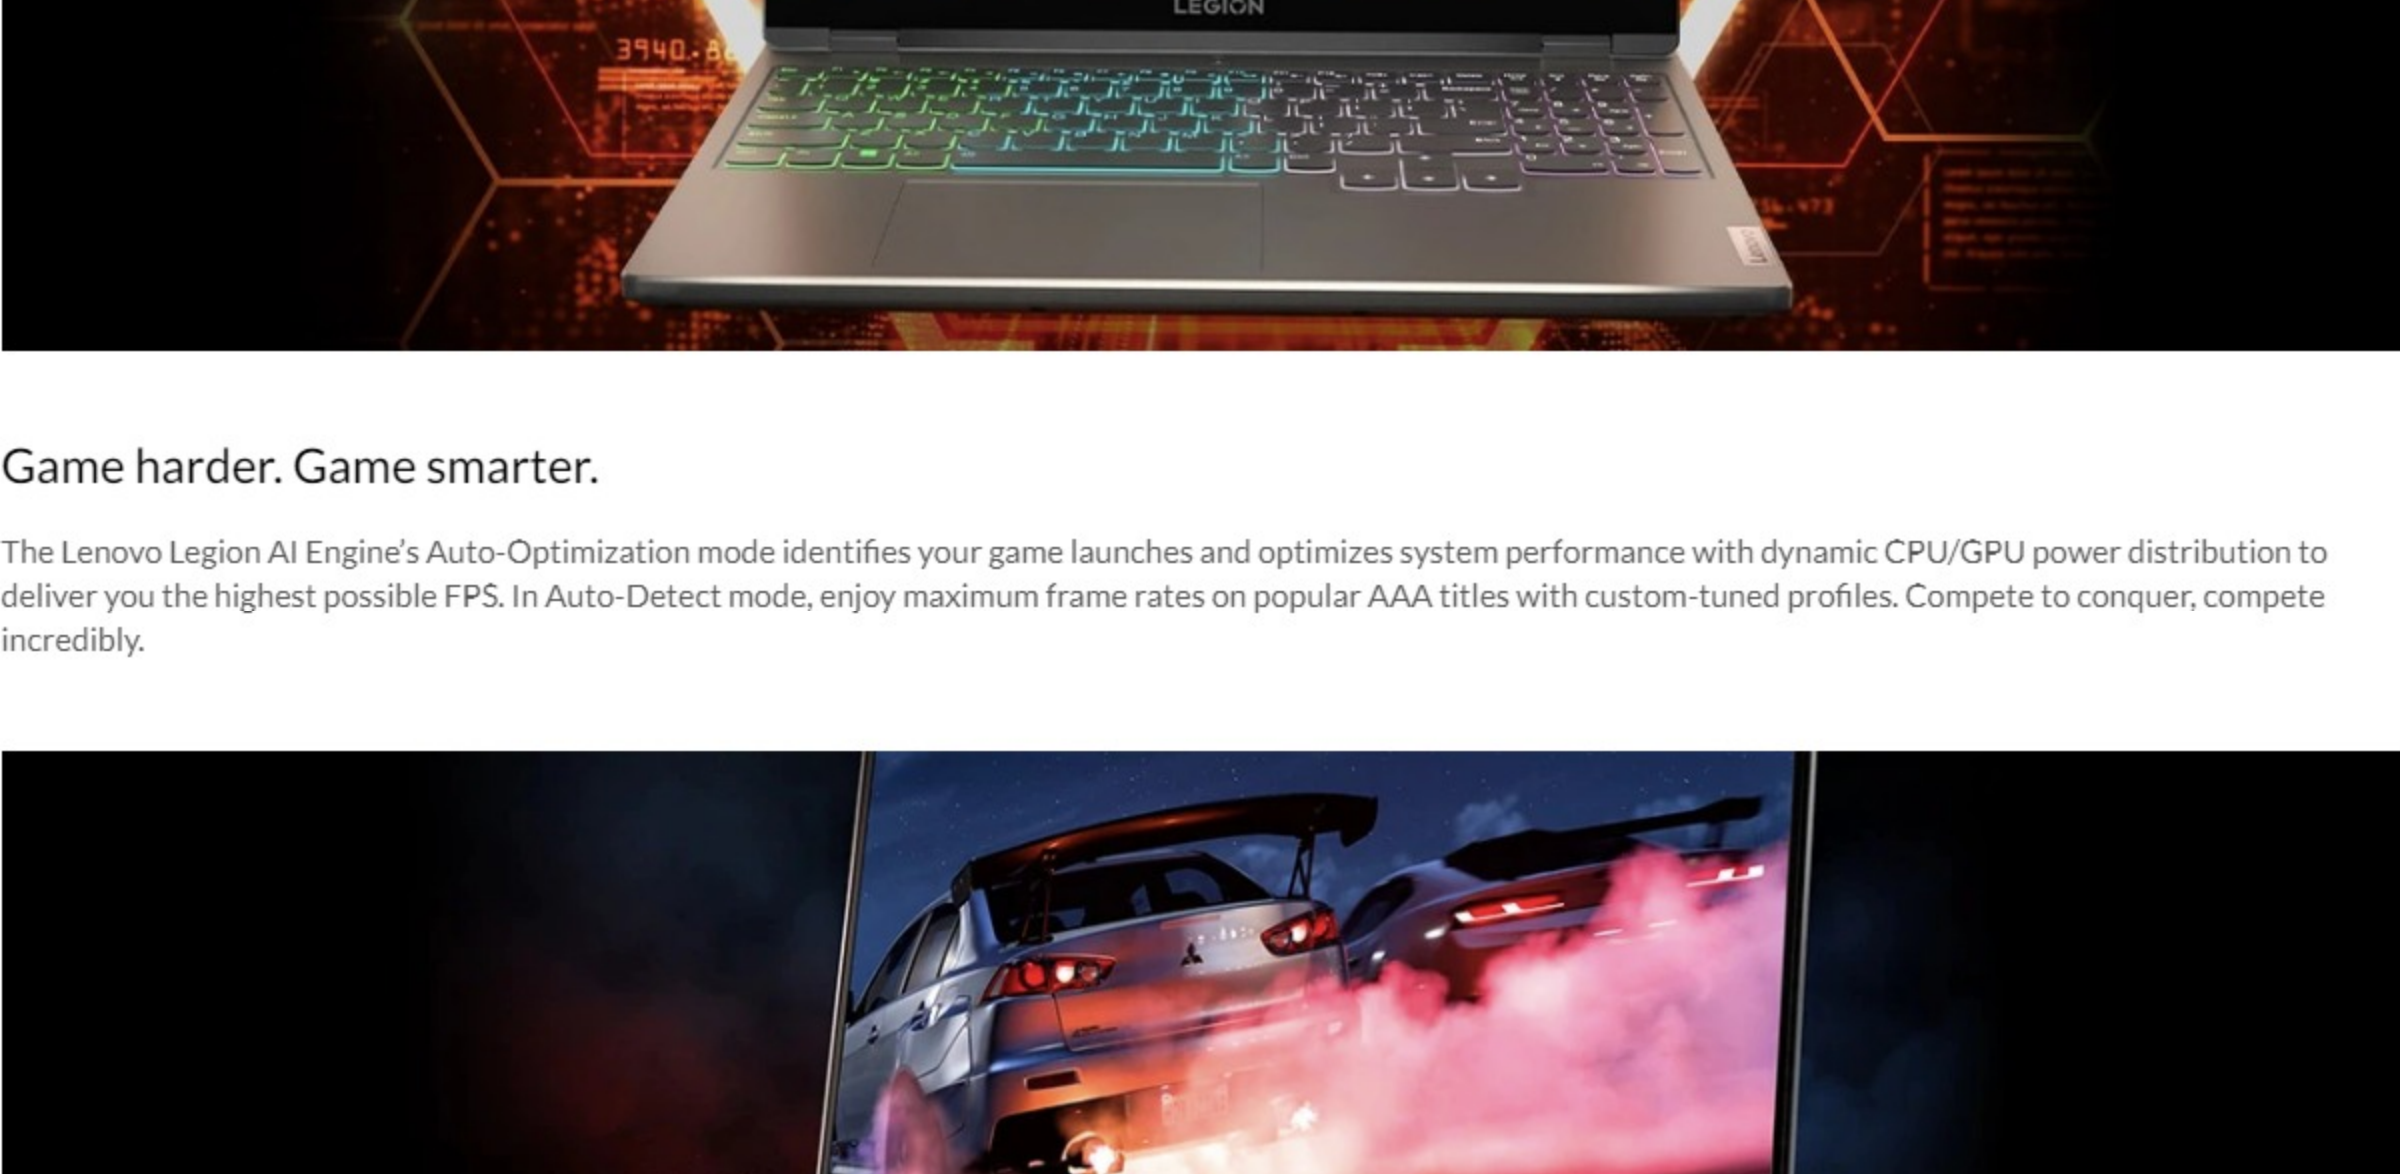

Stealthy & sleek. Gaming chic.

The aluminum and magnesium chassis in Storm Grey feels like it looks—slim and sleek. The Legion 5 Gen 7 is 15% thinner than the previous generation, packing powerful performance in a mobile package. A zero-bump hinge and IO notch prevents snags or broken connectors. With a minimized logo, trimmings, and discrete webcam e-shutter switch with a paired 1080p webcam, there's something for everyone.

