Origin

Come From Future

Venus is a ballistic soldier from future who wears a zinc alloy armour. Its crazy bass can take you to musical expeditions. Moreover, telepathy in their tribe enables sounds to come out of 2 speakers at the same time, providing you an immersive theater experience at home.

Cartoon

Futuristic Warrior

Earth is just one floating planet in the solar system and one tiny dust in the boundless universe. Have you ever been mesmerised by science fiction and curious about what outer space and future might be like?

Venus' Family

Shadow Black

Dawn White

Flare Red