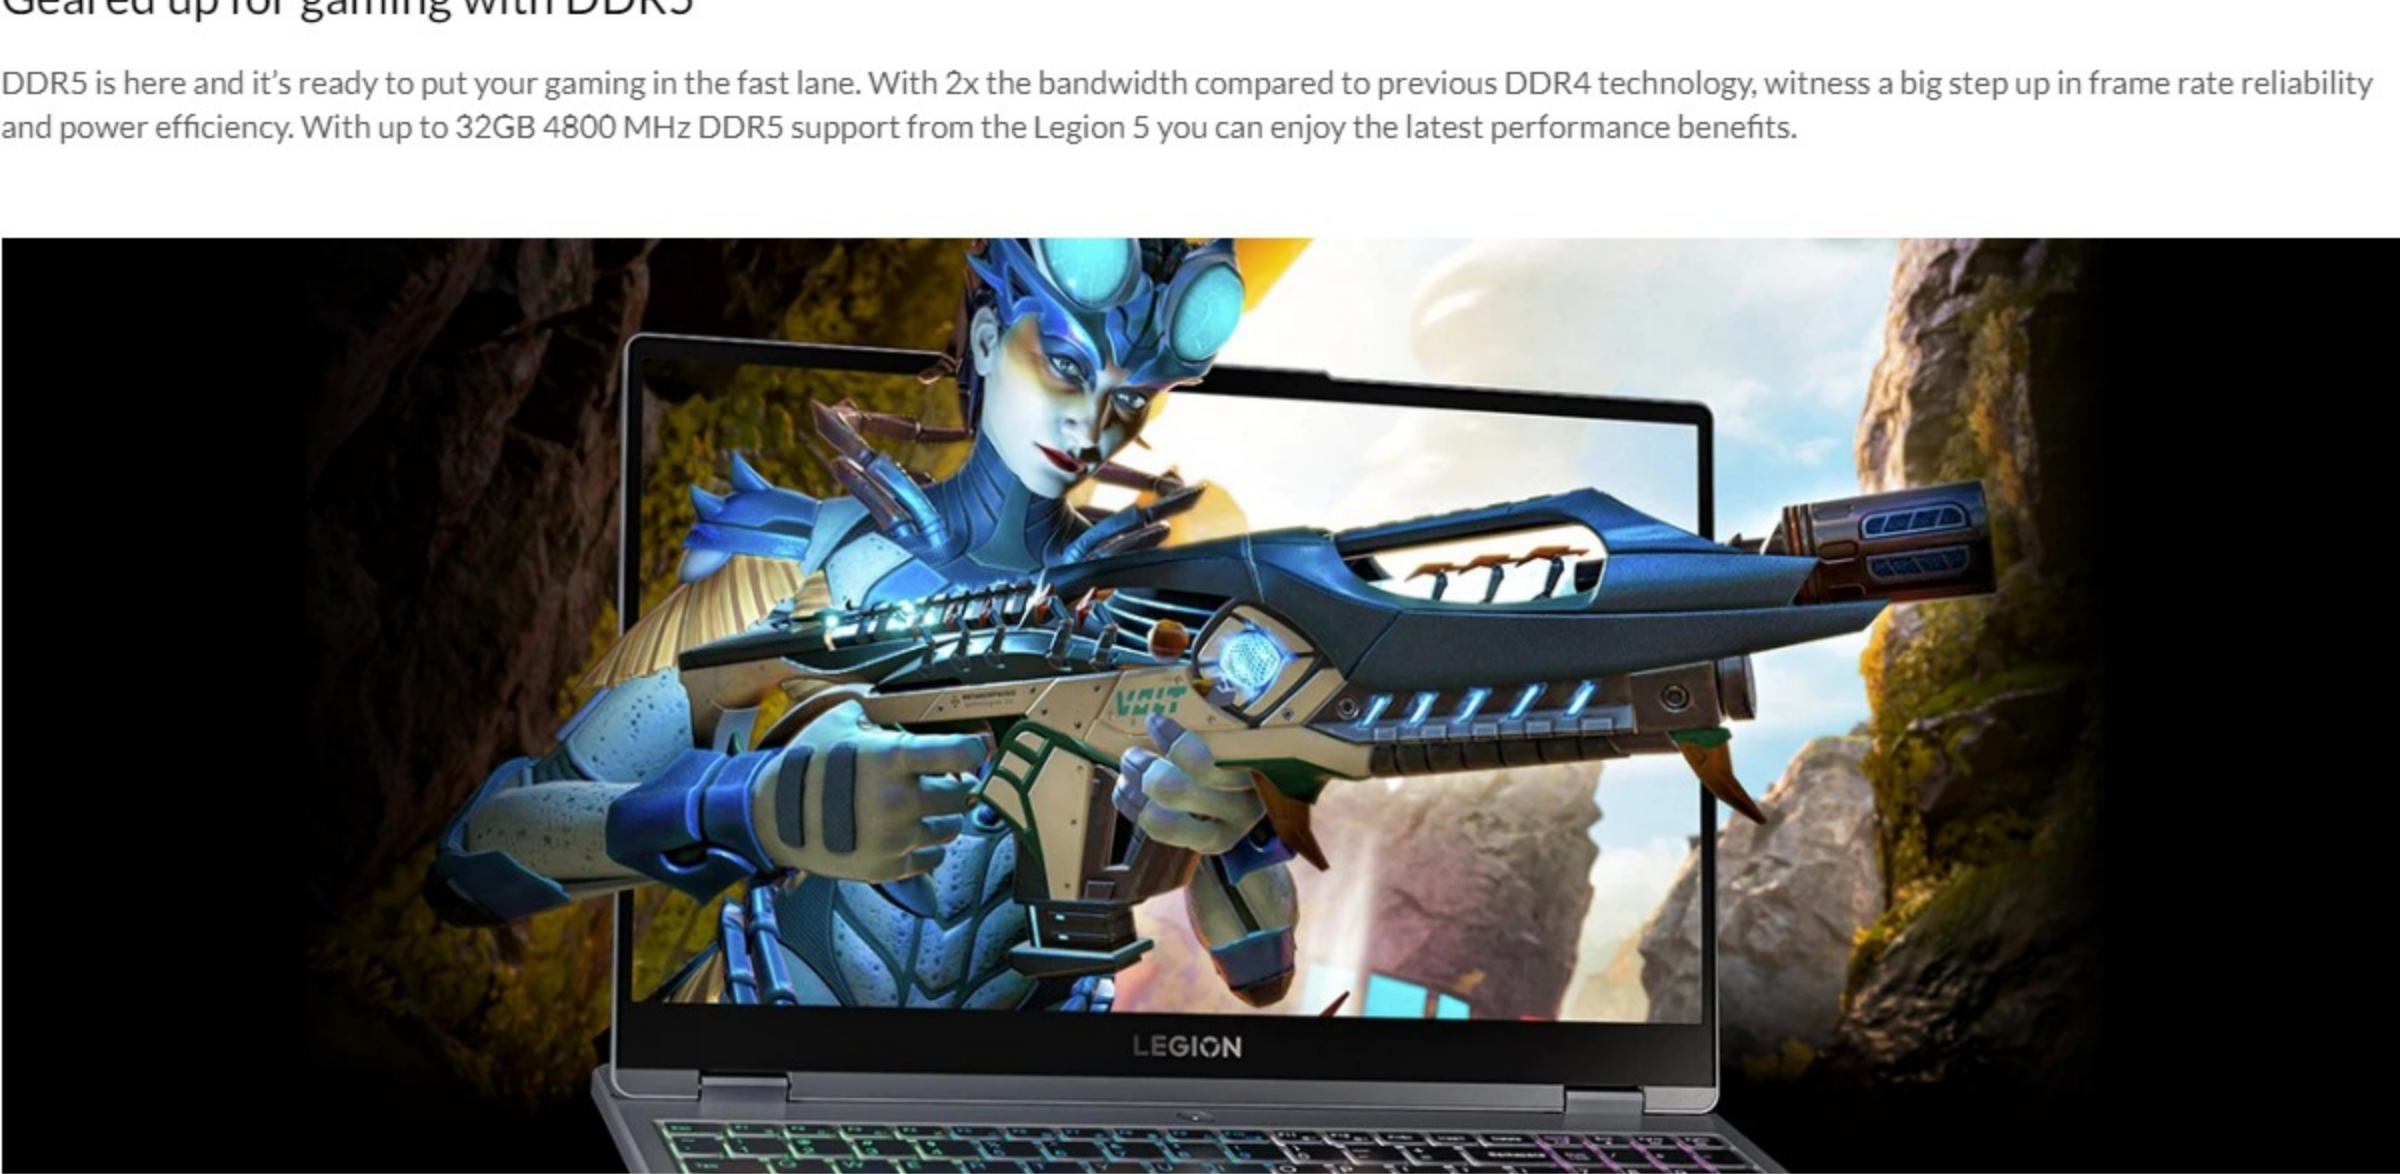

Cool, calm, collected gaming

Thermal technology on the Legion 5 is fierce, just like your gaming. A 140% more powerful fan system along with 40% thinner fan blades and a 45% larger exhaust area pushes hot air out more efficiently. The quad heat pipe layout and CPU copper block improve skin temperatures for chilled out gaming. AI Tuned CPU/GPU performance prevents unnecessary additional fan speeds. Obliterating heat and noise.

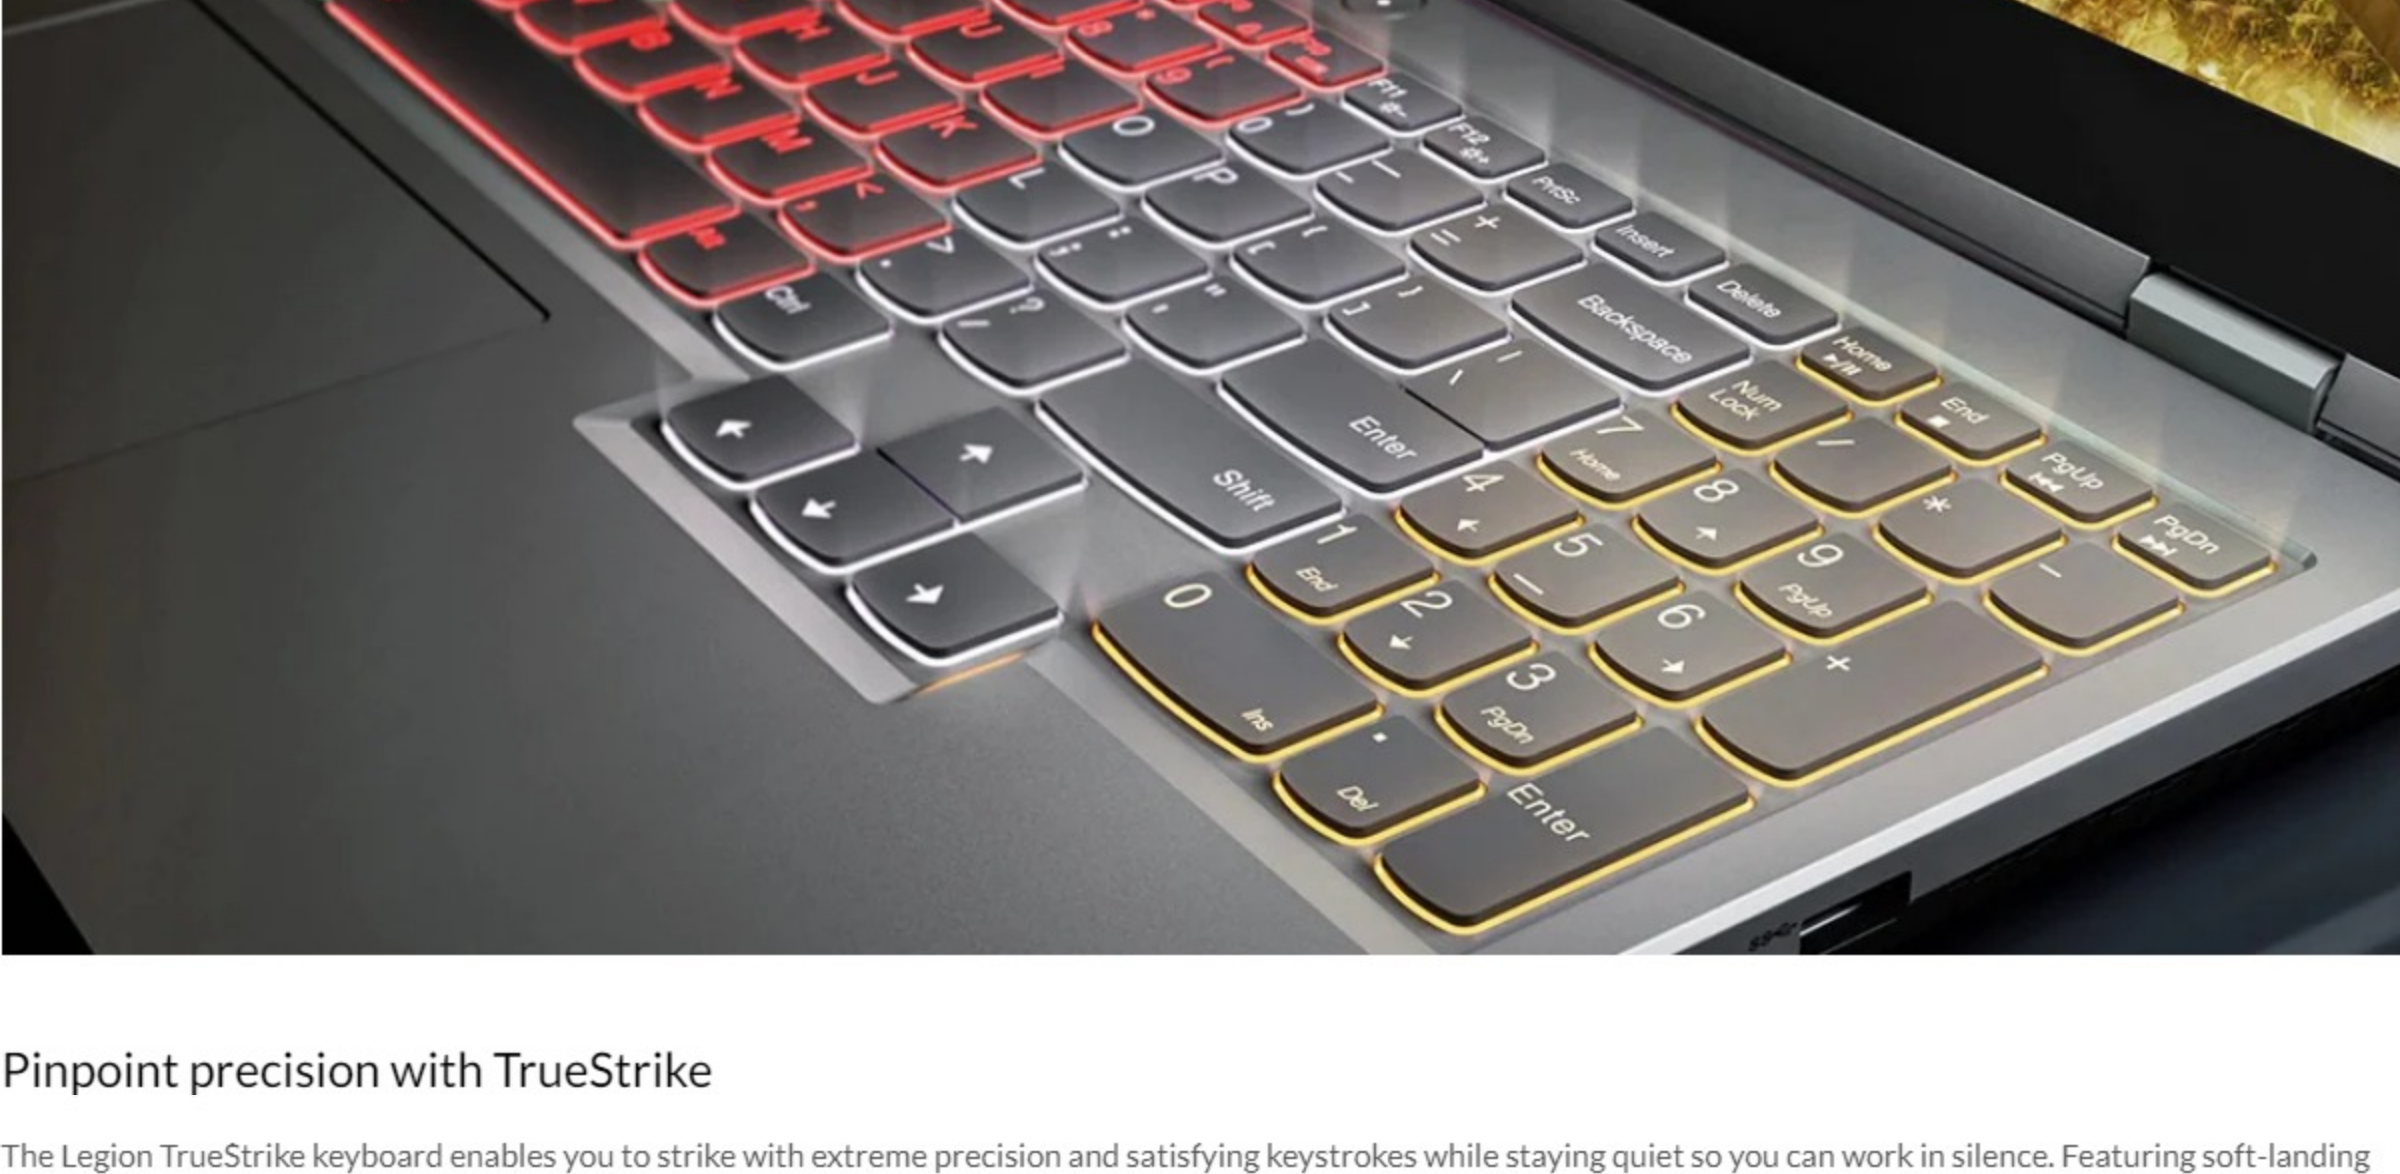

Game harder. Game smarter.

The Lenovo Legion AI Engine's Auto-Optimization mode identifies your game launches and optimizes system performance with dynamic CPU/GPU power distribution to deliver you the highest possible FPS. In Auto-Detect mode, enjoy maximum frame rates on popular AAA titles with custom-tuned profiles. Compete to conquer, compete incredibly.

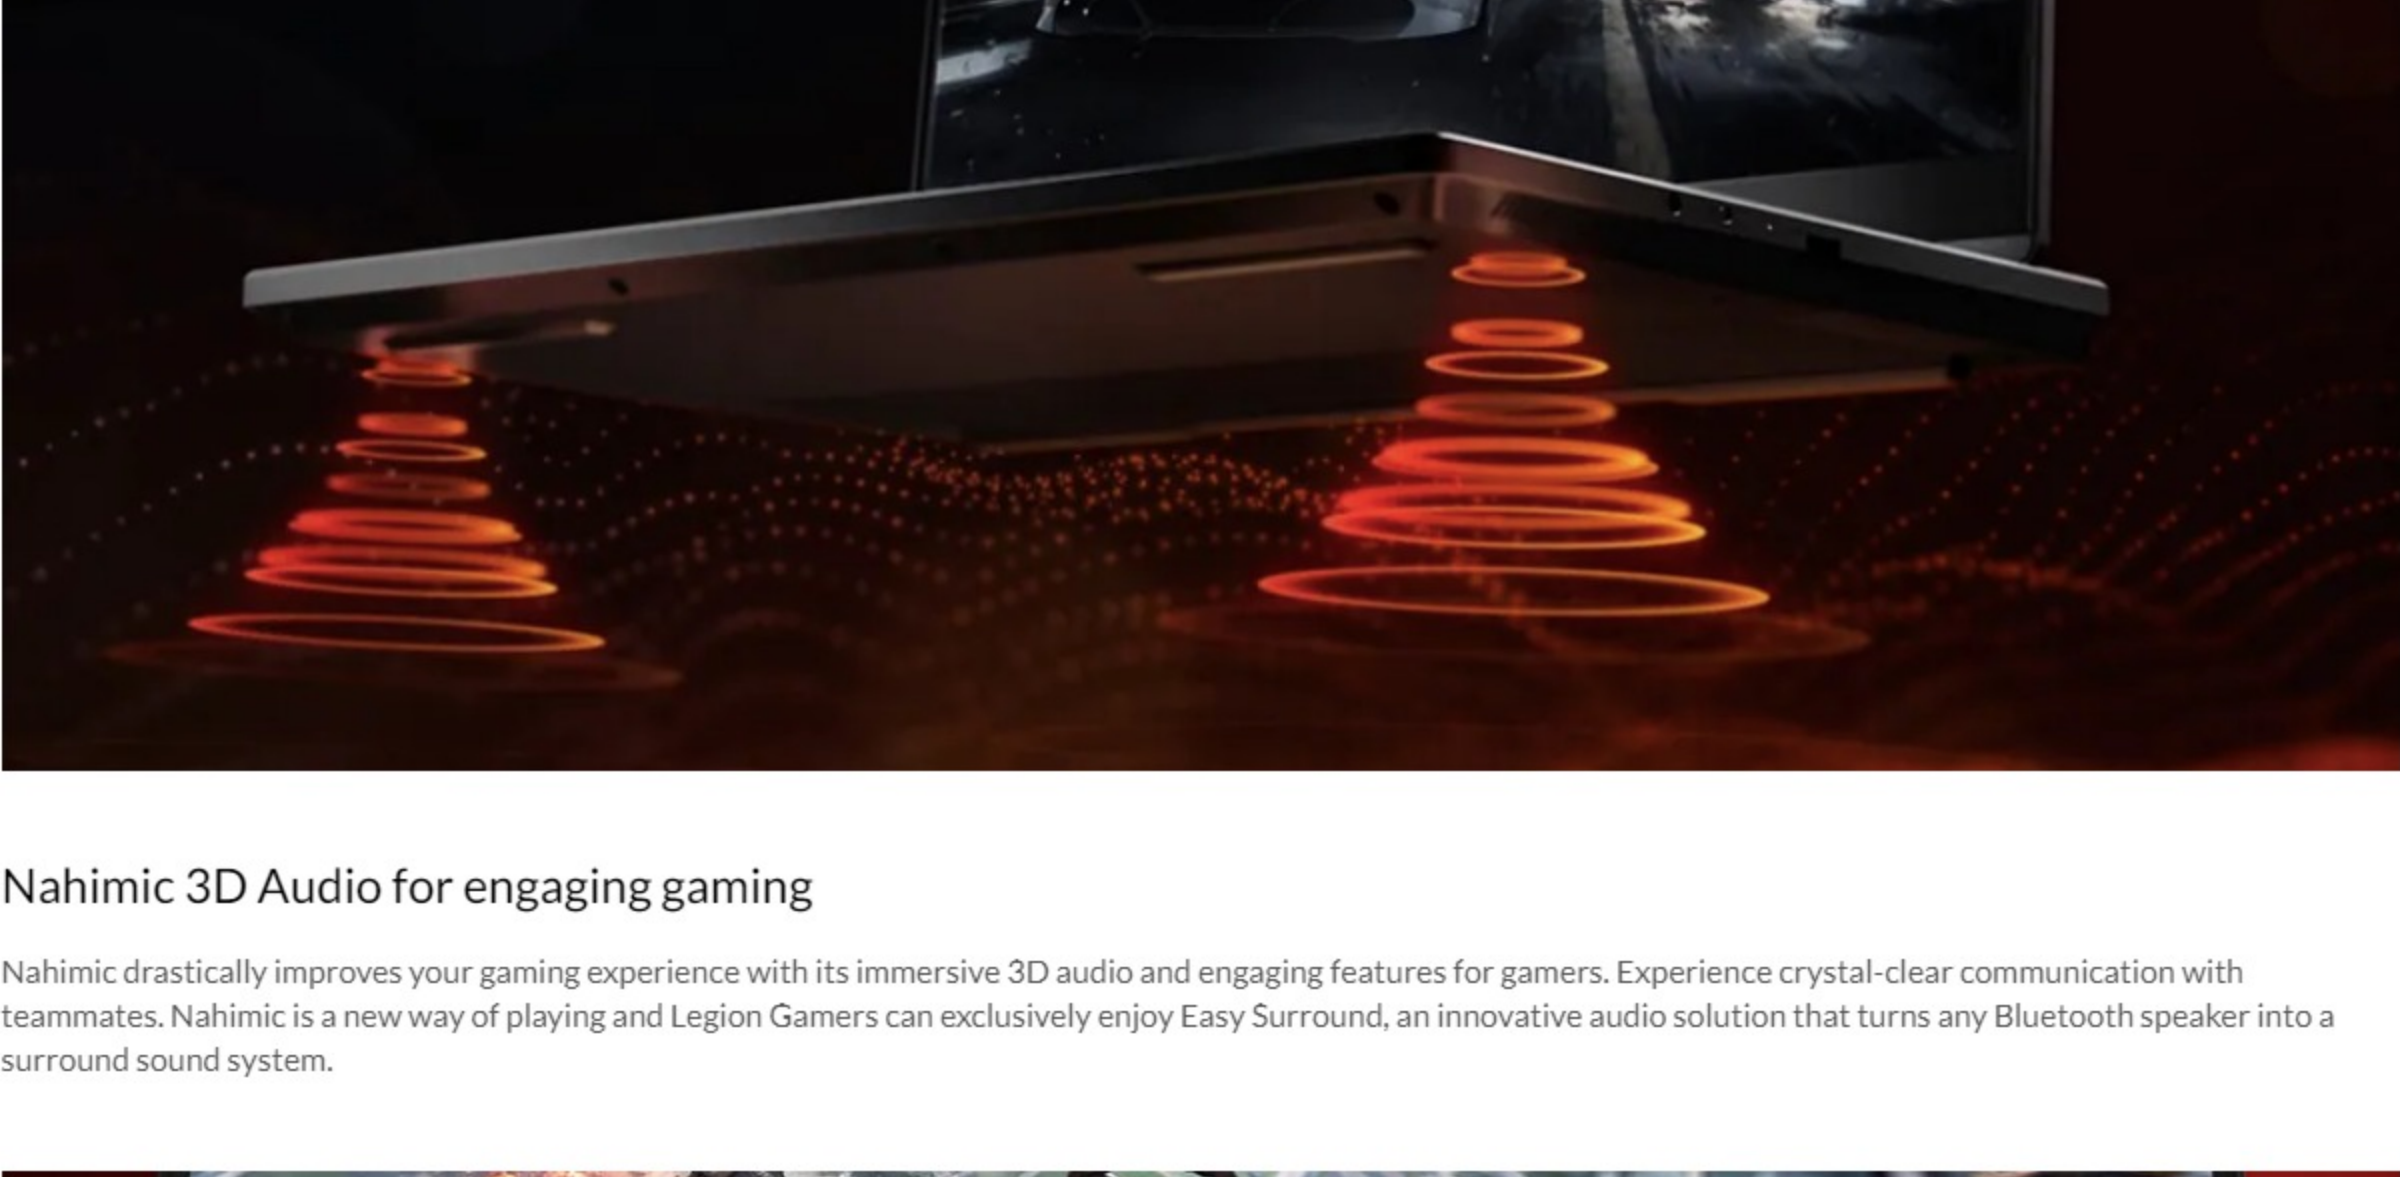

Geared up for gaming with DDR5

DDR5 is here and it's ready to put your gaming in the fast lane. With 2x the bandwidth compared to previous DDR4 technology, witness a big step up in frame rate reliability and power efficiency. With up to 32GB 4800 MHz DDR5 support from the Legion 5 you can enjoy the latest performance benefits.

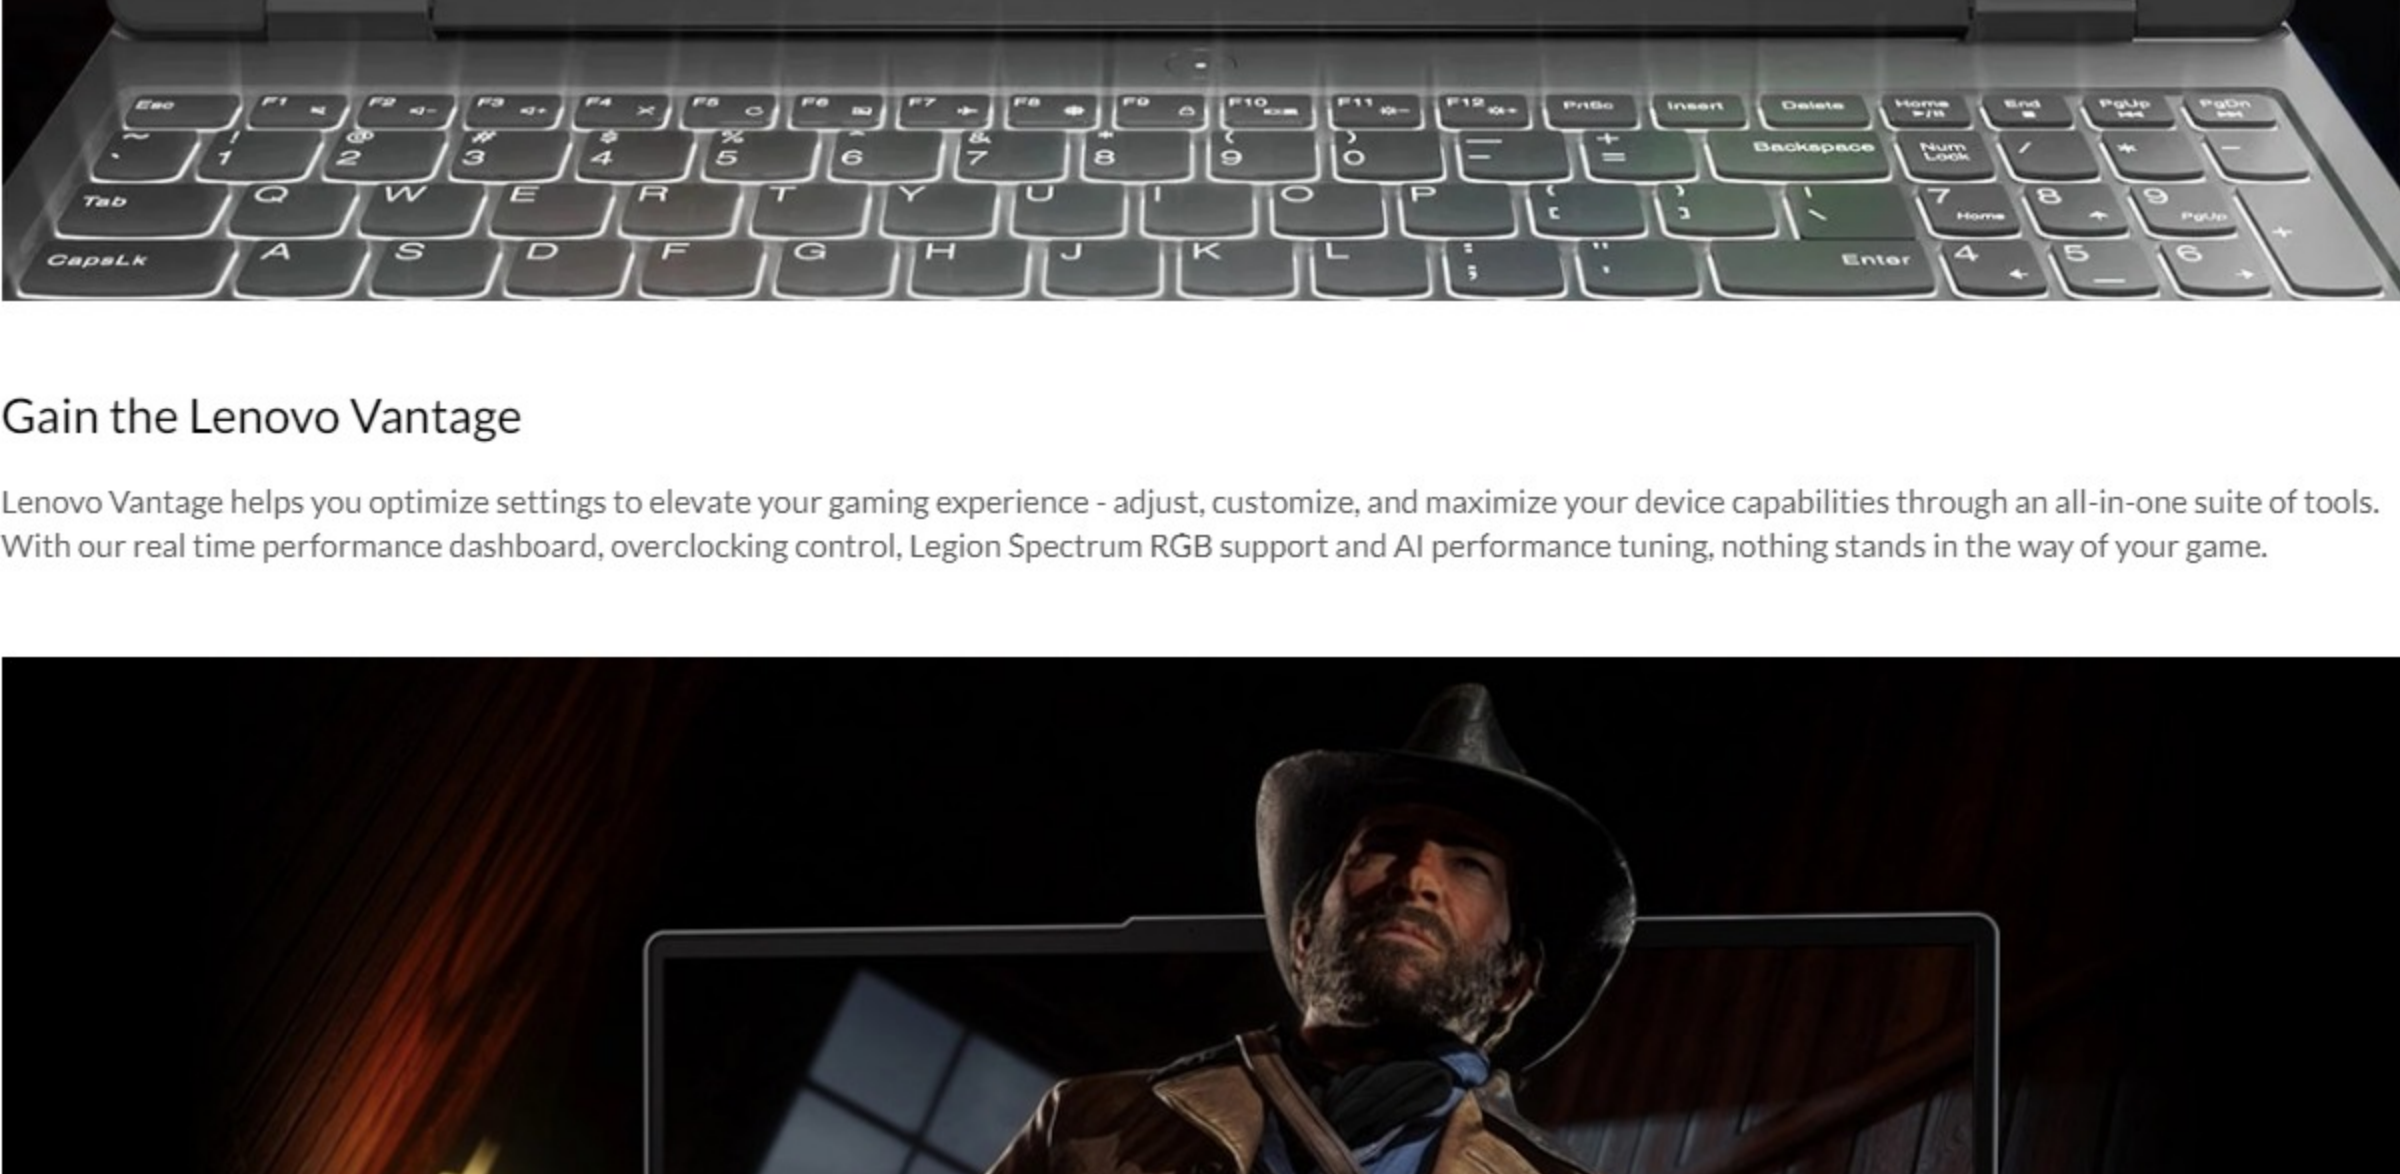

Aim to game in FHD

Witness victory on a 15.6" screen with FHD resolution that lets you employ super-human reflexes from 165Hz refresh rate and only 3ms response time thanks to OverDrive technology. And aim to game with purpose with AMD FreeSync™ and NVIDIA® G-SYNC® Compatible technologies.

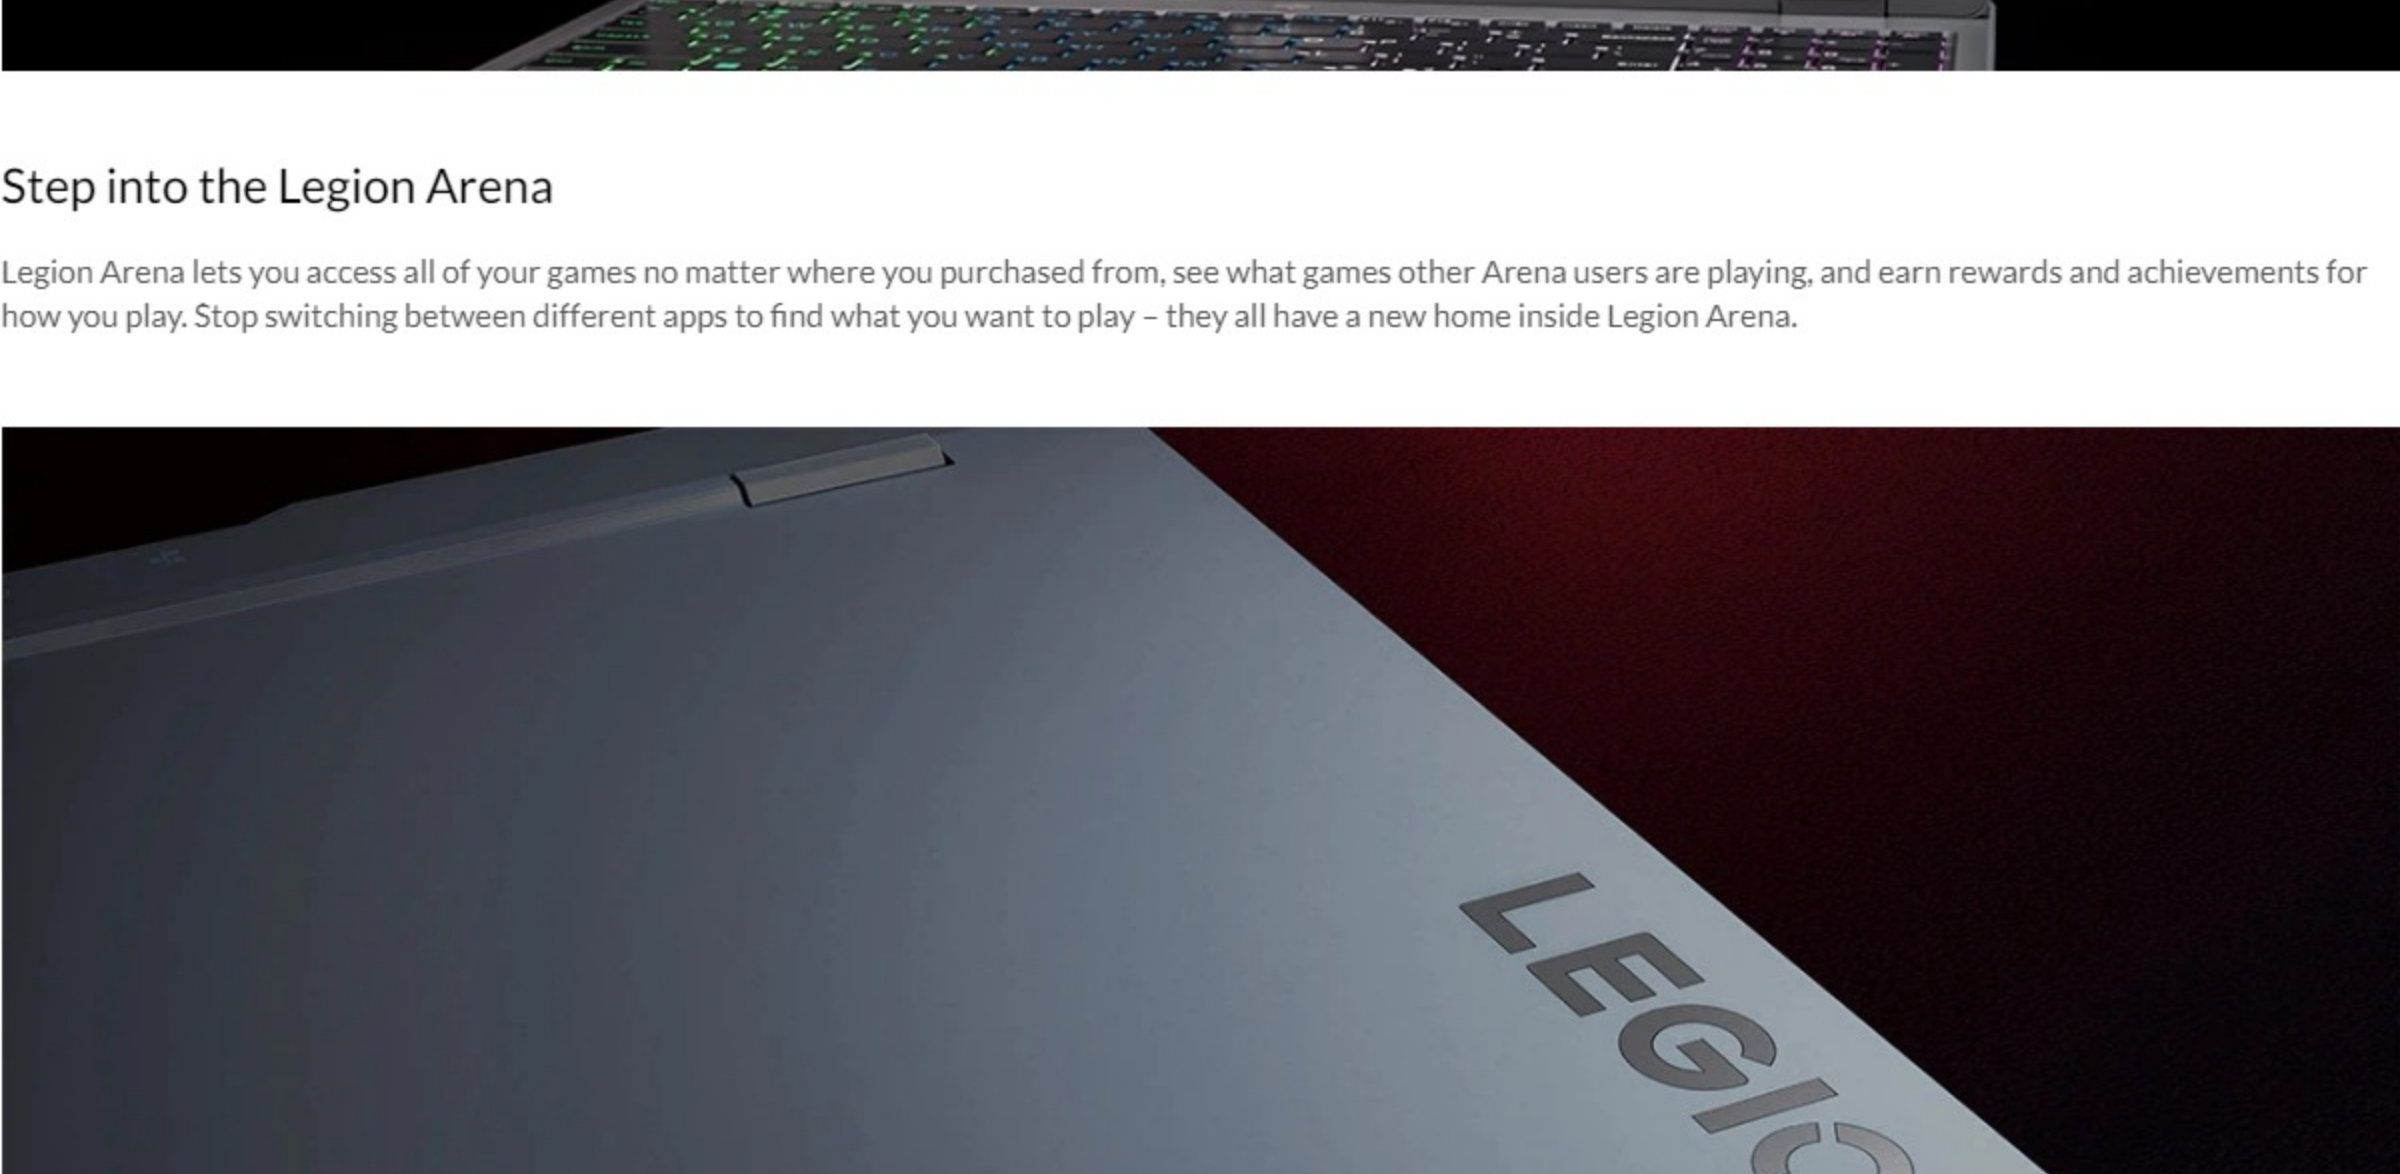

Pinpoint precision with TrueStrike

The Legion TrueStrike keyboard enables you to strike with extreme precision and satisfying keystrokes while staying quiet so you can work in silence. Featuring soft-landing switches that deliver deeper strokes with equal force on every strike, this keyboard provides the comfort you need to play at your best level. Never miss a shot with Legion Spectrum RGB, and a full-sized number pad and even larger arrow keys.

Nahimic 3D Audio for engaging gaming

Nahimic drastically improves your gaming experience with its immersive 3D audio and engaging features for gamers. Experience crystal-clear communication with teammates. Nahimic is a new way of playing and Legion Gamers can exclusively enjoy Easy Surround, an innovative audio solution that turns any Bluetooth speaker into a surround sound system.

Step into the Legion Arena

Legion Arena lets you access all of your games no matter where you purchased from, see what games other Arena users are playing, and earn rewards and achievements for how you play. Stop switching between different apps to find what you want to play – they all have a new home inside Legion Arena.
